*Letter from Board of Trade on Inquiry into Strand-
ing of "Sophia R. Luhrs."*

Marine Department,
Wellington, 27th September, 1880.

THE following letter from the Board of Trade,
together with the enclosure thereto, on the sub-
ject of the inquiry into the stranding of the barque
"Sophia R. Luhrs," is published for general infor-
mation.

H. A. ATKINSON.

Board of Trade (Marine Department),
Whitehall Gardens, S.W., 6th July, 1880.
Inquiries.

SIR,—With reference to the inquiry recently held
at Wellington into the stranding of the barque
"Sophia R. Luhrs" on a rock which the Court found
was not marked on the Admiralty chart, I am
directed by the Board of Trade to state that a
copy of the report of the Court was forwarded to
the Lords Commissioners of the Admiralty, and a
copy of a letter containing their observations thereon
is enclosed herewith.

I have, &c.,

THOMAS GRAY.

The Secretary, Marine Department,
Wellington, New Zealand.

Admiralty, 1st July, 1880.

SIR,—I have laid before my Lords Commissioners of
the Admiralty your letter of the 17th instant, M.
10926, forwarding copies of a report of inquiry held
in New Zealand, and of a casualty return Wr. 1,
relating to the stranding of the "Sophia R. Luhrs"
on a sunken rock not marked on the Admiralty
chart, half a mile S.E. of the reef on the western
point of Lyall Bay, Cook Strait, New Zealand.

2. In reply, I am to acquaint you, for the informa-
tion of the Board of Trade, that it appears this vessel
was running for Port Nicholson with a fresh fair
wind, and was apparently hove-to off Lyall Bay to
wait for the flood tide to work into the harbour, and,
while hove-to, drifted on to a rock, the lead not being
used. The rock is stated in these papers to be half
a mile S.E. from the end of the reef on the west side
of Lyall Bay; but from information published by
the New Zealand Government it is described as
being but one and a half cables E. by S. from the
end of that reef.

3. The Court of Inquiry held at Wellington ex-
onerates the master from blame on the ground that
the rock was not defined on the chart, but adds that
he had not acted prudently.

4. It appears to my Lords that the question of
the chart had little, if anything, to do with the
casualty in question.

The master was not justified in making so free
with such a reef-bound coast as that westward of

Port Nicholson without using the lead; and if the
directions in "The New Zealand Pilot" had been
more closely followed, the vessel should not have
come within a mile of the point eastward of Sinclair
Head.

5. My Lords will cause the charts to be amended
accordingly, and a notice to mariners issued.

I have, &c.,

E. N. SWAINSON.

The Assistant Secretary,
Marine Department, Board of Trade.

Notice to Mariners.—No. 42 of 1880.

Marine Department,
Wellington, 22nd September, 1880.

THE following Notices to Mariners, received from
the Commissioner of Trade and Customs, Mel-
bourne, and Marine Board, Port Adelaide, are pub-
lished for general information.

JOHN HALL,

(in absence of the Minister having charge
of the Marine Department.)

PORT PHILLIP HEADS.

MARINERS, pilots, and others navigating the South
Channel, Port Phillip Bay, are hereby informed that,
on and after the 1st September next, the colour of
the red light at Point Lonsdale will be deepened to
a darker red than at present shown, between the
bearings of W. by S. and W. by N. The red light
of the Swan Spit Lighthouse will also be deepened
between the bearings of N.W. and S.W. by W.

This deepening of colour is made to prevent the
possibility of mariners navigating the eastern en-
trance of the South Channel mistaking these lights
for the Pile Light in the South Channel.

CHARLES B. PAYNE,

Chief Harbourmaster.

Department of Ports and Harbours,
Melbourne, 25th August, 1880.

Notice to Mariners.—No. 43 of 1880.

Wellington, 28th September, 1880.

THE following Notices to Mariners, received from
the Superintendent, Marine Survey of India,
and Portmaster, Brisbane, are published for general
information.

WESTERN ROUTE BETWEEN AUSTRALIA AND CHINA.
CAPTAIN BACHE, of the barque "Queen of Nations,"
reports that when on a voyage from Brisbane to
Manilla, on the 5th June last, lat. at noon being 10°
6' S., and long. 156° 13' 30" E., after sailing four
knots N.N.W., he suddenly saw breakers, rocks, and
sand, bearing from S. by W. to W. by S., distant
about five miles.

H. W. WYBORN,

Acting Portmaster.

Department of Ports and Harbours,

RED SEA—GULF OF SUEZ.—SUEZ BAY—LIGHTS AT PORT IBRAHAM.

INFORMATION has been received that the under-mentioned lights are now exhibited at Port Ibrahim, Suez Bay:—

1. Two floating lights are placed 897 yards seaward of the entrance of the harbour—green on the northern side of the channel, red on the southern side.

2. A fixed green light is shown from the extremity of the north mole head; a fixed red light from the extremity of the south mole head.

3. A fixed white light is shown from the extreme (western) end of the inner pier of the harbour.

NOTE.—The foregoing green and red lights mark the channel into the port. Entering Port Ibrahim the green lights are left on the port hand, the red lights on the starboard hand, the vessel being steered for the white light on the inner pier.

4. Also that it is intended, when the state of the sea prevents the exhibition of the floating lights, to show two lights, green and red placed vertically, from the eastern commencement of the inner pier. These lights kept in line with the white light at the extreme (or western) end of the pier will then indicate the channel.

BUOYAGE.—Also that a buoy has been placed on each side of the channel to Port Ibrahim, 568 yards from the mole heads—the northern buoy in a line with the green lights, the southern buoy in a line with the red lights.

By direction of the Government of India.
