JAMES PRENDERGAST,
Administrator of the Government.

ORDER IN COUNCIL.

At the Government House, at Wellington, this third day of July, 1882.

Present:

HIS EXCELLENCY THE ADMINISTRATOR OF THE GOVERNMENT IN COUNCIL.

WHEREAS by the sixteenth section of "The Harbours Act, 1878," it is enacted that in any harbour where no Harbour Board is in existence the Governor in Council may authorize any person to construct harbour works (other than the reclamation of land from the sea or any harbour, or the construction of any graving dock, dock, or breakwater in any harbour or in the sea), and to use and occupy such part of the foreshore, or of any tidal land or tidal waters, as may be necessary for the construction or use of such harbour works in any harbour where no Harbour Board is in existence: And whereas by the seventeenth section of the said Act it is also enacted that every such Order in Council shall be made upon such terms and conditions as the Governor in Council thinks fit, and the rights thereby conferred shall only be granted for a limited period, not exceeding in any case fourteen years, and may at any time be altered, modified, or revoked:

And whereas the Mercury Bay Timber Company (Limited), of Auckland, desires to build a wharf, for the use, benefit, and convenience of the public, in Whitianga Harbour, Mercury Bay, a place where no Harbour Board is in existence, and the said Mercury Bay Timber Company (Limited) has applied to the Governor in Council for the issue of this order:

And whereas the said Mercury Bay Timber Company (Limited) has deposited plans of the said wharf and the site thereof (marked M.D. 646 and 647) at the office of the Marine Department at Wellington, in the manner prescribed by the one hundred and fifty-sixth section of the said Act, and, it having been made to appear to the Administrator of the Government in Council that the proposed work will not be or tend to the injury of navigation, the Administrator of the Government in Council hath this day approved of the said deposited plans, with the modification of the front line of the wharf, by shortening its northern end from two hundred and sixty to two hundred and twenty feet, and subject to the conditions set forth in this Order in Council:

Now, therefore, the Administrator of the Government of the Colony of New Zealand, in pursuance

and exercise of the power and authority vested in him by the said Act, and by and with the advice and consent of the Executive Council of the said colony, doth hereby authorize the said Mercury Bay Timber Company (Limited) to build in Whitianga Harbour, Mercury Bay, for the use, benefit, and convenience of the public, a wharf, in accordance with, and in the position shown on, the said plans marked M.D. 646 and 647, and to use and occupy such portion of the foreshore or of any tidal land or tidal water as may be necessary for the construction and use of such wharf, subject to the following conditions, that is to say,—

1. That all persons shall, at all reasonable times, either in the daytime or at night, have free and full liberty to use the above-mentioned wharf, after the same shall have been completed in accordance with the said plans, and to have ingress to and upon the said wharf, and egress therefrom, and regress thereto, as occasion may require.

2. That every person, authority, or thing exempt from harbour dues under the one hundred and thirty-second section of the said Act shall also be exempt from all dues or payments in respect of the said wharf or the use thereof.

3. That the Company shall maintain and keep the above-mentioned wharf and all erections thereon in good order and repair, and shall at all times permit to be erected and exhibited therefrom any lights for the guidance of vessels, and shall maintain at its own cost any such lights: Provided that no light shall be exhibited until after it has been approved of by the Minister.

4. That any person authorized by the Minister may at all reasonable times enter upon the said wharf and any buildings erected thereon, and view the state of repairs thereof; and that, upon such Minister leaving at or posting to the last known address of the Company a notice in writing of any defect or want of repair in such wharf or buildings, requiring the Company, within a reasonable time to be therein prescribed, to repair the same, the Company shall, with all convenient speed, cause such defect to be removed or such repairs to be made.

5. That the Company will not erect or suffer to be erected on the said wharf any building or structure whatever, except with the consent of the Minister.

6. That nothing herein contained shall authorize the Company to do or cause to be done anything repugnant to or inconsistent with any law relating to the Customs, or any regulation of the Commissioner of Customs, or with any provisions of "The Harbours Act, 1878," or its amendments, or any regulations made thereunder, and that are now or may hereafter be in force.

7. That the ballast of all vessels loading at the said wharf shall be taken away by the Company and deposited above high-water mark, or at such place as may be approved of by the Minister or by the Harbourmaster at Mercury Bay.

8. That the rights, powers, and privileges conferred by this Order in Council shall continue in force for fourteen years, computed from the date of this Order in Council, unless in the meantime such rights, powers, and privileges shall be altered, modified, or revoked by competent authority.

9. That the rights, powers, and privileges conferred under or by virtue of this Order in Council may be at any time resumed by the Governor without payment of any compensation whatever, on giving to the Company six calendar months' previous notice in writing. Any such notice shall be sufficient if given by the Minister, and delivered at the last known address of the Company.

10. The Company shall not sell, mortgage, lease, or otherwise part with, charge, or encumber the said

wharf or any right or privilege hereby conferred upon it without the consent in writing of the Minister.

11. Nothing contained in this Order in Council shall be deemed to prevent its revocation at any time and without any notice in case the Company shall—

(1.) Commit or suffer a breach of the conditions hereinbefore set forth, or any of them;

(2.) Be in any manner wound up or dissolved; or

(3.) Cease to use or occupy the said wharf.

And publication in the *New Zealand Gazette* of an Order in Council containing such revocation shall be sufficient notice to the Company, and to all persons concerned or interested in the said wharf, that this Order in Council and the rights and privileges thereby conferred have been revoked and determined.

12. In these conditions the term "Minister" means the Minister having charge of the Marine Department, as defined by "The Shipping and Seamen's Act, 1877," and includes any officer, person, or authority acting by or under the direction of such Minister.

THE following despatch, received from Her Majesty's Principal Secretary of State for the Colonies, is published for general information.

THOMAS DICK.

(Circular.)

Downing Street, 18th April, 1882.

SIR,—With reference to my circular despatch of the 20th January last, I have the honor to transmit to you, for information in the colony under your Government, copies of revised regulations governing the examination and entry of naval cadets, which will come into effect for the examination taking place after June next.

I have, &c.,

The Officer Administering the
 Government of New Zealand.

REGULATIONS RESPECTING NAVAL CADETS.—(FOR THE INFORMATION OF CANDIDATES.)

To take effect after June, 1882.

1. Appointments to naval cadetships will be made by limited competition, with the under-mentioned exceptions :—

Four cadetships given annually to sons of gentlemen in the colonies, on the recommendation of the Secretary of State for the Colonies :

Service cadetships, the total number of which is not to exceed five in any one year. Service cadets will be selected by the Board of Admiralty from—(a) sons of officers of the army, navy, or marines who have been killed in action, or who have been lost at sea on active service, or killed on duty, or who have died of wounds received in action or injuries received on duty within six months from the date of such action or injury ; (b) sons of officers of the navy who have performed long or distinguished service, and who hold or have held rank or relative rank on the active list not lower than that of commander ; not more than two such service cadets to be nominated annually :

Applications for service cadetships should be addressed to the Military Secretary, Horse Guards, if the candidate is the son of an officer of the army ; to the Secretary of the Admiralty, if the candidate is the son of an officer of the navy or marines ; and to the Military Secretary, India Office, if the candidate is the son of an officer of the Indian army.

Colonial and service cadets will be entered on passing the test examination specified in paragraph 8, and will in all other respects be subject to these regulations.

The examination of candidates nominated to compete, and also of service cadets, will be conducted by the Civil Service Commissioners. A fee of ten shillings will be required from each candidate.

2. Except in special circumstances not more than one-third of the number of candidates actually presented themselves before the Civil Service Commissioners will be entered.

3. Nominations for naval cadetships will take place half-yearly, as soon as convenient after the report of the last examination has been received.

4. Examinations of the young gentlemen who have obtained nominations will be held in London, and will commence on the second Wednesday in June and the last Wednesday in November in each year, and the appointments will date from the 15th July and 15th January following respectively.

5. No candidate will be eligible for examination in June whose age will not be within the following limits on the 15th July following, viz., not less than twelve nor more than thirteen and a half years of age, nor in November whose age will not be within those limits on the 15th January following.

6. Every candidate must be in good health, and free from any physical defect of body, impediment of speech, defect of sight or hearing, and also from any predisposition to constitutional or hereditary disease or weakness of any kind, and in all respects well developed and active in proportion to his age. Before being examined by the Civil Service Commissioners he will be required to pass the medical examination according to the prescribed regulations, and must have been found physically fit for the navy; rejection at such examination will finally exclude him from the navy.

7. The candidate will be required to produce (1) a certificate of the date of his birth,* or a declaration thereof made before a Magistrate; (2) a certificate of good conduct from the masters of the school or schools at which he may have been educated during the two previous years, or, if educated at home, from his tutor or the clergyman of the parish in which he resides; and (3) a certificate of good health.

8. The candidates will be tested by examination in the following subjects:

	Marks.
(1.) Arithmetic: Including proportion, vulgar and decimal fractions	250
(2.) Algebra: Including fractions and simple equations of one unknown quantity	175
(3.) Geometry: Definitions, postulates, axioms, and subjects of the first twenty-six propositions of Euclid's Elements	175
(4.) English: Writing from dictation—spelling 75, handwriting 25	100
English: Reading with intelligence, and parsing easy sentences	100
(5.) French: Translating, by aid of a dictionary, French into English, and English into French; reading, parsing, and speaking	200
(6.) Scripture history	100
Candidates will be further examined in any two of the following subjects they may select:—	
Elementary mathematics: Miscellaneous questions in arithmetic, algebra (including quadratic equations), and geometry to the end of the first book of Euclid's Elements	300
Latin: Reading, parsing, and translating by aid of a dictionary, Latin into English, and English into Latin	300
Geography and English history	300

The final order of merit will be determined by the sum of marks obtained in the test, as well as in the further examination.

In arithmetic the candidate will be required to obtain five-tenths, and in each of the other subjects of the test examination four-tenths, of the marks allotted thereto. In English the candidate must obtain four-tenths of the marks allotted for each of the two subdivisions of the subject.

9. Colonial and service cadets will be appointed on passing the test examination; they must, however, obtain 660 marks in the aggregate, as well as the proportion of marks in arithmetic and other subjects required from the candidates who compete.

10. A candidate who passes the test examination, but does not succeed in the competition, will be entitled to compete at the next examination, provided he is within the regulations as to limits of age at that time. No candidate will be allowed to compete more than twice. A candidate who fails to pass the test will not be entitled to another trial, but he will be allowed to compete at the next examination if he receives a fresh nomination and is still within the limits of age.

11. A candidate who, owing to illness, fails to appear at the examination for which he has obtained his nomination may receive a second nomination, provided he is still within the limits of age.

12. For all cadets entered under these regulations the payment will be at the rate of £70 per annum for

the period in the "Britannia," to be paid half-yearly in advance to the Accountant-General of the Navy. But the Lords Commissioners of the Admiralty reserve the power of selecting from among the cadets entered at each half-yearly examination a number, not to exceed ten, being sons of officers of the navy, army, or marines, or of civil officers under the Board of Admiralty, with respect to whom the annual payment will be £40 only. In this selection their Lordships will have regard solely to the pecuniary circumstances of the cadets.

13. The period of training on board the "Britannia" will be four terms; there will be two terms in each year. The first term of each year will be from February to July, the second from September to December.

The vacations will be five weeks at Christmas, two weeks at Easter, and six weeks at Midsummer.

14. There will be examinations in seamanship and study at the end of each term.

Cadets who pass unsatisfactory examinations, or who are reported for unsatisfactory conduct, will be "warned," and they will be liable to be discharged at the end of the following or any subsequent term should they again be reported as failing to attain the proper number of marks at the examinations, or for unsatisfactory conduct.

If a cadet is reported for unsatisfactory conduct during his final term he will be discharged without being allowed to present himself at the examination for passing out of the "Britannia."

Any cadet who shall appear to their Lordships for any reason to be unfit for the service will be removed from the "Britannia."

15. It is to be distinctly understood that the period of training on board the "Britannia" is a time of probation, and the parent or guardian of every cadet will be required to sign a declaration (on the admission of the cadet to the "Britannia") to the effect that he shall be immediately withdrawn on the receipt of an official intimation of his being considered unfit for the navy.

16. Cadets will, on passing out of the "Britannia," rank according to the amount of sea-time they obtain at their final examination, and those who obtain equal amounts of sea-time will rank in the order of merit in which they pass out of the "Britannia."

17. The parent or guardian of every cadet will be required to provide outfit under the regulations in force.

18. Pay and pocket-money will not be allowed by Government to cadets entered in and after June, 1881.

By command of their Lordships.
