2. Intoxicating drinks shall not be allowed in or about the mine without the consent of the Manager, and then only in cases of necessity; and no person in a state of intoxication shall be allowed to be in or about the mine.

## MANAGER.

3. The Manager shall take all reasonable means for carrying out the requirements of the Act and special rules, by publishing and, to the best of his power, enforcing them. He shall be responsible for the appointment of a sufficient number of competent persons to carry out the requirements of the Act and the special rules, and also to see that the working of the mine is carried on with all reasonable provisions for the safety of the persons employed.

4. The Manager shall see that an adequate amount of ventilation is constantly produced in the mine to dilute and render harmless noxious gases to such an extent that the working-places of the shafts, levels, stables, and workings of the mine, and the travelling roads to and from such working-places, shall, so far as is reasonably practicable, be in a fit state for working and passing therein.

5. The Manager shall see that an ample supply of timber, props, sprags, and other requisite materials are always on the premises, and that the same are distributed. He shall see that the roof and the sides in all working-places are properly secured by the persons working in them, and that the roof and sides of every travelling road be made and kept secure.

6. Where a place is likely to contain a dangerous accumulation of water, the Manager shall see that the working approaching such place does not exceed eight feet in width, and that there is constantly kept at a sufficient distance, not being less than five yards in advance, at least one bore-hole near the centre of the working, and sufficient flank bore-holes on each side.

7. The Manager shall see that the air-ways and air-crossings are kept properly opened, and shall travel through the air-ways at least once a week. He shall see that a ventilating furnace or other ventilating apparatus is provided if the natural current be insufficient, and that the same is properly attended to.

8. The Manager shall see that all the provisions contained in this Act as to the employment of boys and male young persons are strictly enforced.

9. The Manager shall see that all places not in actual use are properly fenced across the whole width, so as to prevent persons inadvertently entering the same.

10. The Manager shall see that all the provisions contained in the Act relating to the use of gunpowder and other explosive substances used in the mine are strictly enforced.

11. The Manager shall see that proper man-holes and signals which are made or provided are kept in good order, according to the provisions of the Act.

12. The Manager shall withdraw men from working-places which are in any way unsafe.

## MINERS.

15. In addition to the examination by the under-viewer, or other officer, each work-person must examine his working-place before commencing work, and from time to time during his shift, and withdraw in case of danger.

16. Any person discovering any stoppage or derangement of the ventilation, injury to air-crossings, doors, stoppings, brattices, or air-pipes, or observing any obstruction in an air-course, a weakness in the roof, or deficiency of timber, or accumulation of gas or water, shall immediately give notice to the men and boys in that part of the mine, and to the Manager or underviewer.

17. Any person passing through a door must instantly close it; and no person shall injure a door or leave it open, break down or interfere with a stopping or a brattice, obstruct or damage an air-course, air-crossing, or air-pipe, or remove a caution-board or danger-signal, or do anything to interfere with the proper working of the mine, without an order from the Manager. The following remarks apply only to the above four principal boroughs :—

The births were 230 in June, against 238 in May, a decrease of 8.

The deaths in June were 95, against 93 in May, an increase of 2.

There were 6 deaths of persons of 65 years and upwards: a male of 68 died at Auckland; 3 males, two of 82 and one of 81, at Wellington; and 2 males, of 83 and 77, at Dunedin.

**Zymotic Diseases.**—These diseases caused 16 deaths, or 16·84 per cent. of the total deaths in June, against 22 deaths, or 23·66 per cent., in May. The number of deaths from these causes was less in June than in any one of the previous twelve months, except August, when the number was 13. The highest number was 28 in February last. There were 3 deaths from scarlet fever in June, against 6 in May. No death was registered in these boroughs in June as from typhoid fever.

**Constitutional Diseases.**—The deaths from these causes increased from 10 in May to 16 in June; constitutional diseases having caused 8 deaths in June, against 3 in May: of these, the deaths from cancer amounted to 6 in June and 2 in May. The deaths from phthisis were 7 in June, against 4 in May.

**Local Diseases.**—These diseases caused 40 deaths in June, against 42 in May. While deaths from diseases of the nervous system decreased from 14 in May to 10 in June, those from diseases of the respiratory organs increased from 10 in May to 15 in June.

The subjoined table shows the mortality for the last two months at each of these four boroughs from six principal zymotic diseases of the miasmatic order, and also the deaths from certain inflammatory diseases of the lungs. These causes of death have been distinguished from the others of the classes to which they belong, as being the most important special diseases which give rise to sudden increases in the death-rates of towns, and the prevalence of which is closely connected with sanitary condition and climatic influence of the season on health.

CITY OF DUNEDIN.

STATUTORY NOTICE AS TO BY-LAW No. 21, IN RESPECT OF TRAMWAYS WITHIN THE CITY OF DUNEDIN.

**P**UBLIC notice is hereby given that, at a Special Meeting of the Council of the City of Dunedin, held at the Town Hall Buildings on Tuesday, the 13th day of June, 1882, the said Council did adopt the following By-law No. 21, made pursuant to powers contained in sections 339 to 349 of "The Municipal Corporations Act, 1876," sections 47 and 49 of "The Tramways Act, 1872," and of all other enabling powers.

Dated at Dunedin, this 13th day of June, 1882.

By order of the Council.

ADAM GIBSON,  
Town Clerk.

THE BY-LAW ABOVE REFERRED TO.

BY-LAW No. 21.

*A By-law affecting Tramways within the City of Dunedin.*

IN pursuance of the powers and provisions contained in sections 47 and 49 of "The Tramways Act, 1872," and of all other powers hereunto enabling them, the Council of the City of Dunedin ordain as follows, that is to say,—

From and immediately after the day upon which this by-law shall come into operation, the following provisions shall apply to all tramways within the said city:—

Interpretation.

1. The word "tram-car" whenever used in this by-law shall mean any carriage being used or intended to be used in connection with any tramway within the said city; the words "the said city" shall mean the City of Dunedin; and the word "promoter" shall mean the promoter within the meaning of "The Tramways Act, 1872."

Tram-cars to be licensed.

2. No tram-car shall be used on any tramway within the said city unless such tram-car shall be at all times duly licensed by the said Council, as hereinafter mentioned.

Tram-cars in good Order.

3. No license shall be issued for any tram-car unless such tram-car is safely constructed, in thorough repair, properly ventilated, and enclosed with doors, and glazed, to the satisfaction of the said Council, or of their Inspector duly authorized in that behalf: Provided, nevertheless, that for cable or wire-rope tramways the said Council may, in its discretion, license tram-cars which are not enclosed or glazed.

Licenses.

4. Tram-car licenses may be granted by the Town Clerk of the said city, and shall contain such particulars as the said Council shall direct; but no charge shall be made for any such license.

Number of Passengers.

5. In every such license there shall be specified the number of the license, the name of the promoter to whom the license is granted, also the maximum number of persons to be carried at one time in and by the tram-car to which such license shall apply.

Duration of License.

6. Such licenses shall continue in force for the space of twelve months, and no longer; but on the expiration of such term such licenses may be renewed from time to time for a similar term if the respective tram-cars for which renewed licenses are required shall, in the opinion of the said Inspector, to be certified in writing under his hand, be then in a fit and proper

condition within the meaning of clause 3 of this by-law: Provided always that it shall be lawful for the said Council at any time to revoke and make void any such license or licenses in case they shall be satisfied, and shall by resolution declare, that the tram-car or tram-cars in respect of which such license or licenses shall have been issued is or are not in such fit and proper condition as aforesaid; and in case the promoter shall continue to use on any tramway any tram-car the license for which shall have been so revoked as aforesaid, after he shall have received written notice of such revocation under the hand of the Town Clerk, he shall be guilty of an offence under this by-law: Provided always that such notice may be served on the promoter personally, or left at his usual or last known residence, office, or place of business, or sent to him through the post office.

Notice inside Tram-car.

7. In every tram-car the promoter or owner thereof shall at all times cause to be kept fixed in a conspicuous position a notice at each end of tram-car showing the number of the tram-car specified in the license for the same, and the number of passengers which such tram-car is licensed to carry, both inside and outside and on the platforms.

Tram-cars to be attached to Wire Cables.

8. No dummy or tram-car carrying the gripper brakes shall be allowed to descend any tramway without being firmly attached to the wire cable, except at such time as may be required to put down or take up any passenger.

Limit of Passengers.

9. No promoter or conductor of a tram-car shall permit to be conveyed by any such tram-car at any one time a greater number of passengers than is authorized in the license in respect thereof, or a greater number inside and outside such tram-car than one full fare passenger for every sixteen inches of seating room provided in such tram-car. It shall be lawful, however, for such promoter or conductor to permit such additional number of passengers, and no more, to be carried on the platforms outside the body of such tram-car as shall be allowed by the said Inspector, and specified in that behalf in each license.

Smoking.

10. No person shall smoke or be allowed to smoke inside any tram-car.

Tram-cars not to remain standing on Lines.

11. No tram-cars shall be allowed to remain stationary upon any tram-line, save for the time necessary to take up or put down any passenger, except at some duly-authorized terminus or stand, and there not for a longer period than fifteen minutes; and in no case shall more than two cars be allowed to remain at one time at any terminus or stand.

Tram-cars not to be left uncontrolled.

12. No dummy or tram-car used upon any cable or wire-rope line of tramway shall be left for one moment while such cable or wire rope shall be in motion without being under the effective care and control of a properly-qualified conductor or driver.

Disorderly Passengers.

13. No promoter or conductor of any dummy or tram-car shall permit any intoxicated or disorderly person to be carried in or upon the same.

Dogs.

14. No dog shall be allowed in or upon any tram-car.

Going round Corners of Streets.

15. No tram-car, whether drawn or propelled by horse or steam power, shall be allowed to go round the corner of any street at other than a pace equivalent to an ordinary walking pace.

Penal Clause.

16. Any person, or promoter, or company guilty of any offence against this by-law shall, upon conviction thereof, be liable to any penalty not exceeding 40s. for each offence, and shall be liable to any further penalty not exceeding 10s. for every day during which any such offence shall continue.

ADAM GIBSON,  
Town Clerk.
