HERCULES ROBINSON, Governor.

WHEREAS by the fifty-first section of "The Mines Act, 1877" (herein referred to as "the said Act"), it is enacted that it shall be lawful for the Governor, subject to the provisions of the said Act, from time to time to make, alter, amend, and revoke rules and regulations for all or any of the purposes hereinafter enumerated: And whereas by the fifty-third section of the said Act it is enacted that the rules and regulations contained in the Appendices to the said Act shall be deemed to be the first rules and regulations made under the fifty-first

Now, therefore, I, Hercules George Robert Robinson, Governor of the Colony of New Zealand, do hereby order that the regulations under Appendix B particularly referred to above shall be and are hereby revoked, and the following substituted in lieu thereof:—

Who may apply.

3. Every application must be made by the applicant in person; and the Warden shall not entertain any application unless he is satisfied that the person is of the full age of twenty-one years, and legally capable of being bound by the contract into which it is thereby proposed to enter, and is not in respect of the land applied for, or in respect of any part thereof, the agent or servant of or a trustee for any other person.

Objections.

5. Objections that the applicant is not of the full age of twenty-one years, or that he is in respect of the land applied for the agent or servant of or the trustee for any other person, or that the whole or any portion of the land applied for is claimed or owned by any person other than the applicant, or is in the whole or in part auriferous, or is or is likely to be required for any public purpose, must be made in writing to the Warden, and lodged at the office at which the application shall have been lodged twenty-four hours at the least before the time appointed for hearing; and the person objecting must at the time appointed for hearing urge the objection personally, or by counsel or agent.

10. At any time before finally dealing with any application the Warden may require a report or survey to be made by the District Surveyor, and in such case the cost of such survey or report shall be paid in advance to the Receiver of Gold Revenue either by the applicant or the objector, or partly by both, as may be decided by the Warden.

Granting Certificate.

12. If no valid objection as aforesaid be made, and no reason be known to the Warden why the application should not be granted, or if on hearing such application he shall decide that a part only of the land applied for should be granted, he shall require the applicant to pay to the Receiver of Gold Revenue a sum, calculated in the case where survey fees have not been paid by the applicant at the rate of three shillings per acre, and in the case where survey fees have been paid by the applicant at the rate of one shilling and sixpence per acre, of the land intended to be granted; and such payment shall cover all charges in respect of such grant, inclusive of rent, for the first six months of the term; and upon production of the Receiver's receipt for the above sum to the Warden, he shall give to the applicant a certificate in the form of Schedule B hereto, bearing even date with such receipt, from which date the commencement of the term of the lease (if a lease be granted) shall be taken and computed.

place of business or abode, the certificate and any matter and thing therein contained shall become and be absolutely void, and the applicant shall forthwith quit and deliver up possession of the said land, and failing his so doing he may be proceeded against as a trespasser on Crown lands.

Rent at the rate of three shillings per acre per annum shall be payable half-yearly during the term; and at the time of the execution of the lease rent shall be paid up to the first day of January or the first day of July, as the case may be, from the date up to which payment shall then last have been made; and thereafter the rent shall be payable by equal half-yearly payments in advance, on the first day of January and the first day of July in every year; and the payment hereinbefore required at the time of granting a certificate shall be deemed to include payment of rent for the first six months of the term, and for the purpose of computing rent every fractional part of an acre shall be considered as an acre, and every fractional part of a month shall be considered a month, and shall be respectively charged for accordingly.

Conditions of Occupation.

18. Every certificate and lease shall be subject to the conditions following, that is to say,—

1. That no sale or assignment shall be made without license.
2. That not less than one-eighth of the whole area shall be cultivated, or, if timbered land, cleared, within twelve months after the commencement of the term, or one-fourth of the whole area substantially fenced within the same time.
3. That the lessee shall, within two years after the commencement of the term, erect a dwelling-house of a value of not less than fifty pounds sterling, and that within the same period he shall begin to reside on the land, and continue so to do until the land becomes freehold.

SIR,—With reference to your letter of the 21st instant, I am commanded by my Lords Commissioners of the Admiralty to acquaint you, for the information of the Secretary of State for the Colonies, that, in view of the standard of qualification for the entry of naval and colonial cadets having been raised, they consider that the revised regulations should be issued to the Governors of Colonies, and I am to forward herewith 250 copies for transmission accordingly.

I have, &c.,
ROBERT HALL.

The Under Secretary of State
for the Colonies.

REGULATIONS RESPECTING NAVAL CADETS (FOR THE INFORMATION OF CANDIDATES).

1. Nominations for naval cadetships will take place half-yearly, immediately after the report of the last examination has been received.

2. An examination of the young gentlemen who have obtained nominations will be held in the Royal Naval College, Greenwich, under the direction of the Admiralty Examiners, on the third Wednesday in June and the last Wednesday in November in each year, but the appointments will date from the 15th July and January following respectively.

3. No candidate will be eligible for examination in June whose age will not be within the following limits on the 15th July following, viz.: Not less than twelve nor more than thirteen and a half years of age, nor in November whose age will not be within those limits on the 15th January following.

4. Every candidate will be required to pass the medical examination according to the prescribed regulations, and must have been found physically fit for the Royal Navy.

He must be in good health and free from any physical defect of body, impediment of speech, defect of sight or hearing, and also from any predisposition to constitutional or hereditary disease or weakness of any kind, and in all respects well developed and active in proportion to his age.

Any candidate rejected at the medical examination will, subject to the approval of the Board, be finally excluded from the Royal Navy.

5. The candidate will be required to produce (1) a certificate of birth,* or declaration thereof made before a Magistrate; (2) a certificate of good conduct from the masters of the school or schools at which he may have been educated during the two previous years, or, if educated at home, from his tutors or the clergyman of the parish in which he resides; and (3) a certificate of good health.

6. The candidates will be required:—	Marks assigned.
(a) To write English correctly from dictation in a legible hand...	100
(b) To read from a modern English author with intelligence, and to parse easy sentences ...	100

* A certificate of baptism will not be accepted.

	Marks assigned.

(e.) Elementary geometry, viz.: Definitions, axioms, postulates, and demonstrations of the first twelve propositions of the first book of Euclid's Elements ...	200
(f.) Latin. To read, translate, and parse passages from Latin authors into English, and to translate easy sentences from English into Latin ...	200
(g.) Read, translate, and parse easy passages from French ...	100
(h.) Scripture history ...	100

	1,200

Four-tenths of the marks assigned must be obtained in each subject, and 720 marks in the aggregate.

7. A candidate whose age does not exceed thirteen on the 15th July or 15th January (as the case may be), who may not be successful, will be allowed to present himself again at the next examination without undergoing a fresh medical examination, but no candidate will be allowed more than two trials. Candidates whose age exceeds thirteen on the 15th July or 15th January following the examination will not be allowed a second trial.

8. Any candidate who fails to appear at the examination after he has obtained a nomination will not be allowed to present himself at any future examination without a fresh nomination, except in the case of illness, certified by a physician or surgeon, and approved by their Lordships, in which case the candidate will be allowed to present himself at the following examination, provided he is still within the limits of age; but under no circumstances will such a candidate be allowed to appear at more than one examination.

9. For all cadets entered under these regulations the annual rate of payment will be at the rate of £70 per annum for the period in the "Britannia," to be paid half-yearly in advance to the Accountant-General of the Navy. But the Lords Commissioners of the Admiralty reserve the power of selecting, from among the candidates nominated at each half-yearly examination, a number, not to exceed ten, being sons of the officers of the Royal Navy, Army, or Marines, or of Civil officers under the Board of Admiralty, with respect to whom the annual payment for the two years in the "Britannia" will be £40 only. In selecting these their Lordships will have regard solely to the pecuniary circumstances of the parents or guardians of the cadets.

No application for admission on such reduced scale will be entertained unless made before the candidate is nominated.

10. The period of training on board the "Britannia" will be, as now, four terms; there will be two terms in each year. The first term of each year will be from February to July, the second from August to December.

The vacations will be five weeks at Christmas, two weeks at Easter, and six weeks at Midsummer.

11. There will be examinations in seamanship and study at the end of each term.

12. Cadets who pass unsatisfactory examinations at the end of any term will be "warned," and they will be liable to be discharged at the end of the following or any subsequent term should they again be reported as failing to attain the proper number of marks at the examinations.

13. The same rule will apply to cadets who may be reported for unsatisfactory conduct during their service in the "Britannia."

14. Any cadet who shall have been specially reported to their Lordships as for any reason unfit for the service will be removed from the Navy.

15. Cadets will, on passing out of the training-ship, take the order in which they pass their final examination.

16. The parent or guardian of every cadet will be required to provide outfit as under the regulations in force hitherto, and to sign a declaration (on the admission of the cadet to the "Britannia") to the effect that he shall be immediately withdrawn on the receipt of an official intimation of his being considered unfit for the Royal Navy.

17. Candidates entered under these regulations must understand that they are liable, at any period of their service subsequent to the date of their leaving the training-ship, to be selected to qualify for the gunnery or navigating branches of the service at the discretion of their Lordships; who will, however, only exercise such power of selection in the event of there not being a sufficient number of volunteers for such duties.

By command of their Lordships.

ROBERT HALL.

Admiralty, 8th March, 1877.

*Rules and Regulations of the Ellesmere Cemetery,
County of Selwyn.*

Colonial Secretary's Office,
Wellington, 10th June, 1879.

THE following rules and regulations of the Ellesmere Cemetery, County of Selwyn, have been submitted to His Excellency the Governor in Council, and are published in accordance with "The Cemeteries Management Act, 1877."

G. S. WHITMORE.

RULES FOR THE MANAGEMENT OF THE ELLESMERE CEMETERY.

THE following rules and regulations made under the provisions of "The Cemeteries Management Act, 1877," have been adopted by the Trustees of the Ellesmere Cemetery, this 13th day of September, 1878:—

1. Such portions of the Ellesmere Cemetery as may from time to time be fenced in for that purpose shall be divided as follows, viz.: First into portions of the said cemetery in which the exclusive right of burial in perpetuity may be acquired, in plots of ground 9 feet by 4 feet superficial measurement, marked out for that purpose and approved by the Trustees. The exclusive right of burial in perpetuity in such plots of ground may be sold by the Trustees to persons applying for the same at 10s. per plot.

2. Persons purchasing the exclusive right of burial may, by permission of the Trustees, fence in the plots of ground allotted to them, and may erect tomb-

stones, headstones, or other monuments thereon: Provided always that, before any such fence, tombstone, headstone, or other monument be erected, a plan thereof and a copy of every epitaph or other inscription be submitted to the Trustees and be duly approved by them.

3. No person shall be allowed to plant, in any portion of the cemetery, or on ground on which the exclusive right of burial has been thus acquired, except by express permission in writing from the Trustees, any tall-growing shrub or tree; or any shrub or tree planted in any portion of the cemetery, or on ground acquired for the exclusive right of burial as aforesaid, may at any time be trimmed, removed, or cut down by order of the Trustees.

4. Grants of exclusive right of burial in perpetuity shall be made out in the form marked A annexed to these regulations, on payment of a fee of 1s., and shall only be made out in the name of one particular person, to be named therein.

5. Any purchaser of exclusive right of burial in perpetuity in any particular plot of ground in the said cemetery, in which no interment shall have taken place, may, by permission of the Trustees, transfer his or her interest in the said plot of ground to any other person, upon payment being made to the Trustees of a transfer fee of 5s. for every such transfer, and on production to the Trustees of the original grant.

6. On the death of any person holding a grant of exclusive right of burial in perpetuity, the grant may be transferred to any other person applying to the Trustees for such transfer, on payment of a fee of 1s., on production of the original grant, and on their providing sufficient and satisfactory evidence of their authority to apply for the said transfer.

7. If at any time a grant of exclusive right of burial should be lost or accidentally destroyed, a duplicate grant can be obtained on application in writing made to the Trustees, and on payment of a fee of 5s. Persons applying for a duplicate grant must give satisfactory written evidence of the loss or destruction of the original grant, and of their authority to apply for a duplicate grant. Should the original grant be at any time found after the issue of a duplicate, the duplicate must be at once returned to the Trustees.

8. Parties applying for grants of exclusive right of burial, or for transfer or duplicate of the same, must at their own cost provide all necessary duty stamps.

9. The second division of the cemetery shall comprise plots of land set apart for the interment of such persons whose surviving relations or friends are unable, in the opinion of the Trustees, to purchase the exclusive right of burial in perpetuity in any part of the cemetery. No grave of this description shall, under any circumstances, be opened for any new interment sooner than after the expiration of at least five years from the date of last interment. Surviving relations or friends of those interred in such plots of ground may at any time purchase exclusive right of burial in perpetuity in such plots under clause 4.

10. A sexton will from time to time be appointed by the Trustees, whose duty it will be to dig all graves required in the cemetery, and no other person will be allowed to dig any grave therein, without express permission in writing from the Trustees.

11. All graves must be dug at least six feet deep, but, in the event of any person requiring a greater depth, an extra charge of 2s. will be made for every additional foot.

12. The Trustees shall keep, or cause to be kept, a book in which shall be entered from time to time the

number of every plot disposed of for the exclusive right of burial, the name of the purchaser, and date of disposal. They shall also keep a record of every plot of ground used for the purpose of interment, the name of the person interred, and date of burial.

13. As soon as possible after any portion of the cemetery is laid out for the purposes of interment, a complete plan thereof shall be made. The plan shall be marked out in plots, and each plot shall be numbered, and such plots shall be marked out by pegs in the ground.

14. The record-book and plan of the cemetery, when prepared, may be inspected by the public any day, Sundays and holidays excepted, by applying to the custodian of the said record and plan, on payment of a fee of 2s. 6d. The fee for inspection will be remitted in the case of persons applying for and taking out a burial-warrant.

15. In all cases of intended interment the person having the management or contract of the same shall apply for a burial-warrant to the Trustee, or other person appointed to issue the same. The warrant shall be in the form marked B annexed to these regulations, and shall be given to the party applying for the same on payment of a fee of not less than 10s.

16. The foregoing charge is in addition to any sums that may be paid for grants of exclusive right of burial. It does not include payment for any work required to be done, beyond the actual digging of any ordinary grave, and, after the interment, filling in the same. Persons who fence in plots of ground must do all levelling required at their own cost, and only on approval of the Trustees, and must at once remove from the cemetery all rubbish and earth not required. If not removed when required by the Trustees, they may cause the said rubbish and earth to be removed, and, if necessary, recover the costs and charges for the same in a summary manner in any Resident Magistrate's Court having jurisdiction in the district, or before any two or more Justices of the Peace.

17. The burial-warrant, when signed, shall be given by the party having the management of the funeral to the sexton, and shall be sufficient authority for the interment.

18. Burial-warrants must be given to the sexton at least six working hours prior to the time fixed for the funeral, otherwise an extra fee of 5s. must be paid. No free interment will be allowed without the above notice of six hours.

19. Until otherwise ordered, funerals will only be allowed between the hours of 8 a.m. and 5 p.m.

20. The following particulars must be given at the time of application for a burial-warrant, viz.: Name of deceased, officiating minister, number of plot in cemetery, denomination, class of burial, required size and depth of grave, age of deceased.

21. The costs and charges of burial of any person in the cemetery may in certain cases be remitted, on proof being given to the satisfaction of the Trustees that there are no funds available for payment of such fees, and that no person is to be found who is liable for the payment of the same.

22. The Trustees shall have power to appoint one or more of their number to receive all fees, keep all books and accounts, generally to superintend the laying out and improvement of the cemetery, and to sanction and authorize the erection of any fence, tombstone, headstone, or other monument, to issue burial-warrants, grants of exclusive right of burial in perpetuity, and transfers or duplicates of the same, and to superintend and authorize the construction of vaults according to these regulations.

23. All fences, enclosures, tombstones, headstones,

or other monuments left in a state of decay or broken down, may at any time be removed from the cemetery by order of the Trustees.

24. Persons purchasing the exclusive right of burial in perpetuity in any plot of ground in the cemetery may by permission of the Trustees excavate the same within one foot of their outside boundaries for the purpose of constructing a vault. Before any work is commenced towards the construction of any vault, the plan and specification of the work connected therewith shall be submitted to the Trustees for approval, and no work shall be commenced until such approval has been obtained.

25. All vaults shall be lined throughout with brick-work or concrete, and covered in with arched brick-work, concrete, or stone, set in cement. The depth, length, and breadth of vaults shall be according to agreement with the Trustees. The entrance to the vault shall be either by a stone at the top or by an iron door. In all cases entrances shall be securely fastened, and all work done to the satisfaction of the Trustees.

26. Coffins for vaults must be lined with lead or other approved metal, to be firmly and securely soldered. Coffins may be laid in vaults and covered in with concrete or cement, so as to prevent the escape of any noxious vapour.

27. All labour, materials, and tools required for constructing vaults, or for excavating for vaults, must be provided by the parties applying for the same.

28. All labour, materials, and tools required for reopening vaults for interments, and for reclosing the same, must be provided by the party owning the vault, and must be approved by the Trustees.

29. All vaults must be kept in proper order and repair by the surviving owner. If at any time they become out of proper order and repair, the Trustees may give the owner fourteen days' notice to repair the same, by leaving such notice at the last-known place of abode of the owner or his agent. If the address of the owner or his agent is not known, or if the owner fails to do or cause to be done the required repairs within the fourteen days above mentioned, the Trustees may at any time cause all such necessary repairs to be done, and no interment shall thereafter be allowed in such vault until all costs and charges of such repairs have been paid to the Trustees, together with interest at the rate of 10 per centum per annum.

30. All earth and rubbish thrown out when excavating for vaults must be removed by the person who applies for permission to construct such vault. If not at once removed when required by the Trustees, they may cause the said earth and rubbish to be removed, and the costs and charges of so doing may be recovered from the person applying for permission to construct such vault.

31. No interment shall be permitted in any vault until the party requiring to open such vault for interment has obtained a burial-warrant, as provided for ordinary burials, which warrant shall be sufficient authority for the vault named therein to be opened.

32. All charges made for any matter or thing relating to the cemetery shall be paid in advance.

33. No body shall be disinterred or removed from the cemetery except by order of a Coroner, without express permission in writing from the Trustees.

Examination of Teachers.

Education Department,
Wellington, 10th June, 1879.

THE following is the list of candidates who passed at the examination held at the end of March, 1879. Of the successful candidates those only are entitled to certificates who have attained the age of twenty-one years, have been engaged in school-teaching for at least two years, and have had marks assigned to them for their school-work. The list contains the names of some candidates who have qualified for a provisional certificate only, and who will receive from the department notice of the subjects in which they will be required to undergo further examination. The regulation as to the issue of provisional certificates to those who have, at this first examination under "The Education Act, 1877," declined to be examined in elementary science has been extended and made to apply to music and drawing, as well as to elementary science. In some cases the issue of the certificate will be deferred for reasons of which the candidates will be informed by the department. An asterisk before a name signifies that the issue of the certificate will be thus deferred, or that the candidate is entitled to a provisional certificate only.
