*Application for Registration of Trade Mark.*

NOTICE is hereby given, that HENRY ALBERT HOLLAND HITCHENS, of Auckland, has applied to register the following Trade Mark under "The Trade Marks Act, 1866:—

*Description of Trade Mark.*

A paper label coloured yellow, the two sides and bottom being square, the top convex, about four inches and a half from the highest part of the convex to the bottom measured longitudinally, and about three inches broad measured transversely. A thin black line is drawn round the edge of the label, leaving but a small portion of the yellow label visible on its outside. Parallel thereto within, and at a distance therefrom of about the sixteenth part of an inch, is another black line of the sixteenth part of an inch in breadth drawn round the said label. A red band edged with parallel black lines, and about five-eighths of an inch in breadth and three inches and seven-eighths of an inch in length, is drawn across the label at acute angles to the inner

black line secondly above mentioned at the bottom of the said label, the bottom black line of the said red band being drawn from a point in the said inner black line on the right-hand side of the said label, distant seven-eighths of an inch from the convex inner black line to the junction of the bottom inner black line with the inner black line on the left-hand side of the said label. On the red band, printed in yellow letters edged black, of about three-eighths of an inch in height, are the words "Blood Restorer."

Immediately underneath the convex inner black line are the words "Health for All," printed in small Roman capitals. Beneath these words is a device or figure meant to be a representation of the Phoenix rising from the ashes.

Between this device or figure and the said red band are the words, printed in black letters, "Hitchens," "Celebrated for the Cure of Scrofula, Ringworm, Bronchitis, Inflammation of any kind." The word "Hitchens" is printed in black Roman capitals of about a quarter of an inch in height, and, with a small scroll, occupies one line; the word "Celebrated" is printed in smaller letters, and occupies the second line; and the words "For the cure of "Scrofula," "Ringworm," "Bronchitis," "Inflammation of any kind" occupy and form the third, fourth, fifth, sixth, seventh, and eighth lines respectively. Between the said red band and the bottom inner black line are the words "Liver" "and Kidney" "Complaints," "Rheumatism," "Dyspepsia," "Chronic Dysentery," "And all Nervous Disorders," occupying the first, second, third, fourth, fifth, sixth, and seventh lines respectively. Underneath, printed in small black capitals, are the words "None Genuine unless signed by the Proprietor;" and in the right-hand corner is a signature, "H. Hitchens," purporting to be a fac-simile in black letters of the signature of Henry Albert Holland Hitchens.

In the left-hand corner of the label are the words, printed in small black capitals, "Herald Steam Litho."

The bottles upon which the said labels are fixed contain about twenty-six ounces, and are about three inches and a half in diameter and eight inches and a quarter in height, and are of a blue colour. They are known as tincture bottles.

Each bottle will be wrapped in a paper on the outside of which will be affixed the label above described. The wrapper will be sealed with yellow wax, and stamped with the representation of a drooping lily.

*Nature of Article to which it is proposed such Trade Mark shall apply.*

A medicinal preparation for Cleansing and Purifying the Blood.
