Auckland, 5th Sept., 1863.

THE following Report from Capt Roels of the barque *City of Melbourne*, as to the Bar at the entrance to the Waikato River, is published for general information.

ALFRED DOMETT.

Waikato River,

28th August, 1863.

In reference to questions by Mr. Armitage, I beg to state that to my knowledge the bar of the Waikato is a very good and safe entrance for any vessel not drawing more than 10 to 12 feet, having entered at half-tide ebb with the barque *City of Melbourne*. The channel is not a long one, is straight, and has plenty of water.

## POSTAL.

*Alteration in Rates of Postage via Marseilles.*

General Post Office,  
Auckland, 1st September, 1863.

**T**HE following Despatch respecting alteration in the rates of Postage via Marseilles is published for general information.

READER GILSON WOOD.

Downing-street,  
27th May, 1863.

SIR,—I have the honor to transmit to you copy of a letter which has been received from the Postmaster-General respecting the inconvenience which has hitherto resulted from the operation of the rule under which the French portion of the postage, chargeable upon all letters forwarded via Marseilles to India, China, and Australia, is collected by the

quarter ounce scale, while the remainder of the postage is chargeable according to the scale applicable to British Inland Letters.

You will learn that in consequence of the representation which has been made to him on the subject, the Director-General of the French Post Office has consented to a modification of this provision, and that from the 1st of June next, the rate of postage will be altered in accordance with the charges exhibited in the Table enclosed in the copy of the letter which is annexed.

You will therefore take the necessary steps to bring the new scale of charges into operation as regards letters sent to the United Kingdom as soon as possible.

I have, &c.,

(Signed) NEWCASTLE.

Governor Sir George Grey, K.C.B.,  
&c., &c., &c.

*Mr. F. Hill to Sir F. Rogers.*

General Post Office,

14th May, 1863.

SIR,—I am directed by the Postmaster-General to acquaint you, for the information of the Duke of Newcastle, that much inconvenience has long been felt from the operation of the rule under which the French portion of the postage, chargeable upon all letters forwarded via Marseilles to India, China, Australia, &c., is collected by the quarter ounce scale, while the remainder of the postage is chargeable according to the scale applicable to British Inland Letters.

This rule has been rendered necessary by an article of the postal convention with France which provides that "the foreign rate to be levied on each letter, and for each quarter of an ounce, or fraction of a quarter of an ounce, that such letter may weigh in addition to the territorial rate referred to, shall not exceed the fourth part of the rate per ounce, or per 30 grammes which is fixed by the preceding Articles 19, 20, and 21."

With some difficulty the Postmaster-General has at length induced the Director-General of the French Post Office to consent to a modification of this provision, and this Department is no longer bound to adhere to the quarter ounce scale in collecting the French rate.

On the 1st June next, therefore, it is intended to collect the whole postage on letters forwarded from the United Kingdom to India, China, Australia, &c., through France, entirely by the scale in operation for letters forwarded via Southampton, and instead of three-pence per quarter ounce, to levy four-pence up to the weight of half an ounce, to cover the payment made to France.

The following Table shows the postage that will thenceforth be chargeable:—

Addressed to	Not exceeding ¼ oz. in weight.	Above ¼ oz. and not exceeding 1 oz.	Above 1 oz. and not exceeding 2 ozs.	Above 2 ozs. and not exceeding 3 ozs.	Every ounce after the first.
