Present:

THE HONORABLE THE PREMIER PRESIDING IN
COUNCIL.

WHEREAS by the sixteenth section of "The Harbours Act, 1878," it is enacted that in any harbour where no Harbour Board is in existence the Governor in Council may authorize any person to construct harbour works (other than the reclamation of land from the sea, or any harbour, or the construction of any graving dock, dock, or breakwater in any harbour or in the sea), and to use and occupy such part of the foreshore, or of any tidal land or tidal waters, as may be necessary for the construction or use of such harbour works in any harbour where no Harbour Board is in existence: And whereas by the seventeenth section of the said Act it is also enacted that every such Order in Council shall be made upon such terms and conditions as the Governor in Council thinks fit, and the rights thereby conferred shall only be granted for a limited period not exceeding in any case fourteen years, and may at any time be altered, modified, or revoked: And whereas by the one hundred and fifty-second section of the said Act it is further enacted that, where it shall appear to the Governor in Council that any harbour works are required for the use, benefit, or convenience of the public within a harbour under the

control of a Harbour Board, and that such Board cannot conveniently execute or carry out such works, then, and in any such case, the Governor in Council may exercise the powers vested in him by the sixteenth, seventeenth, and eighteenth sections of the said Act:

And whereas George Gray Russell desires to build a wharf, for the use, benefit, and convenience of the public, in Otago Harbour, which harbour is within the control of the Otago Harbour Board; but the said Board cannot conveniently execute or carry out such work; and the said George Gray Russell has applied to the Governor in Council for the issue of this order:

And whereas the said George Gray Russell has deposited plans of the said wharf (marked M.D. 612 and 613) at the office of the Marine Department at Wellington, in the manner prescribed by the one hundred and fifty-sixth section of the said Act, and, it having been made to appear to the Governor in Council that the proposed work will not be or tend to the injury of navigation, the Governor in Council hath this day approved of the said deposited plans without any modification or addition, and subject to the conditions set forth in this Order in Council:

Now, therefore, the Governor of the Colony of New Zealand, in pursuance and exercise of the power and authority vested in him by the said Act, and by and with the advice and consent of the Executive Council of the said colony, doth hereby authorize the said George Gray Russell to build in Otago Harbour, for the use, benefit, and convenience of the public, a wharf, in accordance with the said plan marked M.D. 613, and in the position shown on the said plan marked M.D. 612, and to use and occupy such portion of the foreshore or of any tidal land or tidal water as may be necessary for the construction and use of such wharf, subject to the following conditions, that is to say,—

1. That all persons shall, at all reasonable times, either in the daytime or at night, have free and full liberty to use the above-mentioned wharf, after the same shall have been completed in accordance with the said plans, and to have ingress to and upon the said wharf, and egress therefrom, and regress thereto, as occasion may require.

2. That every person, authority, or thing exempt from harbour dues under the one hundred and thirty-second section of the said Act shall also be exempt from all dues or payments in respect of the said wharf or the use thereof.

3. That the said George Gray Russell shall maintain and keep the above-mentioned wharf and all erections thereon in good order and repair, and shall at all times permit to be erected and exhibited therefrom any lights for the guidance of vessels, and shall maintain at his own cost any such lights: Provided that no light shall be exhibited until after it has been approved of by the Minister.

4. That any person authorized by the Minister may at all reasonable times enter upon the said wharf and any buildings erected thereon, and view the state of repairs thereof; and that, upon the Minister leaving at or posting to the last known address of the said George Gray Russell a notice in writing of any defect or want of repair in such wharf or buildings, requiring him, within a reasonable time to be therein prescribed, to repair the same, he shall, with all convenient speed, cause such defect to be removed or such repairs to be made.

5. That the said George Gray Russell will not erect or suffer to be erected on the said wharf any building or structure whatever, except with the consent of the Minister.

done anything repugnant to or inconsistent with any law relating to the Customs, or any regulation of the Commissioner of Customs, or with any provisions of "The Harbours Act, 1878," or its amendments, or any regulations made thereunder, and that are now or may hereafter be in force.

7. That the ballast of all vessels loading at the said wharf shall be taken away by the said George Gray Russell and deposited above high-water mark, or at such place as may be approved of by the Otago Harbour Board.

8. That the rights, powers, and privileges conferred by this Order in Council shall continue in force for ten years, computed from the date of this Order in Council, unless in the meantime such rights, powers, and privileges shall be altered, modified, or revoked by competent authority.

9. That the rights, powers, and privileges conferred under or by virtue of this Order in Council may be at any time resumed by the Governor without payment of any compensation whatever, on giving to the said George Gray Russell six calendar months' previous notice in writing. Any such notice shall be sufficient if given by the Minister, and delivered at the last known address of the said George Gray Russell.

10. The said George Gray Russell shall not sell, mortgage, lease, or otherwise part with, charge, or encumber the said wharf, or any right or privilege hereby conferred upon it, without the consent in writing of the Minister.

11. Nothing contained in this Order in Council shall be deemed to prevent its revocation at any time and without any notice in case the said George Gray Russell shall—

- (1.) Commit or suffer a breach of the conditions hereinbefore set forth, or any of them; or
- (2.) Cease to use or occupy the said wharf.

And publication in the *New Zealand Gazette* of an Order in Council containing such revocation shall be sufficient notice to the said George Gray Russell, and to all persons concerned or interested in the said wharf, that this Order in Council and the rights and privileges thereby conferred have been revoked and determined.

12. In these conditions the term "Minister" means the Minister having charge of the Marine Department, as defined by "The Shipping and Seamen's Act, 1877," and includes any officer, person, or authority acting by or under the direction of such Minister.

A bonus of one thousand pounds (£1,000) will be given for the production, in New Zealand, of 300 tons of pig-iron, of marketable quality, from ore produced in New Zealand.

Conditions.

1. The bonus not to be given for any quantity less than 100 tons.
2. Notice of the intention to erect ironworks and claim the bonus must be given to the Colonial Secretary before the 31st December, 1882.
3. The bonus must be claimed before the 31st December, 1883.
4. In the event of more than one claimant giving such notice, not more than seven-tenths of the bonus may be claimed by the first producer, and not more than three-tenths by the second producer; but if only one claimant becomes a producer on the above conditions, he may claim the whole of the bonus.
5. The iron in respect of which any bonus is claimed, and the ore from which it is manufactured, will be examined by an officer to be appointed by the Government, who may require the production of *bona fide* account sales of quantities not less than 100 tons weight, showing that such iron has been sold at a fair market price as pig-iron.

Examination of Teachers.

Education Department,
Wellington, 29th March, 1882.

THE following lists contain statements of the principal results of the examination held at the end of January, 1882. It must be understood that the granting of a certificate depends only in part upon the result of an examination, and that candidates who have not had the experience required by the regulations, or who do not receive the necessary marks from a School Inspector, have no claim to a certificate.

The first list contains the names of the successful candidates at the examination for Class D. The second supplies similar information with regard to Class E. The third and fourth lists give the names of candidates who will be allowed to qualify for Classes D and E respectively, by passing at the next examination in those subjects only in which they have this year been unsuccessful. The fifth is the list of candidates whose status before the examination was "provisional," and who have now passed in the additional subjects necessary for a full certificate.

Every candidate will receive a private intimation of his success or failure, and those whose names are in the third and fourth lists will be advised as to the subjects in which they will require to be examined again.

An asterisk against a name signifies that the candidate is too young to hold a full certificate.
