Description of the above Lands.

Waimate: Block I., parts of the land known as the

Continuous Native Reserve. The sections front to cleared road-lines, running back into the bush. The land is partly open and partly bush.

Opunake: Block XIII., from three to four miles south-east of Opunake Town, by coach-road. The land is level, mostly open, with background of bush.

Oeo: Block I., open level land, on the coach-road south-east of Opunake.

Kaupokonui: Block XI. lies behind the Continuous Reserve. It is eight to ten miles from the Eltham Railway-station, and the same distance from Manaia, being connected to both places by a cleared road-line. The land is level, all bush, and well watered, and very suitable for settlement.

Kaupokonui: Block XII., inland of the Waimate Plains, west of the Waingongoro Stream and Eltham Railway-station. From Eltham and other points roads have been opened up to this land, which is on the railway-line from Waitara and New Plymouth to Hawera. With the exception of a few rata, the bush consists mainly of soft woods and other light timber, and can easily be cleared. The country is well watered, and is admirably adapted for conversion into grass lands.

Kaupokonui: Blocks XIII. and XIV. lie behind, and also form part of, the Continuous Native Reserve to the east of the Oeo River. The land is level, all bush, and well watered.

Ngairu: Block V. lies to the westward of the Waingongoro River, and is connected with the railway-line by cleared road-lines. The bush is mainly light timber, soft woods, and a few rata; and the land is well watered.

Ngairu: Block IX. is similar to Block XII., Kaupokonui.

Terms of Sale: One fourth of the purchase-money to be paid on application, and the balance to the Receiver of Land Revenue at Patea or Hawera within one calendar month from date of application, otherwise the deposit will be forfeited, and the contract for the sale of the land thenceforth will be null and void. Crown-grant fees to be paid on completion of the purchase. In the event of two or more applications for the same land being made on the same day, the upset price at which such land shall be put up at auction shall be the price stated above.

Coloured lithographic plans of the above sections are on view at the Land Offices throughout the colony.

The following remarks apply only to the above four principal boroughs:—

The births were 238 in September, against 270 in August, a decrease of 32.

The deaths in September were 100, against 101 in August, a decrease of 1.

There were 7 deaths of persons of 65 years and upwards: A male of 78 died at Auckland; 2 males of 79 and 71, and a female of 65, at Wellington; 2 males of 72 at Christchurch; and a male of 70 at Dunedin.

Zymotic Diseases.—These diseases caused 18 deaths in September, against 27 in August. In July these deaths were only 15 in number. There was 1 death from diphtheria in September, against 5 in August. Dietic and parasitic diseases caused 5 deaths in August, none in September.

Constitutional Diseases.—The deaths from these diseases increased almost to the same extent that the deaths from zymotic diseases decreased. The numbers were 18 in August and 25 in September. Tubercular diseases caused 16 deaths in August and 21 in September; the deaths from phthisis having been 16 in September, against 11 in August.

Local Diseases.—There was an increase in the deaths from nervous diseases from 12 in August to 16 in September, in deaths from heart disease from 5 to 8, and in deaths from diseases of the respiratory organs from 13 to 16.

The subjoined table shows the mortality for the last two months at each of these four boroughs from six principal zymotic diseases of the miasmatic order, and also the deaths from certain inflammatory diseases of the lungs. These causes of death have been distinguished from the others of the classes to which they belong, as being the most important special diseases which give rise to sudden increases in the death-rates of towns, and the prevalence of which is closely connected with sanitary condition and climatic influence of the season on health.

NOTICE is hereby given that the Mayor, Councilors, and Citizens of the City of Christchurch, commonly called the Christchurch City Council, did, on the fourth day of September, 1882, adopt a resolution to make a by-law, under "The Tramways Act, 1872," and "The Municipal Corporations Act, 1876," and the Acts amending the same, for licensing of tramway-carriages, the owners, conductors, drivers, and guards thereof; the fees to be charged for such licenses; the number of passengers to be carried in and the proper lighting of each carriage; the public stands for such carriages, the driving thereof, the distance between each tram, and the rate of speed at which the same may travel; and imposing a penalty for a breach of such proposed by-law, and further penalties for the continuing breaches thereof; and did, on the ninth day of October following, confirm such resolution, and make such by-law; and did, by resolution, declare that such by-law shall come into operation on the first day of January, 1883.

Dated the tenth day of October, 1882.

By order.

F. T. HASKINS,
Town Clerk.

The following is a copy of the by-law:—

TRAMWAY BY-LAW No. 4.—1882.

A By-law made under "The Tramways Act, 1872," and "The Municipal Corporations Act, 1876," and the Acts amending the same.

In pursuance of the powers vested in them by the before-mentioned Acts, and of all other powers thereunto enabling them, the Mayor, Councillors, and Citizens of the City of Christchurch, commonly called the Christchurch City Council, and hereinafter called the Council, do hereby ordain as follows:—

1. Until and subject to alteration from time to time by the Council, the number and places of the public stands for tramway-carriages shall be as specified in Schedule A to this by-law.

2. No person shall act as driver, guard, or conductor of any engine or tramway-carriage unless and until he shall be licensed so to do by the Council: Provided that, during the interval between any application for a driver, guard, or conductor's license and the decision of the Council thereupon, the applicant may act as driver, guard, or conductor if authorized so to do by a permit under the hand of the Town Clerk. Upon its being made to appear to the satisfaction of the Council that any owner, driver, guard, or conductor has been convicted of any offence under this by-law, or of any criminal offence, or at the request of the Tramway Company, the Council may, by resolution, suspend for any period which to them shall seem proper, or revoke as they may deem fit, any license which such owner, driver, guard, or conductor may hold under this by-law.

3. Licenses for drivers, guards, or conductors shall be in the form prescribed in Schedule B to this by-law, and shall be in force from the date thereof until the 31st day of December then next ensuing, and renewable annually.

4. No company or person being the owner or having charge of any tramway-carriage, or using the same, shall use such carriage or permit the same to be used upon any tramway for the carriage of passengers within the limits of the City of Christchurch unless and until the same shall be licensed by the Council pursuant to this by-law, and unless the same carriage shall in all respects comply with the requirements and provisions of this by-law.

5. Every license for a tramway-carriage shall be in the form prescribed in Schedule C to this by-law, and shall be in force from the date thereof until the 31st day of December next ensuing, and renewable annually.

6. All licenses for drivers, guards, and conductors to be issued pursuant to this by-law shall be signed by the Town Clerk and distinguished by a number.

7. No license for any tramway-carriage shall be granted until the owner, or some person on behalf of the owner, shall have delivered at the office of the Town Clerk, Christchurch, an application in writing therefor, signed by or on behalf of the owner.

8. Every license for a tramway-carriage under this by-law shall specify therein the number of such license, the name or names of the promoters or company to whom the same is granted, and the maximum number of passengers which may be carried in the carriage to which such license shall apply, and such maximum number shall be conspicuously painted in letters and figures of not less than two inches in length and of proportionate breadth on the outside, and one inch and a proportionate breadth on the inside, in a colour conspicuously different from the ground-painting of such carriage, immediately above the entrance to the inside thereof, and also on the inside of such carriage on the front end thereof, to the following effect: "Licensed to carry — passengers," which blank shall be filled in with the number of passengers such carriage shall be licensed to carry.

9. No tramway-carriage shall be driven, or ply for hire, or carry any passengers within the City of Christchurch after sunset and before sunrise without having proper lamps thereupon in some conspicuous place, which shall be kept burning during all such intermediate time as such carriage shall be in use.

10. No driver, guard, or conductor of any engine or tramway-carriage shall by any improper conduct cause any obstruction in any street other than such obstructions as shall be legally authorized or occasioned by the running along any tramway laid along any street, or any reasonable delay necessary for or occasioned by taking up or setting down any passenger or passengers, or luggage of any passenger or passengers; nor shall such driver, conductor, or guard, while acting as such driver, conductor, or guard, respectively do or cause or suffer to be done any damage to any person or property, or be guilty of any misconduct or misbehaviour tending to occasion a breach of the peace.

11. No driver, conductor, guard, or other person having charge of or using or in attendance upon any engine or carriage using a tramway shall drive such engine or carriage or permit the same to be driven furiously, wantonly, or carelessly, or shall be under the influence of liquor, or use any obscene or blasphemous language or any threatening or abusive or insulting words or gestures, or otherwise so misbehave himself as to annoy any persons riding in such carriage.

12. The several places mentioned in Schedule A to this by-law shall be authorized stands or stopping places.

No carriage shall remain upon the several stands particularized in the Schedule A to this by-law for longer periods of time than hereinafter mentioned, that is to say,—

Upon the stands Nos. 1 and 2 respectively in the said Schedule A, for the period of fifteen minutes;

Upon the stands Nos. 3 and 4 respectively in the same Schedule A, for the period of thirty minutes.

13. No carriage shall travel, be propelled, or driven at a speed exceeding a maximum rate of ten miles per hour, and round street-corners and in crowded

thoroughfares engines or carriages shall travel only at a reasonable speed, such as the circumstances of the case may require.

14. No carriages attached to an engine or horses using any tramway shall be allowed to follow any other carriages using the same tramway to which any other engine shall be attached at a less distance than a hundred yards: Provided always that nothing contained in this section shall be construed to prevent two engines drawing one train of carriages (places within 250 yards of any stand excepted).

15. The following license fees shall be paid and payable under this by-law: For license in respect of each tramway-car, an annual fee of £2; for each engine-driver, an annual fee of £1; for each guard or conductor, an annual fee of £1.

16. Every engine shall be provided with a sufficient bell, which shall be rung by the driver of such engine at every crossing.
