All goods specified in Part V. and not otherwise provided for in Parts II. and IV., will be charged in accordance with the classified rates in the preceding table, but subject to the following conditions and regulations, and with the following exceptions, viz.:—

Classes A, B, C, and D.

Where goods of Classes A, B, C, and D are consigned to Christchurch, Dunedin, and Invercargill, the classified rates will be increased as follows, viz.:—

	s.	d.
To Christchurch by	1	5
To Dunedin by	1	1
To Invercargill by	1	4

But such increase will not be made when the goods are consigned to private sidings at these stations.

Goods from different consignors to one consignee, or from one consignor to different consignees, will be charged separately.

(a.) Goods of Classes A, B, C, D, from one consignor to one consignee will be charged at the classified rate, except the charge at scale for small lots amounts to more.

(b.) Any number of consignments of different classes from one consignor to one consignee will be charged separately or as one consignment of the highest class to which either of them belongs.

(c.) But when a consignment which would be charged at classified rates, and not at the scale for small lots, is sent with small lots, such consignment may be charged separately, and the small lots may be treated independently under regulation (b).

SCALE FOR SMALL LOTS.

Where local or through rates prevail, they will be substituted for the classified rates in computing charges for small lots.

No fractions of a mile will be used in computing rates and charges. Five chains and over will be taken as an additional mile; less than five chains will be omitted.

When "owners' risk" is specified against goods in Part V., such goods when charged at the ordinary rates will be received, held, and conveyed at the sole risk of the owner. But they may be received, held, and conveyed at the risk of the Railway Department, subject to the limitations prescribed below, upon the consignor specifying in the consignment-note "at Railway risk," in which case the rate will be increased by one-sixth of the ordinary rates.

In accordance with the 144th section of "The Public Works Act, 1882," the liability of the Minister for loss or damage is limited in respect to certain classes of goods termed "special goods," unless such goods are declared by the consignor to be "special goods," and the value is stated in the consignment note.

The following are the limitations in value, namely,—

	£	s.	d.
Each horse, per head	...	15	0 0

" sheep, goat, or pig, per head	...	0	15 0
" dog, per head	...	2	0 0
Any package containing any special goods	...	10	0 0

Goods declared to be "special goods" are specified in Part V. Any package or animal which exceeds in value the sum of £500 is also declared to be "special goods," and will be carried under special contract only. When goods are declared in the consignment note to be "special goods," and the value is also stated therein, an additional charge of one-third of the ordinary rates and charges for each £100 or fraction of £100 of value so stated will be made thereon.

The value of each package must be separately stated.
