(PROVINCE OF NEW MUNSTER.)

Published by Authority.

\*All Public Notifications which appear in this Gazette, with any Official Signature thereunto annexed, are to be considered as Official Communications made to those persons to whom they may relate, and are to be obeyed accordingly.

By His Excellency's Command,

ALFRED DOMETT, Colonial Secretary.

VOL. V.]

WELLINGTON, TUESDAY, JUNE 29, 1852.

[No. 15.

## NOTICE.

Colonial Secretary's Office, Wellington, 25th June, 1852.

HIS EXCELLENCY the Governor directs it to be notified that the Footpath hereinafter described, having been well and sufficiently made and completed for the use and accommodation of foot passengers, according to the provisions of the Footpath Ordinance, of Session 8, No. 12, is hereby declared to be a Public Footpath, and from and after the date hereof, shall be deemed and taken accordingly, to be a Public Footpath within the meaning of the said Ordinance.

The said Footpath runs from Willisstreet along Ghuznee and Boulcott Streets, over Wellington Terrace to Kumutoto.

By His Excellency's command,

ALFRED DOMETT, Colonial Secretary.

Colonial Secretary's Office, Wellington, 26th June, 1852.

HIS EXCELLENCY the Governor directs the publication of the fol-

lowing Report for general information.

By His Excellency's command,

ALFRED DOMETT,

Colonial Secretary.

Nelson, May 25th, 1852. To His Honor the Superintendent.

SIR,—I have now the honor to report the result of a visit I have made within these few days past, to the district supposed to contain copper in this vicinity.

The position of the Lode is in the immediate proximity of the "Dun Mountain," which I find to be rendered arid by the presence of mineral poisons, and partly to its being covered with large and loose masses of Gneiss and other primitive rocks, subversive of vegetation. The Lode is visible in the daylight far up a mountain higher than the "Dun Mountain," it is of great width, but being only the outcrop, it is impossible until trials are made, to say what its true thickness may be.

A casual observer would imagine there were several Lodes, the fact will, I expect, be found that at a little depth only they will all run into one strong Lode.

The entire region of this deposit is of a true Mineralogical character, very much resembling the mining ground around Dartmoor, on each side in Cornwall and Devon, and I have no doubt but that other Lodes exist, and will be brought to light hereafter in the immediate proximity of the one I am now speaking of; I have taken specimens from the Lode, which I this day forward to Sir H. De La Beche, and also to Mr. Percival Johnson, who is one of the oldest and best assayists in England.

I have very great pleasure in being able to inform you that, I believe, the Lode to contain very rich metal in very great abundance, and I can add, I never saw any lode, anywhere, present such decided appearance of metal at its out crop as at this spot. The country around its locality is very lofty, precipitous, and rugged, which although it entails considerable

expense and skill in laying out the line of transport to a shipping place, is in other respects advantageous, inasmuch as very extensive mining operations may be carried on for a long course of years without any necessity for pumps or steam engines. I beg also to bring under your Honor's notice the fact of having ascertained the existence of very pure Limestone in amazing abundance on the route between Nelson and the mine.

I beg to conclude this necessarily incomplete Report, with the expression of my decided and firm belief that there is reasonable and sufficient grounds to expect, we have a valuable article of export at our command.

I have the honor to be Your Honor's obedient servant, W. L. WREY. 

# CROWN GRANTS.

Colonial Secretary's office. Wellington, 25th June, 1852.

THE undermentioned Deeds of Grant having been duly executed, will be ready for issue at the Office of the Commissioner of Crown Lands, at Wellington, on and after the 28th Instant, between the hours of eleven and two, on payment of the sum of Twenty Shillings on each Grant, under the provisions of the "Fees on Crown Grants Ordinance," Session VII. No. 11

In cases where it is impossible for the person entitled to receive the Grant to attend in person to receive his Deed, it will be delivered to the bearer of an authority according to the subjoined form, certified by a Magistrate, or by a Solicitor of the Supreme Court.

## FORM OF AUTHORITY ABOVE REFERRED TO.

I MEREBY authorize A.B., of in my favour, for

to receive the Deed of Grant

Signature.

Witness

Signature of a Magistrate, or of a Solicitor of the Supreme Court.

## WELLINGTON DISTRICT.
