In the matter of a Bill intituled "An Act to Authorize the Wanganui Gas Company, Limited, to break up Streets and Bridges, and to lay down and place Pipes, Conduits, and Service Pipes, and to make and construct other works for supplying the Borough of Wanganui with Gas.

**N**OTICE is hereby given, that application is intended to be made at the next Session of the General Assembly of New Zealand for leave to bring in a Bill to authorize the Wanganui Gas Company, Limited, incorporated under the provisions of "The Joint Stock Companies Act, 1860," to break up streets and bridges, to lay down and place pipes, conduits, and service pipes, and to make and construct other works for supplying the Borough of Wanganui and suburbs with gas, and for other purposes relating thereto and to the objects for which the said Company has been established.

It is intended to apply for the following powers on behalf of the Company, that is to say:—

1. The Company may, under the superintendence of the persons having the control or management thereof, open and break up the soil and pavements of the several streets, bridges, and wharves within the limits of the Act, and open and break up any sewers, drains, or tunnels within or under such streets, bridges, or wharves, and lay down and place within the same limits pipes, conduits, service pipes, and other works, and from time to time repair, alter, or remove the same, and also make any sewers that may be necessary for carrying off the washings and waste liquids which may arise in the making of the gas, and for the purposes aforesaid may remove and use all earth and materials in and under such streets and bridges, and may in such streets and upon such bridges and wharves erect any pillars, lamps, and other works, and do all other acts which the Company shall from time to time deem necessary for supplying gas within the said limits, doing as little damage as may be in the execution of the powers to be granted by the said Act, and making compensation for any damage which may be done in the execution of the said powers.

2. That the Company may from time to time enter into any contract with any person for lighting or supplying with gas any public or private building, or providing any person with pipes, burners, meters, and lamps, and for the repair thereof, and also from time to time enter into any contract with the Wanganui Borough Council or Road Board, or other persons having the control or management of any streets or roads within the limits of the Act, for lighting the same with gas, and for providing such Council, Road Board, or persons with lamps, lamp-posts, burners, and pipes for that purpose, and for the repair thereof, in such manner and upon such terms as shall be agreed upon between the Company and the said Council, Road Board, or other persons.

3. That the Company may let for hire any meter for ascertaining the quantity of gas consumed or supplied, and any fittings for the gas, for such remuneration as shall be agreed upon between the Company and any person to whom the same may be so let; and such remuneration shall be recoverable in the same manner as the rents or sums due to the Company for gas; and such meters and fittings shall not be subject to distress for rent of the premises where the same may be used, nor be taken in execution under any process or proceeding of a Court of Law or Equity, or in Bankruptcy, against the person in whose possession the same may be.

4. That the clerk, engineer, or other officer duly appointed for the purpose by the Company, may at all reasonable times enter any building or place lighted with gas supplied by the Company in order to inspect

the meters, fittings, and works for regulating the supply of gas, and for the purpose of ascertaining the quantity of gas consumed or supplied; and if any person hinders such officer as aforesaid from entering and making such inspection as aforesaid at any reasonable time, he shall, for every such offence, forfeit to the Company a sum not exceeding five pounds.

5. That if any person supplied with gas neglect to pay the rent due for the same to the Company, the Company may stop the gas from entering the premises of such person by cutting off the service pipe or by such means as the Company shall think fit, and recover the rent due from such person, together with the expense of cutting off the gas, and the cost of recovering the rent by action in any Court of Law of competent jurisdiction.

6. That in all cases in which the Company are authorized to cut off and take away the supply of gas from any house, building, or premises under the provisions of this Act, the Company, their agents, or workmen, after giving forty-eight hours' previous notice in writing to the occupier, or, if no occupier, then after leaving such notice on any portion of the premises, may enter into such house, building, or premises between the hours of nine in the forenoon and four in the afternoon, and remove and carry away any pipe, meter, fitting, or other works the property of the Company.

7. When any consumer leaves the premises where gas has been supplied to him, without paying to the Company the gas rent due from him, the Company shall be entitled to require from the next tenant payment of the arrears accruing since the meter shall have been last taken by the Company, if such next tenant shall consume any gas without having first given to the Company twenty-four hours' notice of his intention to do so.

8. Every person supplied with gas by the Company who wilfully suffers any pipe, meter, or other gas fitting to be out of repair, so that the gas is wasted, shall for every such offence forfeit to the Company any sum not exceeding five pounds over and above the loss which the Company sustained by such waste.

9. The Company may make by-laws or regulations, provided the same shall not be repugnant to this Act, or to "The Municipal Corporations Act, 1876," or to any by-law or regulation that may now or hereafter be made thereunder, or to any Road Board or County Council Act of the General Assembly of New Zealand, or to any by-law or regulation which may now or hereafter be made thereunder respectively, and impose any penalty not exceeding five pounds for the breach of any by-law or regulation of the Company.

10. The limits within which such gasworks are intended to be made extend to and include all lands lying within a radius of ten miles from the south-east corner of Section No. 173 on the plan of the Town of Wanganui.

11. Such gasworks as aforesaid are intended to be made and maintained in and through the Borough of Wanganui and any land which has or which may be reclaimed from the Wanganui River for making or improving the town and harbour of Wanganui.

12. The works for the manufacture of gas are intended to be erected on that triangular piece of land situate in and forming part of the Town Belt of the Town of Wanganui, containing two acres and eighteen perches, more or less, and commonly known as the "Gas Reserve." 14. That the Company may provide a sinking fund, not exceeding two pounds per centum per annum on the cost price of the gasworks and fixed plant and materials, and the money set aside for such fund may be applied for extension of works, but shall not be deemed to be profits within the meaning of the Act.
