*Tenders for Direct Commercial Steam Service between England and New Zealand.*

AMENDED NOTICE.

General Post Office,  
Wellington, N.Z., 19th October, 1882.

AS it is found that the arrangements necessary to carry out the original intention of the Government to call for tenders in the Australasian Colonies, as well as in London, for the above service, would cause a serious loss of time, and postpone the initiation of the service indefinitely, it has been determined that only the Agent-General for New Zealand in London shall call for and receive tenders.

The decision is made public in order that intending tenderers in the colonies may make their arrangements accordingly.

The following is an outline of the service required:—

1. The service to be once every calendar month, each way, commencing in July, 1883, from London, and from New Zealand in October, and to continue for three years.

2. The vessels employed to be not less than 3,000 tons gross tonnage.

3. The contractor to have the option on each voyage of making Auckland, Wellington, Lyttelton, or Port Chalmers the first port of arrival in New Zealand and the last port of departure, with liberty to call before departure at as many of the ports as the contractor may think fit.

4. The service to be performed each way within 1,200 hours.

5. Passengers to be carried at rates not exceeding the following:—

Second class ... .. £30  
Third class ... .. 15

Government immigrants at rates not exceeding the following:—

Statute adults ... .. £15  
Children above one year old and under twelve years ... .. 9  
Children under one year old ... .. Free

Cargo for New Zealand Government:—

Ordinary dead weight ... 24s. per ton  
Ordinary measurement ... 30s. per ton

6. A preference will be given the contractor for the carriage of Government immigrants and cargo. The probable quantity of Government cargo per annum will be about 14,000 tons, and the number of Government immigrants about 2,500 per annum. No absolute guarantee as to quantity of cargo or number of immigrants will be given.

7. All the vessels to be fitted with approved refrigerating machinery for the freezing of meat and dairy produce, and each vessel to be provided with a fire and vermin-proof locker for the safe custody of mails.

8. The vessels employed will be exempt from the payment of light and harbour dues at New Zealand ports.

The above particulars are given without prejudice to a revision or alteration of the terms and conditions of contract which may be finally issued by the Agent-General, from whom further particulars can be obtained.

THOMAS DICK,  
Postmaster-General.

[This notice is republished for the express purpose of directing the attention of intending tenderers to the fact that tenders will now be received in London as late as the 1st March next, and that the service will not be required to be commenced until July, instead of April, 1883.]

*Sale of Pastoral Leases of Crown Lands.—Preliminary Notice.*

General Crown Lands Office,  
Wellington, 20th September, 1882.

ONE million seven hundred and fifty thousand acres of Crown lands will shortly be open for pastoral lease in the Provincial District of Otago, New Zealand.

This country is at present held under lease in forty-six runs until the 1st March, 1884, and will again be offered in runs suitable to the nature of the country; but no lessee will be allowed to take up more than will carry twenty thousand sheep or four thousand head of cattle.

The leases will be for a term of years to be hereafter determined; but in no case will any lease be for a period exceeding twenty-one years.

Compensation for improvement up to three years' rental will be allowed at the end of the lease.

In order to give new pastoral lessees time to make arrangements, the licenses will, in terms of the Land Acts, be sold by public auction, at the Land Office, Dunedin, in the latter end of February, 1883, twelve months before possession is to be given. One year's rent will be payable in advance on the license at the time of sale.

The country has been occupied for upwards of twenty years. It is well grassed, well watered, sound, and healthy.

Distance from port by good roads and railways part of the way, from thirty to one hundred and fifty miles.

Maps and further particulars will be obtainable shortly at the Land Offices of New Zealand, and at places in the Australian Colonies, to be named in future advertisements.

WM. ROLLESTON,  
Minister of Lands.
