Description of the Bush Lands, upon Immediate Payments.—These 28 sections, comprising about 3,655 acres of forest land, lie on the west bank of the Waingongoro River, and inland of the Waimate Plains, of which they are the continuation, the land being one continuous level or easy slope from the sea backwards for about fifteen miles. From Manaia and Okaiawa, on the open plains, roads are now being opened up to this land, and similarly other road-lines are being cleared to give access to the railway-line from Waitara and New Plymouth, which is now open to Eltham Station, within about a mile of the block. The continuation of the railway to Hawera is now under construction; it skirts the land for three miles, and when completed the distance by rail to Hawera will be eight to ten miles. With the exception of a few rata, the bush is mostly soft woods and other light timber, and is easily cleared. The country is well watered, and is admirably adapted for conversion into grass lands.

Lithograph plans of the land may be obtained at any of the land offices in the colony.

OPEN LAND.

The following sections of open land in the Waimate Plains proper will be offered at the same time and place, at an upset price of £4 per acre:—

Block VII.: Section 31, 92 acres; Section 32, 103 acres.

C. A. WRAY,
Commissioner of Crown Lands for the West Coast Land District (North Island).
