The articles are to be equal in all respects to the patterns or samples deposited in the Colonial Store, and in case when articles are required of which patterns or samples have not been so deposited, such articles to be subject to approval.

The articles are to be delivered at the Colonial Store, Auckland, at the expense of the Contractor; but previously to their being received, they are to be surveyed, and if found inferior, or defective in quality, they will be rejected,

and the Contractor is to remove the same at his own expense, within three days after he is required so to do, without any allowance being made to him for such rejected articles.

If the Contractor neglects or refuses to supply the articles contracted for, the Storekeeper to be at liberty to purchase or procure the same from other persons, and to charge the Contractor with the difference between the cost of such Articles and the contract prices, such difference to be deducted from any bill which may be due to the Contractor, or may be demanded of him to be paid within fourteen days to the Colonial Storekeeper: or, if the Contractor does not fulfil his agreement, Her Majesty's Government to have the power of terminating the contract at any period, on giving the Contractor notice to that effect.

Payment to be made Monthly, after the bills have been rendered in a complete state by the Contractor, and passed.

The Contractor, (if required) to bring forward one or two sufficient sureties, to enter into a Bond with him for the due performance of the Contract.

The Contract to be declared void at the option of Her Majesty's Government, should the Contractor, or person employed by him, pay, or offer to pay, a gratuity or reward to any person under the employ of the Government, for anything to be done by such person, concerning the execution of the contract.

All the Articles required by this notice, are to be of the best quality of their several kinds.

In the event of a difference of opinion between the Contractor and the party receiving the supplies, as to the quality, the same is to be decided, in cases where the article is not of a perishable nature, by a Board of Survey, according to the practice of the service.

If the board shall decide that the article is not of proper quality, it must be immediately replaced by the Contractor, failing of which it will be procured by the Colonial Storekeeper, and the expense charged to the Contractor, as above.

A repetition of irregularity in the quality or quantity of the supplies, or of any delay in delivering or replacing them when required, will also subject the Contractor, upon the Report of the Officer in charge of the parties or establishment, to such mulct, not exceeding one-fourth the amount of his monthly account, as the Governor may direct. It will also be in the power of the Governor, upon such repetition, to terminate the contract.

It will be in the power of either party to limit the duration of the contract, by giving in writing a notice of three full calendar months to the opposite party, and to end the contract at the expiration of that period, it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made, or agreed to be made.

The Contractor will be required to prepare his own account, monthly or quarterly, in the prescribed form; and on the production thereof, with the requisite vouchers, in a complete state, to the Storekeeper, the same will be forwarded by the latter to the Treasurer, in order that a warrant may be prepared, and payment made from the Colonial Treasury.

The value of all packages to be included in the prices demanded.

A Form of Tender may be seen at this Office, and as adequate security will be required for the due fulfilment of the Contract, no Tender can be attended to unless accompanied by a certificate from the parties proposed as such, stating that they are willing to become bound as securities for the Contractor accordingly, and the bonds must be executed within ten days from the day of acceptance of the Tender being notified, failing of which, the Contracts will be again advertised, or another Tender accepted.
