Colonial Secretary's Office, Auckland,  
6th March, 1856.

**H**IS Excellency the Governor has been pleased to direct that the following Report from Mr. Boyton, Inspector of Native Mills, should be published for general information.

By His Excellency's command,  
ANDREW SINCLAIR,  
Colonial Secretary.

Auckland, Nov. 12, 1855.

SIR,—I beg to report that in my late tour, as Inspector of the Maori Mills, I visited the following places. After landing at Maketu, where they have not yet decided upon building a mill, I proceeded to Rotorua, where two mills are in course of erection—the one at Ohinemutu is completed by the millwright, but the Natives have not finished the mill-dam; having but little wheat to grind, they are content to put it off till next season. The mill at Te Ngae is also commenced, and will probably be finished in time for the next crop, preparations are also making to begin a mill at Tarawera. The new mill at Patetere was ready for grinding when I arrived there, and as they had no miller, I staid with them to assist in grinding their wheat, and also to instruct one of the Natives to manage the mill in future by themselves.

At Otorokui, also, two of the Natives were chosen to act as millers; I, therefore, staid with them to instruct them to grind, and to manage the mill. At Maungatautari I found the mill very much out of repair, and not in a condition to grind their wheat, from having had so many different persons engaged as millers; I was, therefore, obliged to do some repairs to the mill, and then instruct one of themselves to grind, and take care of the mill in future.

At Rangiawhia three mills were in operation, one of which had undergone some repairs to the water wheel. There is also another mill partly built, but shut up for the present, the Natives not having the money ready to pay the instalments due to the millwrights. A new mill has been erected at Te Rore, on the Waipa, and has commenced grinding. The mills at Mohoanui and Whatawhata have also been in operation this season. A new mill has just commenced building at Tireke, on the Waikato. At Taupiri the natives have not finished the dam. The mill has ground about forty tons of flour this season; and a new mill is about being commenced at Kawhanga, near the road to Mr. Maunsell's; and an agreement has been entered into with the mill wright to build a mill at Waiuku.

In taking a general review of the state of the Maori mills for this season, I find there have been thirteen in operation, five in the course of erection, seven about being commenced, for which money and material have already been collected, and four standing in an unfinished state.

Three of the above mills, it will be perceived are managed by Native millers, and I have no doubt that, with a little assistance, which I shall be able to give them when I travel that way, they will be able to carry on the work of their respective mills for their own benefit and satisfaction.

Yours, &c.,  
(Signed) H. BOYTON,  
Inspector of Native Mills.

To the Native Secretary.

Colonial Secretary's Office, Auckland,  
6th March, 1856.

**I**N conformity with the last paragraph of the following Despatch which has been received from Her Majesty's Secretary of State, His Excellency the Governor has been pleased to direct that it be published for general information.

By his Excellency's command,  
ANDREW SINCLAIR,  
Colonial Secretary.

Downing-street,  
14th October, 1855.

SIR,—I have received a Letter from Mr. Hugh Carleton, dated Auckland, 18th May 1855, on the subject of a Petition addressed to Her Majesty by the Provincial Council of Auckland, praying for the separation of that Province from the Southern Settlements of New Zealand.

Mr. Carleton states that the reason why that letter was not transmitted through the Governor is, that it relates to Provincial matters, and he adds that there is no rule of the Colonial Office which he is aware of, recognizing the Superintendent as the formal and official medium of communication.

You will inform him that his letter has been received at this Department, but that it is impossible for the Secretary of State to consider any communication relating to the affairs of the Colony, except through the head of the Government, and that this rule applies equally to the correspondence of private individuals and to that of the Superintendents of Provinces. If therefore Mr. Carleton should have occasion to address the head of this Department, either upon the subject of the present letter or upon any other question, it will be necessary that his communication should be forwarded through you, accompanied by any remarks which you may think necessary.

It is desirable that this rule should be generally known throughout the Colony.

I have, &c.,  
G. GREY.

Governor  
Colonel GORE BROWNE,  
&c, &c., &c.,  
New Zealand.

Printed by WILLIAMSON & WILSON, for the New Zealand Government.
