NOTICE TO MARINERS.

No. 13 of 1871.

Customs Department (Marine Branch),  
Wellington, 18th August, 1871.

**T**HE following Notice to Mariners, received from the Department of Ports and Harbours, Queensland, is published for general information.

HENRY SEWELL.

ANCHORAGE OFF PIONEER RIVER.

**DURING** steady south-easterly or southerly weather, vessels from the southward intending to enter the Pioneer River, and having to wait for tide, will, if not drawing more than eight or nine feet, find better shelter under Hay's Point, which lies eighteen and a half miles to the north-westward of Cape Palmerston, and seven miles south-south-east from Round Top Island, than at the anchorage now in use between Round and Flat Topped Islands; vessels under Hay's Point lying in smooth water, and out of the tide way.

Off Hay's Point, a detached reef, which dries at half tide, and extends to a distance of about three-quarters of a mile to the northward, affords shelter to the anchorage. On the west side of the bay is a round hill, about 100 feet high, having a bluff face to seaward, faced with patches of sandstone, which show white to the eastward, but have a reddish colour when seen from the northward.

To round the point, and the outlying detached reef, bring the bluff on the western side of the bay to bear south-west by west before hauling up for the anchorage. The water shoals from three to two fathoms, muddy bottom, at a distance of about three-quarters of a mile from the shore.

The best anchorage for small craft is with Hay's Point bearing south-east, and the bluff west-south-west.

When standing from this anchorage towards the entrance to the Pioneer River, a vessel will be clear of the shoal extending off Sandy Creek and the mainland, while Slade Islet is open to the eastward of Flat Topped Island.

G. P. HEATH, Commander, R.N.,  
Portmaster.

Department of Ports and Harbours,  
Brisbane, 12th July, 1871.

**C**USTOMS.—Whereas a portion of a stone building, situate in Rattray Street, at the Port of Dunedin, and heretofore known as

YOUNG AND ROBERTSON'S BOND,  
was by an order dated on the 4th day of March, 1869, appointed to be a warehouse for the reception of

goods under bond: Now, in exercise of the authority in me for this purpose vested, I, the Commissioner of Customs, do by this order under my hand, revoke and annul the order aforesaid, and do now hereby approve and appoint the said building according to the under-mentioned description thereof, namely:—

Port of Dunedin.

A stone building with slate roof, situate in Rattray Street, Sections 48 and 55 of Block IX., and known as  
BAXTER'S BOND,

to be a warehouse for the reception of goods under bond.

Given under my hand, at Wellington, this nineteenth day of August, one thousand eight hundred and seventy-one.

HENRY SEWELL,  
Commissioner.
