*Auckland Harbour Board Graving-Dock By-laws approved.*

NORMANBY, GOVERNOR.  
ORDER IN COUNCIL.

At the Government House, at Wellington, this twenty-seventh day of August, 1878.

Present:

HIS EXCELLENCY THE GOVERNOR IN COUNCIL.

WHEREAS the Auckland Harbour Board, acting under delegated powers conferred by Proclamation of the Superintendent of the Province of Auckland, dated the twenty-fourth day of June, one thousand eight hundred and seventy-one, published in the *New Zealand Gazette* of eighteen hundred and seventy-one, page three hundred and fifty-five, and by Order in Council dated the twenty-fifth day of October, one thousand eight hundred and seventy-one, published in the said *New Zealand Gazette* of one thousand eight hundred and seventy-one, page five hundred and seventy-seven, has made the by-laws contained at the foot hereof; and it is expedient to approve of the same:

Now, therefore, in pursuance and exercise of all powers and authorities vested in me by "The Marine Act, 1867," "The Harbour Boards Act, 1870," and "The Abolition of Provinces Act, 1875," or any of them, and of every other power and authority enabling me, I, George Augustus Constantine, Marquis of Normanby, the Governor of New Zealand, do hereby, with the advice and consent of the Executive Council of the colony, approve of the following by-laws made by the Auckland Harbour Board:—

BY-LAWS of the Auckland Harbour Board for the Auckland Harbour Board Graving Dock, made in pursuance of the power vested in them, that is to say,—

1. Every application for the use of the dock shall be made in writing addressed to the Secretary of the Board, stating the vessel's name, the master's name, the tonnage, length, breadth, depth of hold and draught of water of such vessel. Every application shall be duly registered in a book kept for that purpose at the offices of the Board.

2. No vessel will be allowed to enter the dock until the agent, master, or owner thereof has obtained a permit from the Secretary of the Board, and paid the entrance fee for the time being chargeable, which will be forfeited in case the vessel does not enter in turn. The permit shall be given up to the Dockmaster before the vessel enters the dock.

3. The dock shall be available for use according to priority of registration. Any vessel not arriving at the dock at the appointed time to enter will forfeit the benefit of priority, and be placed at the bottom of the register.

4. The Board only provides the dock, and will not undertake the repairs of any vessel; and any person

wishing the use of the dock will be required to make arrangements outside of the Board for repairs, as also for all the necessary labour and material for such repairs.

5. The Board will not be responsible for any accident occurring to a vessel either before being docked, or whilst docking, or whilst in the dock, or undocking, or leaving the dock.

6. No person will be allowed to make any repairs to any vessel in the dock, which can be done out of it, when another vessel is waiting to go in. So soon as the Dockmaster considers the vessel in dock is repaired, so far as the use of the dock is required (of which the Dockmaster shall be sole judge), the master shall at once remove such vessel from the dock.

7. All arrangements of the blocks, shores, or other appliances for the admission of the vessel into the dock, shall be done at the risk and expense of the master or owner of such vessel.

8. All damage to dock, or to the property of the Board, by the docking or undocking of any vessel or incident thereto, or by the use of any of the appliances of the Board connected with the dock, shall be made good by the owner or master of such vessel before such vessel shall leave the dock. The amount of such damage shall be fixed and determined by the Engineer of the Board. The amount of damage, and also all dock charges and expenses, shall be a lien on the vessel.

9. No person shall repair any vessel in the dock before six o'clock in the morning, nor after six o'clock in the evening, without consent of the Dockmaster, and all extra time thus made shall be paid for in proportion to the daily rate.

10. All chips, dirt, refuse, or rubbish of any sort arising from the repair or cleaning of any vessel shall from time to time, and as often as the Dockmaster may require it, be removed from the dock and its vicinity, and the adjoining buildings and premises and the floor of the dock shall be properly swept and cleaned before the water is drawn to float the vessel out of the dock. In default thereof, the Dockmaster may remove such chips, dirt, refuse, or rubbish, and the cost of such removal shall be a charge on the vessel and master or owner of the vessel, as dock charges, in addition to the penalties hereinafter provided.

11. The daily rate for the time being, chargeable for the use of the dock, shall be for every day. Part of a day that the vessel is in dock shall be charged as a whole day (not including Sundays), and the vessel, master, owner, or agent shall continue liable for such daily rate until the dock has been cleansed, all blocks, shores, and other appliances accounted for and replaced, and all rubbish removed to the place set apart for that purpose by the Board.

12. The master or owner of any vessel in the dock shall allow the dock to be used for other vessels, and the caisson to be removed for such other vessels to go out or in, as occasion may require, if in the opinion of the Dockmaster there is room in the dock for such other vessel or vessels; and the master or owner of any vessel or vessels in the dock shall be wholly responsible for shoring and protecting such vessel or vessels whilst the other or others are being docked or undocked, and shall at his own expense do such acts in relation to such shoring and otherwise protecting the vessel or vessels in the dock as the Dockmaster may direct.

13. No person will be allowed to keep a vessel longer than fourteen days in the dock, except under special circumstances, and by or under special agreement with the Secretary.

14. Any master or person occupying the dock with a vessel more than fourteen days, including the day

of entrance (if other vessels require use of dock), shall be charged double rates for every working day which such vessel shall remain in the dock after the fourteen days.

15. No master, owner, agent, or workman shall allow any vessel to be broken up or lengthened in the dock without the consent of the Board, and upon such terms as the Board may determine.

16. Ground-blocks and shores will be provided by the Board, and if any of them are allowed to go adrift, or be lost, or negligently or wilfully broken or damaged, the same shall be made good by the master or owner of the vessel occasioning the loss or damage. Any alteration of the position of the vessel in the dock, removal or taking out of block, whether at the request of the Dockmaster, master, or owner of the vessel, shall be at the sole risk of the master and owner of the vessel; and if it be necessary to float the vessel and thereafter pump the dock dry for such removal of ship blocks or shores, unless when done for the purpose of allowing another vessel to enter, each pumping shall be an additional charge of five pounds.

17. Every person who shall cut, destroy, or be guilty of wilful or negligent injury to any of the blocks, shores, machines, kilns, stoves, water-cisterns, pitch-pots, cranes, tackle, or other appurtenances, appliances, or any material belonging to or about the dock, or shall throw heavy timber or other things upon the steps or stonework, instead of using the slides or sledges provided for that purpose, shall make good the damage or injury done; the damage to be computed by the Engineer of the Board.

18. No work of any description will be allowed to be done in the dock on Sunday, except upon proved emergency, and only by the express permission of the Dockmaster.

19. No master or other person will be allowed on any consideration to dock a vessel whilst there is on board of such vessel gunpowder or other explosive material, or any article which may be classed under "The Dangerous Goods Act, 1869," or any amendment thereof; and any master or owner of any vessel who shall enter or offer to enter such vessel into the dock, whilst such vessel has on board of it gunpowder or other explosive material, or any article which may be classed under "The Dangerous Goods Act, 1869," or any amendment thereof, shall be liable to a penalty of fifty pounds.

20. The master or other person in charge of a vessel entering or leaving the dock, or whilst in the dock, shall attend to and obey the directions of the Dockmaster. And when such a vessel is in dock the master, officers, and crew and workmen thereof will be strictly required to adhere to the regulations of the Board. The harbour regulations for ports of New Zealand are (so far as they are not repugnant to or inconsistent herewith, and so far as they do not restrict the operations of these by-laws) hereby incorporated with, and shall be taken to form a part of and read with, these by-laws.

21. When in any of these by-laws the after-mentioned terms are used, they shall have the respective meanings following, that is to say,—

"Dockmaster" shall mean and include the person for the time being in charge of the dock under the order of the Board.

"The Board" shall mean and include the Auckland Harbour Board.

"The Secretary" shall mean and include the Secretary for the time being to the Auckland Harbour Board.

"The Engineer of the Board" shall mean and include the Chief Engineer for the time being in the employ of the Auckland Harbour Board.
