Regulations for the Leasing of Land in the District of Nelson, under "The Land Act 1877 Amendment Act, 1882."

JAMES PRENDERGAST,
Administrator of the Government.

IN pursuance of the powers and authorities in me vested by the one hundred and sixty-ninth section of "The Land Act, 1877," I, James Prendergast, the Administrator of the Government of the Colony of New Zealand, do hereby declare that, from and after the thirty-first day of December next, the regulations for the Land District of Nelson, which were made on the twenty-sixth day of October, one thousand eight hundred and eighty-one, and published in the *New Zealand Gazette* of the twenty-seventh day of October, one thousand eight hundred and eighty-one, number eighty-eight, shall be rescinded.

And, in pursuance of the like powers and authorities, I do hereby make the following amended regulations for the Land District of Nelson aforesaid, to come into operation on the first day of January, one thousand eight hundred and eighty-three.

LEASES UNDER "THE LAND ACT 1877 AMENDMENT ACT, 1882."

1. All persons desiring leases of unoccupied portions of Crown lands (not exceeding 320 acres) shall lodge with the Commissioner of Crown Lands an application and description thereof in the form or to the effect of the First Schedule hereto, and shall at the time of lodging such application pay to the Receiver of Land Revenue a deposit of 1s. 9d. per acre towards the expense of the survey for every acre of the land so applied for. No deposit in any case shall be less than £5.

2. The deposit so paid shall be placed to the credit of the applicant, and applied, first, towards the expenses of such survey and the publication of the notice hereafter mentioned; and if there shall be any surplus the same shall be applied towards the payment of any rent payable in respect of the land applied for.

3. If the application is refused by the Board, the amount of deposit paid in respect of such application shall be repaid to the applicant.

4. Before any application for a lease shall be granted by the Board, the Commissioner shall publish in some newspaper circulating in the district, once in each week for two consecutive weeks, a notice setting forth particulars of the application in such form as the Commissioner shall consider best.

5. All sections of land to be leased shall, as far as the features of the country will admit, and, except in the case of natural boundaries, be of a rectangular form; and no section shall be laid off in such manner as, in the opinion of the Board, to render less available for sale or lease, or injuriously to affect in value, any other Crown lands.

6. As soon as conveniently may be after the survey

and determination of the rent, a lease executed by the Commissioner may be issued by the Board to the applicant, but no lease shall be executed by the Commissioner until the Board has approved thereof. The lessee shall then execute a counterpart thereof, and pay for such lease the sum of £1 10s. Every lease shall be in the form or to the effect in the Second Schedule hereto, and contain the covenants and provisions therein set forth.

7. If any applicant shall withdraw his application, or shall fail to sign and execute the counterpart of his lease for the space of three calendar months after notice shall have been given that the same is ready for signature, he shall forfeit his right to such lease, as well as any deposit he shall have paid at the time of making his application. Any such notice may be delivered personally, or sent by post, addressed to the last known place of abode or business of the applicant, or published in some newspaper circulating in the district.

8. It shall be lawful for the Board, at any time before the execution of any such lease, to exclude from the land proposed to be comprised therein any land which to them may appear suitable for any of the purposes, whether temporary or permanent, for which Crown lands may from time to time be reserved according to any law for the time being in force.

9. Particulars of every assignment whereby the land demised by any lease or any part thereof, or the estate or interest of the lessee therein, is transferred, shall be recorded in such manner as the Commissioner thinks best, and the instrument of transfer shall be produced to the Commissioner for that purpose within one month from the date thereof. Upon recording any assignment the Commissioner shall indorse on the instrument of transfer a certificate or memorandum that the same has been recorded, and there shall be paid in respect of any such certificate or memorandum a fee after the rate of 10s. for the first one hundred acres or fractional part of one hundred acres, and 1s. additional fee for each additional one hundred acres or fractional part of one hundred acres so recorded: Provided that no assignment or transfer of a part of a leasehold shall be made, and no assignment or transfer of the entirety of a leasehold shall take effect, without the consent of the Crown Lands Commissioner.

10. All rents or moneys payable under or in respect of any lease shall be due and paid annually, in advance on the first day of January in each year of the term of lease: Provided always that one full year's rent shall be paid at the time of issue on all leases issued prior to the thirtieth day of June in any year, and one-half year's rent shall be paid on leases issued subsequent to the thirtieth day of June in any year.

Tenders for Direct Commercial Steam Service between England and New Zealand.

General Post Office,
Wellington, New Zealand,
19th October, 1882.

AS it is found that the arrangements necessary to carry out the original intention of the Government to call for tenders in the Australasian Colonies, as well as in London, for the above service, would cause a serious loss of time, and postpone the initiation of the service indefinitely, it has been determined that only the Agent-General for New Zealand in London shall call for and receive tenders.

This decision is made public in order that intending tenderers in the colonies may make their arrangements accordingly.

The following is an outline of the service required :—

1. The service to be once every calendar month, each way, commencing in April, 1883, from London, and from New Zealand in July, and to continue for three years.

2. The vessels employed to be not less than 3,000 tons gross tonnage.

3. The contractor to have the option on each voyage of making Auckland, Wellington, Lyttelton, or Port Chalmers the first port of arrival in New Zealand and the last port of departure, with liberty to call before departure at as many of the ports as the contractor may think fit.

4. The service to be performed each way within 1,200 hours.

5. Passengers to be carried at rates not exceeding the following:—

Second class	£30
Third class	£15

Government immigrants at rates not exceeding the following:—

Statute adults	£15
Children above one year old and under twelve years	£9
Children under one year old	Free

Cargo for New Zealand Government:—

Ordinary dead weight	24s. per ton.
Ordinary measurement	30s. per ton.

6. A preference will be given the contractor for the carriage of Government immigrants and cargo. The probable quantity of Government cargo per year will be about 14,000 tons, and the number of Government immigrants about 2,500 per annum. No absolute guarantee as to quantity of cargo or number of immigrants will be given.

7. All the vessels to be fitted with approved refrigerating machinery for the freezing of meat and dairy produce, and each vessel to be provided with a fire and vermin-proof locker for the safe custody of mails.

8. The vessels employed will be exempt from the payment of light and harbour dues at New Zealand ports.

The above particulars are given without prejudice to a revision or alteration of the terms and conditions of contract which may be finally issued by the Agent-General, from whom further particulars can be obtained.

Description of the above Lands.

Waimate: Block I., parts of the land known as the

Continuous Native Reserve. The sections front to cleared road-lines, running back into the bush. The land is partly open and partly bush.

Opunake: Block XIII., from three to four miles south-east of Opunake Town, by coach-road. The land is level, mostly open, with background of bush.

Oeo: Block I., open level land, on the coach-road south-east of Opunake.

Kaupokonui: Block XI. lies behind the Continuous Reserve. It is eight to ten miles from the Eltham Railway-station, and the same distance from Manaia, being connected to both places by a cleared road-line. The land is level, all bush, and well watered, and very suitable for settlement.

Kaupokonui: Block XII., inland of the Waimate Plains, west of the Waingongoro Stream and Eltham Railway-station. From Eltham and other points roads have been opened up to this land, which is on the railway-line from Waitara and New Plymouth to Hawera. With the exception of a few rata, the bush consists mainly of soft woods and other light timber, and can easily be cleared. The country is well watered, and is admirably adapted for conversion into grass lands.

Kaupokonui: Blocks XIII. and XIV. lie behind, and also form part of, the Continuous Native Reserve to the east of the Oeo River. The land is level, all bush, and well watered.

Ngairi: Block V. lies to the westward of the Waingongoro River, and is connected with the railway-line by cleared road-lines. The bush is mainly light timber, soft woods, and a few rata; and the land is well watered.

Ngairi: Block IX. is similar to Block XII., Kaupokonui.

Terms of Sale: One fourth of the purchase-money to be paid on application, and the balance to the Receiver of Land Revenue at Patea or Hawera within one calendar month from date of application, otherwise the deposit will be forfeited, and the contract for the sale of the land thenceforth will be null and void. Crown-grant fees to be paid on completion of the purchase. In the event of two or more applications for the same land being made on the same day, the upset price at which such land shall be put up at auction shall be the price stated above.

Coloured lithographic plans of the above sections are on view at the Land Offices throughout the colony.

C. A. WRAY,

Commissioner of Crown Lands for the West Coast Land District (North Island).

Sale of Pastoral Leases of Crown Lands.—Preliminary Notice.

General Crown Lands Office,
Wellington, 20th September, 1882.

ONE million seven hundred and fifty thousand acres of Crown lands will shortly be open for pastoral lease in the Provincial District of Otago, New Zealand.

This country is at present held under lease in forty-six runs until the 1st March, 1884, and will again be offered in runs suitable to the nature of the country; but no lessee will be allowed to take up more than will carry twenty thousand sheep or four thousand head of cattle.

The leases will be for a term of years to be hereafter determined; but in no case will any lease be for a period exceeding twenty-one years.

Compensation for improvement up to three years' rental will be allowed at the end of the lease.

In order to give new pastoral lessees time to make arrangements, the licenses will, in terms of the Land Acts, be sold by public auction, at the Land Office,

Dunedin, in the latter end of February, 1883, twelve months before possession is to be given. One year's rent will be payable in advance on the license at the time of sale.

The country has been occupied for upwards of twenty years. It is well grassed, well watered, sound, and healthy.

Distance from port by good roads and railways part of the way, from thirty to one hundred and fifty miles.

Maps and further particulars will be obtainable shortly at the Land Offices of New Zealand, and at places in the Australian Colonies, to be named in future advertisements.

WM. ROLLESTON,
