Colonial Secretary's Office,
Wellington, 9th September, 1871.

TENDERS will be received at this Office until 4 o'clock p.m. on Friday, the 10th day of November, from persons willing to furnish the under-mentioned Articles in such quantities as may be specified in the Schedules, or as may from time to time be required by the New Zealand Government, during twelve calendar months, commencing on the 1st June, 1872.

Schedule I.—Writing and Printing Papers, Envelopes, Printing Materials, &c.

Schedule II.—Account Books, Press Copying Books, &c.

Schedule III.—Miscellaneous Stationery, Surveyors' Drawing Materials, Colours, &c.

GENERAL CONDITIONS.

Separate tenders will be received for each Schedule, but they must include the whole of the articles therein mentioned, and a separate price must be stated for each article. The net weight or quantity only will be paid for. The value of all necessary packages, &c., whether bulk be broken or not, must be included in the prices stated in the Contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the Schedule will be allowed to the Contractor for any articles or packages, &c.

Contractors must provide, without extra charge, whatever labour may be required in the packing of stores.

The articles must be in every respect of the best description, and of the particular manufacture indicated in the Schedules.

In the case of different makers' goods, the Contractor will be required to supply the kind ordered.

The Contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantity of goods ordered, the account being rendered with the order to which it relates.

The acceptance of the supplies will be subject to the approval of the Officers in the various Provinces appointed by the Government. The Contractor may, however, claim a survey on any goods objected to; but in that case he must, without delay, give notice thereof in writing to the Officer rejecting the goods.

Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the Contractor, otherwise purchases will be effected at the Contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the Contractor's account.

In the event of any alteration in the tariff affecting any of the items included in the contract, the Government or the Contractor, as the case may be, will make a proportional allowance by way of deduction from, or increase of, the price of the item so affected.

Security must be given for the amounts hereinafter specified under the respective Schedules, which security must be completed within one month from the date of the acceptance of the tender; failing which, the contract may be again advertised, or another tender accepted.

Tenders failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

All tenders must be enclosed in a separate envelope, marked "Tender for" (as the case may be), and be deposited in the Tender Box at the Colonial Secretary's Office, Wellington, or (if sent by post)

must be addressed to the Hon. the Colonial Secretary, Wellington.

Schedules of the Articles required, and printed form of tender, may be obtained on application to the Government Printer, Wellington.

Schedules I. and II.

The Tenderer will be required to submit samples of the writing and printing papers and envelopes specified in the above Schedules. The rates quoted must include all charges whatsoever,—freight, insurance, shipping charges, cost of packages, and risks of every description being borne by the Contractor.

The Articles to be delivered at the Government Stationery Store, Wellington, in three equal shipments, the first being due on the 31st July, 1872; the second on the 30th November, 1872; and the third and last on the 31st March, 1873. Permission may be given to the Contractor to include in the first shipment the whole amount ordered of some of the articles, of which only small quantities are called for.

Should further supplies of any of the articles enumerated in the above Schedules be required within the period comprised in this contract, the Contractor to supply the same at the rate specified in his tender, due notice being given to allow of the goods being imported from England.

The Paper will be paid for at actual net weight, exclusive of wrapper and string. The reams in each case to contain 500 sheets.

The Contractor will be required to enter into a bond for the due performance of his contract to the extent of 10 per cent. on the amount of such contract.

Schedule III.

The articles specified in this Schedule to be supplied, upon requisition, in such quantities as may be required by the New Zealand Government, to be delivered free of expense in this Colony, at such ports as the Government may indicate.

Requisitions will, as a rule, be forwarded to the Contractor half-yearly, such supplies to be delivered not later than one month from the date of issuing the order.

A bond for the sum of £1,000—the Contractor in the sum of £500, and two approved sureties of £250 each—will be required to be entered into for the due performance of the contract.
