*Southland Land District Timber Regulations.*

General Crown Lands Office.  
Wellington, 26th July, 1882.

THE following regulations and by-laws made by the Land Board of Southland, in pursuance of Part IV. of "The Land Act, 1877," as to the conditions under which licenses to cut timber may be issued, are published for general information.

W. M. ROLLESTON,  
Minister of Lands.

**HAND SAWYEERS, WOOD-CUTTERS, ETC.**

1. Applications for timber licenses shall be made at the Land Office, Invercargill.

2. Each application shall state the particular purpose for which the license is required, and the reserve in which the timber is to be cut; and, on its being granted by the Southland Land Board, the applicant shall immediately pay the prescribed fees to the Receiver of Land Revenue, and obtain a license.

3. The area granted to any licensee shall be confined to the bush named in the application, the locality and extent being fixed by the Board, and shall extend only to lands of the Crown which have been or hereafter may be appropriated for timber reserves, in accordance with the provisions of any Waste Lands Act in force in the Southland Land District, and any Act amending the same. Any licensed person cutting timber beyond the limit of his area will be considered as unlicensed, and prosecuted accordingly.

4. A fee of £5 will be charged for a license for twelve months for each hand sawyer, whether felling, cutting, sawing, or drawing timber for sale, and no license shall be granted for a shorter term than six months. The annual licenses to date from and after the 1st January, and the half-yearly ones from and after the 1st July, in each year, each terminating on the 31st December same year. In no case shall the charge be less than for half a year.

5. An annual fee of £2 shall be paid by any settler cutting firewood or splitting shingles for domestic use, but not for sale.

6. Licenses may be issued to settlers and others cutting firewood for sale at £1 per twenty cords.

7. Licenses may be issued for splitting timber for fencing purposes, for private use or for sale, at £2 per 500 posts or rails; no pine or totara sapling to be cut.

8. No tree to be cut or disposed of without a special license for the purpose, the fee under such special license being £1 each tree of one foot and upwards in diameter, and 15s. for each tree below one foot in diameter; nor shall such be removed before being branded by the Conservator or Ranger of Forests. No manuka poles suitable for fencing purposes to be cut for firewood, under penalty of £10.

9. Every holder of a license to cut timber must exhibit such license to the officer appointed in that behalf whenever he may be called on to do so, or to any constable in the district, and on his refusal will be considered as unlicensed, and prosecuted accordingly.

10. The Commissioner of Crown Lands may cause to be seized all timber cut on Crown lands, wherever found, which he may have cause to believe has been cut by an unlicensed person; but in case a right to

such timber shall be asserted within fourteen days after the notice hereafter mentioned, and shall be established to the satisfaction of the Waste Lands Board, it shall be restored to the claimant.

11. All timber when seized shall be marked with the broad arrow, and, after due notice of the seizure thereof in writing, to be posted up in the land office or at the police station in the district where such seizure was made, shall, in case no claimant shall appear and establish his claim within fourteen days therefrom, be sold in such manner and subject to such conditions as the Waste Lands Board may direct.

12. All timber cut under a yearly or half-yearly license must be removed within six weeks after the expiration of the license, and that cut under firewood, fencing, or special licenses within three months after date of licenses, unless an extension of time be granted by the Board, otherwise it may be declared forfeited, seized, and sold on behalf of the Crown.

13. The proceeds of the sale of timber so seized are to be accounted for and paid over to the Receiver of Land Revenue.

14. If any person duly licensed shall have established a saw-pit for the purpose of sawing timber, no other person shall cut timber within one hundred yards of such pit without consent of the person first occupying such saw-pit: Provided that, if the person establishing such pit shall not use the same, and shall not cut timber within such distance as aforesaid from the pit for twenty-eight consecutive days, it shall be lawful for any other holder of a license to enter thereupon and to cut timber as though such pit had not been established; or if such person should only cut timber to such extent within the twenty-eight days as would appear to the Board to be done merely for the purpose of excluding others, and not utilizing the forest, the Board may in such case cancel the license.

15. If any license-holder shall, for the purpose of removing timber, have made a tramway or road upon land being waste lands of the Crown, and not being a highway, it shall not be lawful for any other person to use the same without permission of the person making the same first obtained: Provided that, if such road shall not be used at any time for ninety consecutive days for removing timber, it shall be lawful for the Waste Lands Board to determine that the constructor of the tramway has forfeited his right to the same: Provided also that, as regards tramways, the Board reserves to itself the power of deciding on the merits of each case as it arises.

16. Licenses cannot be transferred without the consent of the Board first obtained, transfer fee being 10s.

**SAW-MILLS.**

Exclusive right to cut timber on waste lands of the Crown may be granted for saw-mills on the following conditions:—

17. Every application for such exclusive rights shall be made by the applicant at the Land Office, Invercargill, in a form to be prescribed by the Board, and be accompanied with a sketch as nearly as may be of the land required, and a deposit of £10, to be forfeited if the application is abandoned; and the Board may either grant or refuse the license or any part thereof, or put the application to auction at an upset price to be fixed by the Waste Lands Board, as a bonus in addition to the royalty fees.

18. The area within which exclusive right to cut timber shall be granted for the erection of any saw-mills shall not exceed two hundred acres in terms of section 90 of "The Land Act, 1877;" and, as regards shape, shall be a rectangular block of a depth of not less than double the breadth, the Board reserving to itself the power of determining the frontage and the

extent of area to be granted, such being regulated by the size, position, &c., of the bush. Any licensee found cutting outside the boundary of his license shall be liable to a penalty not exceeding £20, to be recovered under clause 89 of "The Land Act, 1877," and forfeiture of his license. All trees standing close to the surveyed boundaries to be felled inwards, so as not to destroy the survey lines: any infraction of this rule to bar extension of license. It shall be lawful for the Board to grant firewood or fencing licenses within any such area, after abandonment; such licenses to authorize the cutting and removing all left timber; such licensees to pay £1 per 500 posts or rails, and 10s. per twenty cords of firewood. Saw-millers may cut firewood and fencing on their applications at the rates named in sections 6 and 7, entering the same in their monthly returns.

19. Within fourteen days the Waste Lands Board shall determine whether such application shall be granted, and the applicant shall forthwith deposit with the Treasurer of the Waste Lands Board the amount of survey fees, and a deposit in cash or properly marked banker's cheque for £50. Such deposit to be forfeited if the mill is not erected within six months from the date of granting the application, unless the time be extended by the Board. Deposits to be returned on certificate of the Inspector or Ranger of Forests that the necessary plant is on the ground within the stipulated time, when the applicant will get his license, from which date the licensee's four years will commence: Provided always that no timber shall be cut for sale before the issue of the license.

20. As soon as practicable after the payment of such deposit the Chief Surveyor shall cause the application to be surveyed, and its boundary-lines cut. The survey to be conducted in every respect in accordance with survey regulations in force at the time.

21. The fee chargeable under every such license shall be at the minimum rate of 3d. for every hundred superficial feet cut during the currency of the license, and shall be paid monthly: Provided that if any rent due remain unpaid for more than six days the license shall be deemed to be cancelled, and the bush open for application, without any notice being given to the licensee. A saw-mill licensee not to be at liberty to cut timber for any other than local saw-mill purposes, except as per section 8.

22. A fee of £5 shall be paid to the Receiver of Land Revenue on the transfer of such license.

23. Every such license terminable within any year shall be drawn so as to terminate on the 31st day of December in each year, and may be renewed from year to year, but subject to such alterations in the regulations as may be found necessary for the better management and utilization of the forests: Provided that before the issue of any renewed license the licensee shall produce a certificate from the Inspector or Ranger of Forests, or other person duly appointed by the Waste Lands Board on that behalf,—

- (1.) That the bush has been cut fairly, and that all available for saw-mill purposes has been used;
- (2.) That the saw-mill has been kept continuously in operation, when not stopped by causes considered unavoidable by the Board;
- (3.) That no trees or saplings under one foot in diameter have been cut for sale, except as provided by section 8, or destroyed by the act of or by the neglect of the licensee or his servants, and that none of the provisions of the Land Acts in force in the Southland Land District, or any Act amending the same, or the by-laws of the Waste Lands Board, have been violated;

(4.) And if it shall appear that these regulations have not been complied with, or that any wrongful acts have been done by the licensee, then the Waste Lands Board shall appoint a valuator to ascertain and assess the amount of damage which the forest, whether under license or not, may have sustained by such wrongful acts; and no new license shall be granted until the amount of damage so assessed shall have been paid, in addition to the sum due by way of rent and expenses of valuation;

(5.) If at any time during the currency of the yearly license the Inspector or Ranger of Forests shall report that the timber on the licensed ground is being unfairly cut, the license may be suspended pending investigation, and cancelled if it is found that the by-laws or regulations have been infringed.

24. The licensee shall keep a production-book, showing the total number of superficial feet, properly classified, passing through the saw-mill each day, or logs, or hewn timber, and exhibit the same on demand of any person authorized by the Waste Lands Board, and shall furnish a correct copy of it to the Inspector or Ranger of Forests on or before the 7th day of each succeeding month, in the form prescribed in the Schedule; the penalty for omitting to make a return, or making a false return, being forfeiture of the license, and a penalty not exceeding £50, to be recoverable under clause 93 of "The Land Act, 1877."

25. Holders of a license to give all information whatsoever as to boundaries, position of cutting, &c., that may be required by the Inspector or Ranger of Forests, or any person authorized by the Commissioner of Crown Lands.

#### GENERAL REGULATIONS.

26. No person to cut down or otherwise injure any trees not required by him for local saw-mill purposes, except as per section 8; and if it shall appear to the Inspector or Ranger of Forests that any of the regulations have been infringed, or that the timber has been negligently or wilfully injured or destroyed by fire or otherwise, he shall immediately give notice of the same at the office of the Waste Lands Board, and shall temporarily suspend the license of the party offending; and if the Commissioners shall judge that such infringement has been wilful, then the license shall be forfeited, and it shall be at the discretion of the Board to refuse to allow the issue of another license to the same person or persons.

27. Any person who shall cut timber without a license, or who shall continue to saw or cut timber after any payment shall have become due and shall not be paid, or after the Inspector or Ranger of Forests, by reason of any alleged breach of these regulations, shall have given him notice to discontinue cutting, shall be treated as an unlicensed trespasser.

28. Where the terms "land," "bush," or "bush land" are used in the foregoing regulations the bush or timber only is meant.

29. A penalty not exceeding £20 will be inflicted for every single breach of the above by-laws, excepting those enumerated under clauses 17 to 25, both inclusive, and summary proceedings will be adopted to recover the same under Part V. of "The Land Act, 1877."

WALTER H. PEARSON,  
Commissioner of Crown Lands.
