*Rules and Regulations of Kowai Pass Cemetery,  
County of Selwyn.*

Colonial Secretary's Office,  
Wellington, 12th November, 1879.

THE following rules and regulations of the Kowai Pass Cemetery, County of Selwyn, having been approved by His Excellency the Governor in Council, are published in accordance with the provisions of "The Cemeteries Management Act, 1877."

JOHN HALL.

RULES AND REGULATIONS OF THE KOWAI PASS  
CEMETERY.

THE following rules and regulations made under the provisions of "The Cemeteries Management Act, 1877," have been adopted by the Trustees of the Kowai Pass Cemetery, this 18th day of September, 1879:—

1. The Kowai Pass Cemetery shall be divided into burial plots, as follows, viz.: First, into portions of the said cemetery in which the exclusive right of burial in perpetuity may be acquired in plots of ground 9 feet by 6 feet superficial measurement, marked out for that purpose, and approved by the Trustees. These lots shall be sold by the Trustees to persons applying for the same at £1 10s. per plot.

2. Permission will be given by the Trustees to the purchasers of the exclusive right of burial to fence in the plots allotted to them, and erect tombstones, headstones, or other monuments thereon: Provided that before any such fence, tombstone, headstone, or other monument be erected, a plan thereof and a copy of the epitaph or inscription be submitted to the Trustees and be duly approved by them.

3. No tree or shrub shall be allowed to be planted in any portion of the cemetery, except by the express permission of the Trustees; and any tall-growing tree or shrub may at any time be trimmed, removed, or cut down by order of the Trustees.

4. Grants of exclusive right of burial in perpetuity shall be made out in the form marked A annexed to these regulations, on payment of a fee of 1s.

5. Any purchaser of exclusive right of burial in any plot of ground in which no interment shall have taken place may transfer his or her interest in the said ground to any other person with the sanction of the Trustees; and in the event of such transfer a fee of 5s. shall be paid to the Trustees.

6. If a grant of exclusive right of burial should be lost or accidentally destroyed, a duplicate can be obtained on application to the Trustees, and on payment of a fee of 5s.; and any person applying for such duplicate must give satisfactory evidence of the loss of the original grant, and of their authority to apply for a duplicate grant. Should the original grant be found at any time after the issue of the duplicate, the duplicate must be at once returned to the Trustees.

7. If at any time a transfer or duplicate of grants of exclusive right of burial shall be required, the parties applying for the same shall, at their own cost, provide all necessary duty stamps.

8. The second division of the cemetery shall comprise a portion of ground set apart for the interment of such persons as are not purchasers of and have not acquired the exclusive right of burial in any part of the cemetery. No grave of this description shall, under any circumstances, be opened for any new interment sooner than after the expiry of five years from the time of the first or last interment. No fencing or other obstruction rising more than one foot above the surface shall be allowed. Surviving relatives or friends of those interred in such plots may purchase exclusive right of burial in perpetuity in such plots under clause 4.

9. As soon as any portion of the cemetery is laid out for interment, a complete plan shall be made thereof showing the plots for sale; each plot shall be numbered, and such plots shall be marked out by pegs in the ground.

10. The Trustees shall cause to be kept a record-book, in which shall be entered from time to time the number of every lot sold, the name of the purchaser thereof, and the date of sale of the same. A record shall also be kept of every plot of ground used for the purpose of interment, the name of the person interred, and date of burial.

11. The record-book shall be open for the inspection of the public any day, except on Sundays and holidays, on paying a fee of 2s. 6d. for each inspection.

12. A sexton will from time to time be appointed by the Trustees, whose duty it will be to dig all graves required in the cemetery.

13. All graves must be six feet deep, but, in the event of purchasers of private ground desiring a greater depth, an extra charge of 2s. shall be made for every foot more than six feet deep.

14. In all cases of intended interment the person having the management or control of the same shall apply to the Trustees or other person appointed to issue the same for a burial-warrant, which warrant will be given on payment of a fee of not less than 12s. 6d.

15. The foregoing charge is in addition to any sums that may be paid for grants of exclusive right of burial, and does not include payment for any work required to be done beyond the actual digging of any ordinary grave, and filling in the same after interment.

16. The warrant for burial when signed shall be given by the party having the management of the funeral to the sexton, and shall be a sufficient authority for such interment: Provided always that such burial-warrant must be given to the sexton at least six working hours prior to the time fixed for the funeral, otherwise an extra fee of 5s. shall be charged.

17. Until otherwise ordered, the usual hours fixed for funerals will be from 8 o'clock a.m. to 5 o'clock p.m. No funerals will be allowed to take place between the hours of 7 o'clock p.m. and 7 o'clock a.m.

18. The name, age, probable cause of death of deceased, officiating minister, number of plot in cemetery, denomination, class of burial, size and depth of grave, must be stated on application for a burial-warrant.

19. The whole or part of the costs and charges of burial may in certain cases be remitted, on proof being given to the satisfaction of the Trustees that there are no funds available for the purpose, and that no person is liable for the payment of such costs and charges.

20. Before any work is commenced towards the construction of any vault, the plan and specification of such work shall be submitted to the Trustees for approval, and no such vault shall be allowed to be excavated without the express permission of the said Trustees, and their approval of the same has been obtained.

21. All vaults shall be lined throughout with brick-work or concrete, and every coffin in a vault or brick grave must be bricked in, cemented, and covered with a slab of stone, slate, or iron, and so as to prevent the escape of any noxious vapour.

22. All labour, tools, and materials required for the construction of any vault or brick grave must be provided by the parties applying for the same; and if any vault shall require to be reopened for interment or otherwise, the materials must be provided by

the party owning the same, subject to the approval of the Trustees.

23. All vaults shall be kept in good order, repair, and condition by the owner or surviving owner for the time being, and in case of default by the owner in repairing the same, after notice has been given to him or them so to do for fourteen days, it shall be lawful for the said Trustees to cause all such necessary repairs to be done; and no interment shall be allowed in the said vault until such costs and charges have been paid to the said Trustees, together with interest thereon, at the rate of £8 per centum per annum.

24. All earth and rubbish thrown out when excavating a vault shall be removed by the person who applies for permission to construct such vault.

25. No interment shall be permitted in any vault until the person applying for or requiring such interment has obtained a burial-warrant, as provided for ordinary burials.

26. No body shall be disinterred or removed from the cemetery except by the express permission of the Trustees, or an order from a Coroner.
