ALTERATION OF CHANNEL, SOUTH ENTRANCE, MORETON BAY.

THE following Notices to Mariners with regard to an important alteration in the Channel, South Entrance, Moreton Bay, are published for general information.

JAMES M. BALFOUR,  
Colonial Marine Engineer.

NOTICE TO MARINERS.

South Entrance, Moreton Bay.

IN consequence of the growth, southwards, of the North Spit, vessels, after crossing the Bar, should open the beacons to the southward sufficiently to clear the broken or discoloured water extending off that Spit; and when abreast of the Break, should haul up to get the beacons again in line, being careful not to open them to the southward again until the vessel is past the South Break.

G. P. HEATH, Lieut. R.N.,  
Portmaster.

Department of Ports and Harbours,  
Brisbane, 14th June, 1869.

NOTICE TO MARINERS.

South Entrance, Moreton Bay.

IN consequence of the growth, southwards, of the North Spit, and the opening out of what is, at present, a shoal channel through the North Bank, the action of the tidal streams has been so far altered as to have caused the Bar to shoal to a depth of thirteen feet at low water.

Masters of vessels must therefore exercise increased caution in taking this passage, when there is any swell on the coast.

The directions to be followed at present are those published on the 14th ultimo, care being taken not to cross the Bar to the southward of the line of beacons.

Portmaster.
