**H**IS Excellency the Governor-in-Chief has been pleased to direct the publication of the subjoined despatches, lately received from the Right Honorable the Secretary of State for the Colonies.

By His Excellency's command,  
C. A. DILLON,  
Civil Secretary.

Downing Street,  
1st June, 1848.

Sir,

It has become my melancholy duty to communicate to you the intelligence of the decease of Her Royal Highness the Princess SOPHIA, which event took place at Kensington Palace, on Saturday, the 27th of May.

I am, Sir,

Your most obedient servant,

(Signed) GREY.  
To Governor Grey,  
&c., &c.

No 43.

Downing Street,  
17th June, 1848.

Sir,

I have the honour to acknowledge your despatch, No. 134, of the 24th December, accompanied by a Memorial addressed to me, by a considerable number of the Inhabitants of Auckland, and the surrounding districts, expressive of their confidence of the equity and judgment with which you will deal with the outstanding Land Claims in New Zealand, and of their hope that Her Majesty's Government will not be misled by any statements to the contrary, nor interfere with the powers you hold to deal with the subject.

You are aware of the concurrence which I have always felt on your general views on these questions, as well as of the reliance which I have placed upon your judgment on those points upon which an opinion could only be formed on the spot. And I have to request that you will so inform the Memorialists, and will acquaint them that it has been very satisfactory to me to receive their expressions of confidence in your administration.

I have,

(Signed) GREY.  
To Governor Grey,  
&c., &c.

No. 45.

Downing Street,  
19th June, 1848.

Sir,

I have the honour to acknowledge your despatch, No. 135, of the 21st December last, accompanied by Petition to Her Majesty by some of the Children of Missionaries and Catechists of the Church Missionary Society—praying Her Majesty's interposition in order to avert proceedings which they consider injurious to their reputation and property.

You will acquaint the Petitioners that I have laid their Petition before the Queen, but that I have not been able to recommend Her Majesty to comply with its prayer. I am satisfied that it is neither consistent with justice, nor compatible with the interests of the public, or of the natives, that the Petitioners should hold the large quantities of land to which they lay claim: and whilst I abstain from entering in this despatch into details which have been so amply explained and discussed in former correspondence, I have merely to convey to you my entire approbation of the course you have pursued on this subject, and my extreme regret that the Petitioners should not have felt willing to accept those liberal offers, by which, with the concurrence of the Bishop of New Zealand, you endeavored to effect an amicable adjustment of these questions. I have now no alternative left me, than to instruct you, as I have done in another despatch, to take measures for annulling by means of the proper proceedings before the Court of L. W. such of these grants as are duly pronounced to be illegal, with a view to the resumption of the excessive portions of them. You will communicate a copy of the present despatch to the Petitioners.

I have,

(Signed) GREY.  
To Governor Grey,  
&c., &c.

His Excellency further directs it to be notified, that at the expiration of one calendar month from the 20th day of October, 1848, the Dues towards the maintenance of the said Light House will become payable at the several Ports in New South Wales, as provided for by the Act of the Governor and Legislative Council, passed in the eleventh year of Her Majesty's reign; intituled, "An Act to provide for the payment of Dues towards the maintenance of Light Houses at Gabo Island and Cape Otway, respectively."

By His Excellency's command,  
(Signed) E. DEAS THOMSON.

The Light House on Cape Otway, Bass's Straits, latitude 38 degrees 51 minutes south, longitude 143 degrees 29 minutes east, having been completed and lighted on the 29th August, 1848, a light is burning, and will continue from sunset until sunrise.

The reef off Cape Otway is one-half to three-quarters of a mile distant, bearing south-east to south south-west, and extends  $1\frac{1}{4}$  miles westward.

The Light House is erected on a cliff 251 feet 6 inches above highwater mark; the supporting column is 45 feet high, and the lantern 7 feet high.

From highwater mark to the centre of the light is 300 feet.

The light is a revolving catoptric of three groups of lamps, each group containing 7 lamps; the entire revolves round once in two minutes 39 seconds, shewing a flash of light of 3 seconds duration, and 50 seconds of darkness.
