Rules for the Management of St. Mary's Roman Catholic Cemetery, Wanganui.

Colonial Secretary's Office,
Wellington, 25th September, 1882.

THE following rules for the management of St. Mary's Roman Catholic Cemetery, having been submitted to His Excellency the Administrator of the Government in Council, are published in accordance with "The Cemeteries Management Act, 1877."

H. A. ATKINSON,

(in absence of the Colonial Secretary.)

RULES FOR THE MANAGEMENT OF ST. MARY'S ROMAN CATHOLIC CEMETERY, WANGANUI.

(Framed in accordance with "The Cemeteries Management Act, 1877.")

The cemetery for the use of Roman Catholics, &c. Division of it.

1. St. Mary's Cemetery is for the exclusive use of members of the Roman Catholic religion, and is governed and managed in accordance with the teachings and laws of the Roman Catholic Church. A map of the cemetery has been drafted. It is laid out in numbered blocks. Particular portions of the ground are set apart—(a.) For those wishing to have exclusive right of burial in a purchased plot; (b.) For infants not baptized; (c.) For baptized infants; (d.) For Catholics who die without right to Christian burial.

Grave-plot. Grave.

2. An ordinary grave-plot shall mean a piece of ground 9 feet long by 4 feet wide, over all, *i.e.*, measured outside of any concrete or stone or other block, or bottom plate of fence. A mere grave shall mean a parcel of ground 2 feet wide, by sufficient length for the coffin for which it is intended.

Exclusive right of burial.

3. Persons wishing to have the exclusive right of burial, in the portion of cemetery open from time to time for this purpose, can purchase a grant for such grave-plot as may be chosen. All grants shall be made out in the form marked A annexed to these rules, and shall be issued subject to these rules and the conditions stated on grant.

Price of grave-plot.

4. The price of a grave-plot, for which a grant is obtainable, shall be £2 5s. sterling, over and above burial-fees, &c. Any ground required more than the 4 feet allowed for an ordinary grave-plot shall be paid for at the rate of 15s. per foot (in width, by the usual length of 9 feet over all).

Grant of grave-plot can be transferred.

5. A grant of grave-plot, if there has been no interment in such plot, may be transferred by the owner

to another person, on obtaining the consent of the Guardians of the cemetery, and paying the transfer fee of 5s. In every such case the original grant is to be handed over to the Guardians.

Transfer of grant in case of death.

6. On the death of any person holding a grant the relatives or friends of the deceased may obtain a transfer of the grant to another person, on handing over the original grant, and showing to the Guardians satisfactory proof of their authority to apply for such transfer, and paying a fee of 5s.

Loss of grant.

7. In the case of destruction or loss of a grant, a written application is to be made to the Guardians for a new grant, which will be issued, if sufficient written proof of the loss or destruction has been given, on payment of a fee of 5s.

Fencing, tombstones, &c., when to be erected.

8. Any person who shall purchase a grant of grave-plot is expected to fence such grave-plot within twelve months from time of purchase thereof. A tombstone, or headstone, or other suitable monument, or a vault, may be erected within the boundaries of purchased grave-plots, provided always that, before any such tombstone, headstone, suitable monument, or vault be erected, a plan thereof, and a copy of every proposed text, epitaph, or other inscription, intended to be put or cut thereon, shall be submitted to the Guardians, and be duly approved by the parish priest and the said Guardians.

A grave may be obtained.

9. When a grave-plot is not taken a grave may be opened in the portion of ground allotted for use in cases of this kind, provided the usual rules as to fees to sexton, warrant, &c., are complied with.

Grave may be afterwards purchased.

10. When a person with authority for so doing wishes to purchase a grave some time after the interment of a body in it, a grant may be obtained on payment of the same fees as before stated as required to be paid for a grant of grave-plot, and on the same conditions. In such a case, if there is sufficient ground to spare, 2 feet more may be added to the size of grave, which is only 2 feet wide, thus making a grave-plot 4 feet wide by usual length.

No fence, tomb, &c., allowed when there is no grant.

11. In the case of any grave for which a grant has not been obtained, it is forbidden to erect any headstone, monument, fence, or anything of the kind. Even on the grave of a very poor person a small iron cross cannot be erected, except when written permission has been given by the Guardians.

No trees, plants, &c., to be planted.

12. It is strictly forbidden to plant shrubs or trees, &c., in any part of the cemetery, or on any grave-plot or grave, except when express permission in writing has been obtained, and, in the case of grave-plot, this permission has been indorsed on back of grant; and every tree and shrub, &c., even when planted with permission, in the cemetery, may at any time be trimmed, cut down, or removed, by order of the Guardians.

Record kept.

13. A record of all grants of grave-plots issued, and of all graves in which interments have taken place, with the number of block, &c., in which grave-plot or grave is to be found in cemetery, shall be kept.

Burial-warrant required for sexton, &c.

14. No grave or vault shall be opened except by the sexton appointed by the Guardians, or by a person by their special written permission. Neither the sexton nor any other person shall open a grave or

vault without a burial-warrant. On presentation of the burial-warrant, and the payment of the fee for digging the grave, the sexton shall open or have opened in proper time for the funeral the required grave, making it at least 6 feet deep. The sexton must keep a record of the graves dug and their position in the cemetery, to be presented when required by the Guardians.

Grave plots, &c., to be kept clean.

15. The grave-plots and vaults are to be kept clean by the purchasers, and all rubbish, useless earth, &c., from the grave-plots, vaults, &c., is to be removed from the cemetery at the cost of the owners of such plots or vaults, &c. If any rubbish, useless earth, &c., is left and not removed at request of Guardians, then the Guardians may cause such rubbish, &c., to be removed at the cost of the owners of the grave-plot or vault from which such rubbish, &c., has been removed.

Burial-warrant.

16. A burial-warrant, signed by the parish priest (or rector in charge of St. Mary's, Wanganui), must be obtained before any grave or vault shall be opened. This warrant is to be handed to the sexton of the cemetery at least eight hours of daylight before the burial is to take place.

Vaults.

17. If any vault is to be constructed in the cemetery, such vault must have a stone or iron door, and shall be built of such materials and be of such depth, &c., as shall be required by the Guardians, without whose written approval no vault shall be commenced or in any way improved, &c.

Coffins for vaults.

18. Coffins to be placed in vaults must be lined with lead or other approved metal, and must be firmly and securely soldered, &c., so that the escape of noxious vapours will be impossible.

Guardians may remove broken fences, &c. Their powers, &c.

19. The Guardians of the cemetery may remove from the cemetery any broken-down and rotten fences, palings, &c.; and the said Guardians shall have the powers of control and management granted them by "The Cemeteries Management Act, 1877," but they shall be subject to the Roman Catholic Bishop of the diocese, who may appoint new Guardians and remove any Guardian from time to time as he (the Bishop) may think fit.

For warrant to bury, including assistance of the clergyman ...	0	7	6

Guardians may appoint agent.

21. The Guardians have authority to appoint one of their body as agent for them, who shall receive all fees and charges, which are in every case to be paid in advance; and who shall give grants, and, in a word, exercise for the Guardians any act of authority for which they have legal power. Such agent shall be appointed at their first full meeting after these laws have been gazetted, and the name of such agent shall be duly published in Wanganui Roman Catholic Church, and in the public Press of the town.

Description of the above Lands.

Waimate: Block I., parts of the land known as the

Continuous Native Reserve. The sections front to cleared road-lines, running back into the bush. The land is partly open and partly bush.

Opunake: Block XIII., from three to four miles south-east of Opunake Town, by coach-road. The land is level, mostly open, with background of bush.

Oeo: Block I., open level land, on the coach-road south-east of Opunake.

Kaupokonui: Block XI. lies behind the Continuous Reserve. It is eight to ten miles from the Eltham Railway-station, and the same distance from Manaia, being connected to both places by a cleared road-line. The land is level, all bush, and well watered, and very suitable for settlement.

Kaupokonui: Block XII., inland of the Waimate Plains, west of the Waingongoro Stream and Eltham Railway-station. From Eltham and other points roads have been opened up to this land, which is on the railway-line from Waitara and New Plymouth to Hawera. With the exception of a few rata, the bush consists mainly of soft woods and other light timber, and can easily be cleared. The country is well watered, and is admirably adapted for conversion into grass lands.

Kaupokonui: Blocks XIII. and XIV. lie behind, and also form part of, the Continuous Native Reserve to the east of the Oeo River. The land is level, all bush, and well watered.

Ngairu: Block V. lies to the westward of the Waingongoro River, and is connected with the railway-line by cleared road-lines. The bush is mainly light timber, soft woods, and a few rata; and the land is well watered.

Ngairu: Block IX. is similar to Block XII., Kaupokonui.

Terms of Sale: One fourth of the purchase-money to be paid on application, and the balance to the Receiver of Land Revenue at Patea or Hawera within one calendar month from date of application, otherwise the deposit will be forfeited, and the contract for the sale of the land thenceforth will be null and void. Crown-grant fees to be paid on completion of the purchase. In the event of two or more applications for the same land being made on the same day, the upset price at which such land shall be put up at auction shall be the price stated above.

Coloured lithographic plans of the above sections are on view at the Land Offices throughout the colony.

C. A. WRAY,
Commissioner of Crown Lands for the West Coast Land District (North Island).

Sale of Pastoral Leases of Crown Lands.—Preliminary Notice.

General Crown Lands Office,
Wellington, 20th September, 1882.

ONE million seven hundred and fifty thousand acres of Crown lands will shortly be open for pastoral lease in the Provincial District of Otago, New Zealand.

This country is at present held under lease in forty-six runs until the 1st March, 1884, and will again be offered in runs suitable to the nature of the country; but no lessee will be allowed to take up more than will carry twenty thousand sheep or four thousand head of cattle.

The leases will be for a term of years to be hereafter determined; but in no case will any lease be for a period exceeding twenty-one years.

Compensation for improvement up to three years' rental will be allowed at the end of the lease.

In order to give new pastoral lessees time to make arrangements, the licenses will, in terms of the Land Acts, be sold by public auction, at the Land Office, Dunedin, in the latter end of February, 1883, twelve

months before possession is to be given. One year's rent will be payable in advance on the license at the time of sale.

The country has been occupied for upwards of twenty years. It is well grassed, well watered, sound, and healthy.

Distance from port by good roads and railways part of the way, from thirty to one hundred and fifty miles.

Maps and further particulars will be obtainable shortly at the Land Offices of New Zealand, and at places in the Australian Colonies, to be named in future advertisements.

WM. ROLLESTON,
Minister of Lands.

To the Commissioner of Crown Lands, Dunedin, and all other persons whom it may concern.

TAKE notice that it is intended to apply for a License to use the Dam and Water-race and divert the water now and for a number of years past used by me in connection with my saw- and flour-mill at Tapanui. The point of commencement of the said race is at the existing dam on Whisky Creek, at a point about 102 chains in a direct line south-east from the nearest point of the Town of Tapanui, and its termination is at a point on the eastern boundary-line of Section 6, Block IV., Glenkenich District, about 18 chains due south from the north-eastern corner of the said section. The length of the said race is 70 chains or thereabouts, its mean breadth is 3 feet, and its mean depth is 2 feet. The quantity of water proposed to be diverted and carried therein is four Government-heads.

The dam or reservoir intended to be used in connection with the said race is situated at its commencement, and it has a length of about 40 feet.
