Any person discovering any stoppage or derangement of the ventilation, injury to air-crossings, doors, stoppings, brattices, or air-pipes, or observing any obstruction in an air-course, a weakness in the roof, or deficiency of timber, or accumulation of gas or water, shall immediately give notice to the men and boys in that part of the mine, and to the Manager or Underviewer.

17. Any person passing through a door must instantly close it; and no person shall injure a door or leave it open, break down or interfere with a stopping or a brattice, obstruct or damage an air-course, air-crossing, or air-pipe, or remove a caution-board or danger-signal, or do anything to interfere with the proper working of the mine, without an order from the Manager. No door must be propped or fastened back whilst on its hinges. All doors must be kept in good repair, and hung so that they will fall to of themselves.

18. No person shall leave any light or any gun-powder in any part of the mine when leaving his work.

19. Shots must be rammed with soft material not likely to strike fire, and no person shall fire shots without authority from the Manager.

21. No coal or other material shall be raised or lowered in the shaft when any person is therein.

22. The Manager or some other competent person shall, every morning before commencing work, examine the ropes and winding gear, and the horse-harness, and if he find any weakness or defect therein shall not allow coal to be raised until such weakness or defect be remedied.

*Description of the Land.*—These sections are inland of the Waimate Plains and to the west of the Waingongoro Stream. They adjoin the continuous belt of Native reserves.

From Manaia and Okaiawa, on the open plains, roads are now being opened up to this land, and other roadways are being cleared to give access to the railway-line from Waitara and New Plymouth, which is now open to the Eltham Station, within about a mile of the block.

The continuation of the railway to Hawera is now under construction; it skirts the land for three miles, and when completed the distance by rail to Hawera will be about ten miles.

With the exception of a few rata the bush consists mainly of soft woods and other light timber, and can easily be cleared. The country is well watered, and is admirably adapted for conversion into grass lands.

Twenty-two sections, scattered over the block, have been disposed of at good prices on the deferred-payment system, and one-third of the proceeds will, under the provisions of "The Land Act, 1877," Part III., be spent on roads within or to open up the block for the benefit of the selectors.

*Terms of Payment.*—The terms of payment are: One-fourth cash to accompany the application, and the remaining three-fourths within one month after the applicant has been declared the purchaser. The Crown-grant fee to be paid with the balance of the purchase-money.

C. A. WRAY,  
Commissioner of Crown Lands.

*Sale of Crown Lands, Napier District.*

Crown Lands Office,  
Napier, 30th March, 1881.

NOTICE is hereby given that the under-mentioned allotments of land will be offered for sale by public auction, at the Council Chamber, Napier, on Wednesday, the 11th day of May next, at 11 o'clock in the forenoon.

One-fourth of the purchase-money to be paid at the sale, and the remainder within one calendar month, or the deposit will be forfeited.

J. T. TYLER,  
Commissioner of Crown Lands.
