RULES and Regulations of the Winton Cemetery, as adopted at a meeting of the Cemetery Committee on the 2nd April, 1877, and passed on the 9th April, 1877:—

1. A portion of the Cemetery Reserve shall be divided into three classes, viz.:—

2. Class A, being ground of which the perpetual and exclusive right may be acquired, with the privilege of enclosing the ground, and of erecting head stones or other monuments thereon. A portion of ground of this class shall be staked off into lots of 8 feet by 10 feet. These lots shall be sold for £3 each.

3. Class B.—These lots shall be 8 feet by 4 feet, and shall be sold for £1 10s. each.

Permission shall be given to fence the lots in either of these classes, subject to the approval of the Committee, provided that all fences be kept within the pegs, and that any fence made of wood shall not exceed four feet in height.

4. Class C will comprise a portion of ground set aside for the interment of such persons as are not purchasers of and have not acquired a right to private ground.

On ground of this class no fencing or other obstruction rising more than one foot above the surface shall be allowed; and no grave shall, under any circumstances, be opened for any new interment sooner than after the expiry of five years from the time of the first or last interment, as the case may be.

Flat tombstones will be allowed on payment of a fee of 10s., and the friends or relatives of the deceased may acquire the right to the grave, with the consent of the Managers, and by paying the stipulated price for the ground.

5. All graves must be six feet deep, but in the event of purchasers of private ground desiring a greater depth, an extra charge of two shillings shall be made for every foot more than six feet deep.

6. The Clerk shall provide all necessary furniture and attendance for properly conducting interments.

7. Any purchasers of private ground in which no interment shall have taken place, may transfer his or her interest in said ground to any other person, upon payment being made to the Clerk of the Cemetery for the time being of a fee of two shillings for such transfer.

8. A plan of the Cemetery shall be prepared, showing particularly the lots so laid off, together with the numbers thereof.

9. The Clerk to the Cemetery for the time being shall keep a book, in which he shall enter, from time to time, the number of every lot sold, the name of the purchaser thereof, together with the date of sale of the same; and shall keep a record of the burials in the Cemetery.

10. The Clerk to the Cemetery for the time being shall receive the purchase money for the sale of such lots, and shall give a receipt for the same, which receipt shall be held conclusive evidence of the purchase and selection of the lots mentioned therein.
