#### Downing Street, 31st August, 1870.

Sin,—I have to acknowledge your Despatch No. 78, of 2nd July, enclosing a letter addressed to the Queen by Parakaia Te Pouepa, of the Ngatiraukawa Tribe.

I request that you will inform Parakaia Te Pouepa that his prayer has been laid before the Queen, but that Her Majesty is unable to interfere in a matter which rests entirely with the local Government, and which, moreover, has been decided upon by a competent tribunal, after a careful and laborious examination into the facts of the case.

#### [CIRCULAR.]

#### Downing Street, 1st August, 1870.

SIR,—I transmit to you, for your information and guidance, copies of a Circular which has been drawn up by the Board of Trade, regarding the conveyance home of distressed British Seamen, and other matters relating thereto.

I also enclose thirty-six copies of the new Form CC. 14, which is referred to in that Circular, and I have to instruct you to cause these documents to be distributed amongst those Officers under your Government whose duty it will be to give effect to the instructions which they embody.

I have, &c.,

KIMBERLEY.

The Officer Administering the Government of New Zealand.

#### INSTRUCTIONS TO OFFICERS IN THE BRITISH POSSESSIONS ABROAD.

SENDING DISTRESSED SEAMEN HOME.—BALANCE OF WAGES OF DISTRESSED BRITISH SEAMEN.— LIABILITY OF SHIPOWNERS.—DISTRESSED SEA-MEN SENT HOME.

A new Form CC. 14 has been prepared for the use

of the Officers in the British Possessions abroad in sending home distressed Seamen.

Copies of the new form are enclosed.

The new form should in future be used exclusively. All old Forms CC. 14 should be destroyed.

The new form affects the Instructions to Officers in the British Possessions abroad upon two points :

1. Sending distressed Seamen home.

2. Balance of wages of distressed Seamen.

With regard to the actual conveyance home of distressed Seamen, it is only necessary for the Officer to note that the rate of conveyance for ordinary Seamen is raised from 1s. a day to 1s. 6d.; but that the rate for Masters will remain at 2s. a day.

With regard, however, to the settlement of the cash balances of wages due to Seamen who are sent home by the Officer, the new form introduces an entirely new arrangement.

Hitherto, when a Seaman was sent home the balance, of wages due to him has, after deducting 1s. a day for the average length of the passage, been paid to him by the Officer.

This system has led practically to much inconvenience. Where the sum deducted was less than the actual amount paid for the passage, the Board of Trade have not been able to recover the balance from the Seamen; and where it has been less, they have not been able to pay the balance to the Seamen.

In future, therefore, the balance is not to be paid to the Seaman, but is to be kept by the Officer, and credited in his account to the Board of Trade.

In order, however, that no delay may occur in settling with Seamen who have balances due to them, and to prevent any doubt as to the claims of Seamen to such balances, columns are provided in the new form, in which the Officer should give all the information necessary to enable the Superintendent of the Mercantile Marine Office at the port at which a man is landed to decide at once the balance (if any) due to him, and to settle with him on the spot.

When the wages are paid by bill, the Instructions contained in Circular 42 should still be observed; but when Scamen whose wages have been paid by bill are sent home under a Colonial Order, the same particulars should be given on Form CC. 14 as in cases where the wages are paid in cash.

The information required, and the deductions to be made, will of course vary according to the circumstances under which the Seamen became distressed.

When the cause of the Seamen's distress is shipwreck, no amount is to be entered on Form C. 16 as chargeable to his wages.

When the Owners are not liable to repay the expenses, or any of them, incurred in respect of the Seaman, and the cause of the Seaman's distress is not shipwreck, his wages are chargeable with all expenses.

When the Owners are liable to repay his expenses, or any of them, the wages are only chargeable with such expenses as are not payable by Owners, viz. :--

- 1. When left behind illegally, with Medical Expenses.
  - 2. When injured in the service of the ship, with Clothing Expenses.
  - 3. When both left behind illegally and injured in the service of the ship, with no expenses.

In this third case, therefore, a Seaman is to be treated precisely as though he were shipwrecked.

#### LIABILITY OF SHIPOWNERS.

It may be convenient here to state in a few words, the instructions and law on the subject of liability of Shipowners to repay expenses incurred abroad in respect of distressed British Seamen.

Owners are liable to repay expenses.

1. When a Seaman is discharged or left behind, without | sions abroad, relating to the cases of Seamen discompliance by the Master with all the provisions of the Act.

The provisions of "The Merchant Shipping Act, 1854," with which a Master should comply when leaving men in H.M. Dominions abroad, are contained in the 206th, the 207th, and the 209th sections.

Under these sections, and the 213th section, Owners are liable to repay expenses of a Seaman-

- 1. When forced on shore and wilfully left behind;
  - 2. When discharged without official sanction, or left behind without an official certificate :
  - 3. When left behind on the ground of inability to proceed, but without payment of wages.

It is to be specially noted, however, that the Board of Trade have no power to recover medical expenses (unless such expenses may properly be described as expenses for subsistence,) incurred in respect of a Seaman left behind, without due compliance with the law, but not injured in the service of the ship; and therefore the medical expenses of a Seaman who is left behind illegally should be deducted from his wages, unless he has also been injured in the service of the ship, and should not be included in the Form CC. 9.

#### 2. When the expenses result from injury sustained by a Seaman in the service of the ship.

In such cases the owners are liable to repay all expenses except those for clothing.

Therefore expenses for clothing supplied to a Sea-man injured in the service of the ship should be deducted from his wages, and should not be included in Form CC. 9.

#### DISTRESSED SEAMEN SENT TO THE OFFICER'S PORT.

If a vessel arrives at the Officer's port with distressed Seamen on board who have been sent there under order by a Consul or a Colonial Officer, the Officer will require the Master to attend with the Seamen, and to make the declaration on the second page of the Form CC. 14 or C. 16, as the case may be. page of the Form CC. 14 or C. 16, as the case may be. The Officer will examine the claim, and pay it if correct, and will also pay to the Seamen any balances which may be described as remaining to their credit at the port where they were put on board the vessel for conveyance to the Officer's port, after deducting the sum paid to the Master for their conveyance in cases where the cases of the men's distress was cases where the cause of the men's distress was neither shipwreck, leaving behind illegally, nor injury in the service of the ship.

The form should be properly filled up, the receipts of the Master and men taken, and the payments charged in the Officer's next Quarterly Account with the Board of Trade, with which the Form CC. 14 should be sent as a voucher.

If any serious dispute arises either with the Master or the Seamen as to facts, or as to the amount to be paid, or if the Officer is not satisfied with the correctness of the claim, the Officer should refuse to pay, and refer the matter to the Board of Trade.

#### THOMAS GRAY.

#### [CIRCULAR.]

# Downing Street, 19th August, 1870.

SIB,-I transmit to you herewith, by direction of the Secretary of State, copies of instructions issued by the Board of Trade to Officers in the British Posses- twenty-four hours of their admittance.

charged or left abroad, and their wages and relief. I have, &c.,

FREDERIC ROGERS.

The Officer Administering the Government of New Zealand.

#### INSTRUCTIONS TO OFFICERS IN BRITISH POSSESSIONS ABROAD.

#### SEAMEN DISCHARGED OR LEFT ABROAD, AND THEIR WAGES AND RELIEF.

Instances occur in which Masters render incorrect Instances occur in which Masters render incorrect accounts of wages of Seamen left behind at ports in the British Possessions abroad, and the errors are not corrected by discharging Officers, but are dis-covered when the Forms CC. 6 are examined at the Board of Trade. The consequent loss sometimes falls upon the Seamen; but when the wages of a Seamen are charged with his expressed if follows. Seaman are chargeable with his expenses, it falls on Her Majesty's Government.

There is little excuse for these errors.

The attention of the Officers is particularly called to the point in paragraph 21, and they have to certify in precise terms to the correctness of each Form CC. 6.

It is necessary, therefore, that they should satisfy themselves, by a comparison of the Form CC. 6 with the list of crews and the official logbook, that the dates, rate of pay, deductions, and balances are in each case correct.

A Form CC. 6 should be sent with regard to every Seaman in respect of whom expenses are incurred, whether any balance of wages is due to the Seaman or not.

In future, whenever any loss results to the Government through an error in an account of wages certi-fied as correct by an Officer, the Officer will be debited with the amount of such loss. No deductions should be allowed from a Seaman's

wages for time during which a Seaman is off duty wages for time during which a Seaman is on duty from illness, unless it is proved that such illness has been caused by his own wilful act and default. (See Merchant Shipping Act, 1867.) Reasonable medical expenses, however, may be deducted. The Board of Trade are advised that a Seaman left behind at a port abroad has a right to wages down to and inclusive of the date of the certificate of the Officer as to his being left behind

Officer as to his being left behind.

Officers should therefore refuse to give such certificate until wages down to and inclusive of such date have been paid.

Thus, when a Seaman has been sent to Hospital but not discharged, wages should be calculated to the date of the official certificate, not to the date of entry into the Hospital.

In such a case as the foregoing, the Officer should ascertain that the Master has paid all expenses, medical or other, for the Seaman down to the date of the Official Certificate, and should refuse to give it until they are paid or provided for.

As long as there is a reasonable prospect of such a Seaman recovering in time to continue the voyage, the Officer should refuse to discharge him.

#### HOSPITALS.

In order that there may be no misunderstanding as to whether Seamen in Hospital are or are not at the charge of the Government, the Officer should request the Hospital Authorities to inform him of all British Seamen admitted into the Hospital within

The Officer on his part should inform the Hospital Authorities as soon as possible whenever any Seaman in Hospital is discharged, and should make them clearly understand that until such discharges have been notified by him to them Seamen remain in the Hospital at the charge of their ships and not of the Board of Trade.

#### ACCOUNTS.

With reference to paragraph 59 of the printed instructions, which directs that the accounts of Officers are to be kept in currency, Officers are informed that all moneys received and paid by them in sterling on account of the Board of Trade should be converted into currency at the rates of exchange in force on the dates of each such receipt and payment, the rates of exchange being stated on each voucher, and the whole of the receipts and payments embraced in their accounts should be converted into sterling at the end of the quarter as shown in the Form CC. 18. The rate of such conversion should be stated in the blank space left for that purpose in the account-current and should be the same as that at which the bill for the balance is drawn. Officers will find the keeping of their accounts facilitated by making their payments as far as possible in currency.

#### FORMS.

All certificates required by the forms of account of the Board of Trade should be given on such forms, and all blanks should be filled in.

RELIEF OF MASTER. The last paragraph of Circular No. 267, p. 12, of 

excess of expenses (incurred under a guarantee given by a Master) over and above the allowance authorized in the case of a destitute Master will be liable to disallowal if the guarantee be repudiated."
