By-law made by Waitaki County Council.—Width of Tires

Colonial Secretary's Office,
Wellington, 9th May, 1883.

THE following by-law and special order, made by the Waitaki County Council, are published in accordance with "The Counties Act 1876 Amendment Act, 1882."

THOMAS DICK.

COUNTY OF WAITAKI.—BY-LAW No. 5.

A By-law to regulate the Width of Tires.

IN pursuance of the provisions of "The Counties Act, 1882," the Council of the County of Waitaki doth hereby order as follows, that is to say,—

1. On and after the gazetting of this by-law the width of the tires of all the wheels of every vehicle drawn on any of the county roads by five or more than five horses shall be not less than six inches; and any person offending against the provisions of this section shall be liable to a penalty not exceeding ten pounds.

2. It shall be lawful for any member of the Waitaki County Council, or for any person acting under the authority of the Council, or for any policeman or constable, to examine and measure the width of the tires of the wheels of any vehicle, cart, dray, wain, wagon, or other carriage affected by the first section of this by-law; and every owner or driver of any such cart, dray, wain or wagon, or other carriage, after such measuring and examination shall have been lawfully required, refusing to permit such examination and measuring, or turning or driving out of the road in order to hinder, evade, or avoid such examination and measuring, or in any way hindering or obstructing the same, shall, for every offence, be liable to a penalty not exceeding five pounds.

3. Nothing herein contained shall apply to any vehicle upon springs used exclusively for carrying passengers or other persons and their luggage, or for the carriage of Her Majesty's mails, or for the conveyance of any piece of heavy machinery which cannot be taken apart without great expense, loss, or inconvenience.

4. Every vehicle carrying, or constructed to carry, goods or merchandise of any kind whatsoever for hire, and every vehicle carrying passengers for hire, in actual use on any county road, shall have the Christian name and the surname and place of abode of the owner thereof painted on some conspicuous part on the off-side thereof in white letters on a black ground, such letters not being less than one inch in length and of a proportionate breadth; and the owner of any such vehicle who shall neglect to have such name and place of abode painted as aforesaid, or who shall have the same so painted incorrectly, shall forfeit and pay for every such offence a sum of not less than five shillings nor more than five pounds: Provided that for every day that any such vehicle shall continue to be used as aforesaid, and to have the name and abode unpainted or incorrectly painted as aforesaid, the owner thereof shall be deemed to have committed a fresh offence.

5. Every penalty imposed by this by-law shall and may be recovered in a summary way.

Made by the Council of the County of Waitaki, at the chambers of the said Council, in the Town of Oamaru, this 25th day of April, 1883.

DUNCAN SUTHERLAND,
Chairman.

COPY of special order made by the Waitaki County Council on the 25th day of April, 1883:—

That By-law No. 5, regulating the width of tires of wheels on wagons, as read, be adopted.

I hereby certify that the foregoing special order has been duly made in accordance with "The Counties Act 1876 Amendment Act, 1882."

JAS. MARTIN,
County Clerk.

Waterworks By-law made by the Thames County Council.

Colonial Secretary's Office,
Wellington, 1st May, 1883.

THE following special order, made by the Thames County Council, is published in accordance with "The Counties Act 1876 Amendment Act, 1882."

THOMAS DICK.

WATERWORKS BY-LAW.

BY-LAW of the Council of the Thames County, made by Special Order of the said Council on the 20th March, 1883, and sealed with the Common Seal of the said County.

IN pursuance of the powers vested in them under "The Counties Act, 1876," and the several Acts altering and amending the same, and under "The Public Works Act, 1882," the Council of the Thames County ordains as follows, that is to say,—

All regulations and by-laws made by the Thames County Council in respect of the county water-race are hereby repealed.

Throughout this by-law the word "Council" shall mean the Thames County Council.

The word "waterworks" throughout this by-law means "the Thames Water-race" and other property vested in the Chairman, Councillors, and inhabitants of the County of Thames by section 9 of "The Thames Water-Supply Transfer Act, 1880," and includes all reservoirs, dams, tanks, and pipes, and all machinery and appliances used or connected therewith or incidental thereto.

The word "Engineer" throughout this by-law means any person appointed by the said Council as Engineer for the purposes of this by-law, and until such appointment the said word "Engineer" shall mean the person holding the office of Engineer for the time being of the said Council.

The following are the rates, terms, and conditions at and under which the Council will supply water for the under-mentioned purposes:—

1. That the price for water for strictly domestic purposes for each building shall be ten shillings (10s.) per annum, and the Council reserves the right to determine in any case what shall be considered a supply for strictly domestic purposes.

2. All machines using water continuously shall be charged at the rate of three pounds (£3) per sluice-head per week, and take precedence of all other machines, except the Queen of Beauty pump, during continuance of the present arrangement with the Company; and no deduction will be allowed for any stoppage of any battery, tailing plant, or other machinery, un-

less the same be caused from drought, accident to the race, or from any cause controlled by the Council.

3. All machinery not included in the foregoing clause, and using water occasionally, shall be charged at the rate of three pounds ten shillings (£3 10s.) per sluice-head per week during the time they use it, and the owner or owners shall make an application in writing when water is so required, stating for how long it will be taken and the quantity required; and, in the event of there being more applicants than the race can supply with water, prior applications will have preference.

4. Any surplus water in the Karaka and Hape Creeks shall be charged at the rate of two pounds ten shillings (£2 10s.) per sluice-head per week to consumers.

5. For ventilating mines, and for purposes not herein specified, at rates to be agreed on by special arrangements with the Council.

6. A sluice-head of water shall mean a stream of water capable of discharging 60 cubic feet of water per minute, and all parties using water from the race which is to be paid for by measurement shall provide and fix proper gauge-boxes for the measurement of the water used, in accordance with "The Mines Act, 1867;" and that such gauge-boxes shall at all times be kept in good order and condition for the measurement of the water at any time the Engineer may think fit, and at the expense of the parties using the water.

7. All parties using the water from the race shall make due provision for carrying away and disposing of the water so used.

8. The Council reserves the absolute right, without any compensation, at any time by day or night to stop the water of the race, either wholly or partially, for the purpose of repairs or cleaning, or in the event of any accident occurring to any part of the race.

9. Every person supplied with water from the waterworks shall provide such proper taps, stop-cocks, and other apparatus as the Engineer may require, and shall keep the same in good order and repair, so as to prevent the water running to waste; and in default of providing or keeping in repair any such apparatus, the Engineer may stop the supply of water to such person in any manner he thinks fit.

10. The Engineer, or any other person acting under his authority, may, between the hours of 8 o'clock in the forenoon and 6 o'clock in the afternoon of any day (except Sunday), enter upon any land or into any dwelling supplied with water from the waterworks, to see if such water is being wasted or misused, and if such person is refused admittance or obstructed in such examination, the Engineer, or such other person, may stop the supply of water in any manner he thinks fit.

11. Any person may remove any pipe or other apparatus belonging to him connected with the waterworks, after giving to the Council fourteen days' notice in writing of such his intention, and of the time of such removal, or shall be liable for all damage done to any part of the waterworks thereby; and if any person removes any such pipes or apparatus without giving such notice he shall be liable to a penalty of not more than five pounds sterling (£5), and to pay for all damage done to the waterworks by such removal.

12. No person, corporation, or society shall use or apply the water in or to any machinery or implements which in the opinion of the Engineer (who shall be the sole judge in the matter) may be injurious to the mains or connections, or any other part of the waterworks; and upon any breach thereof the Engineer may at once, and without notice, stop or cut off the water from such machinery or implements.

13. The County Council claim the sole right to all the water at the tail-race of any water-wheel, turbine, or other engine supplied from the race, and may trap and convey the same by conduit or flume to any other plant on the field, and charge for the same as if delivered from the race, reservoir, or mains.

14. All applications for water shall be made at the County offices, where the necessary forms can be obtained.

15. All connections for supply shall be made at the cost of the applicants, and to the satisfaction of the Engineer or such other person the Council may appoint; and no person shall make any such connection without a permit from the Council. The Engineer shall from time to time measure the water used at the various works, and in the event of such measurement showing a larger quantity is being used than that for which application was made, then the person or persons so using shall be charged and pay for the surplus water so taken; but, in cases where a less quantity is used continuously than that applied for, a *pro rata* reduction in charge will be allowed.

16. All rates shall be payable on the first Saturday in each month, at the offices of the County Council, to the Treasurer or such other person as the Council may appoint.

Rates in Arrear.

17. At the expiration of fourteen days from the date of any water-rate being due, and after delivery of notice on the premises to which such water is laid on, it shall be competent for the Engineer to cut off any such supply in whatever manner may be deemed advisable.

Wrong or false Information.

18. Any person who shall knowingly give false information to the Engineer or any other officer of the Council appertaining to water-supply, or mislead the Engineer respecting the actual quantity of water used for driving any water-engine by turning down the valve in connection therewith, or by closing the port or ports of any turbine, or by any other act or deed, prior to or at the time of any measurement being so taken by the Engineer, as provided in rule 15, shall be guilty of an offence.

19. If any person does any of the following things,—

- (1.) Wilfully injures or destroys any part of the waterworks;
 - (2.) Unlawfully drains off or diverts any water belonging to the waterworks;
 - (3.) Wilfully or negligently allows any pipe or apparatus on his premises to be out of repair so that water is wasted, or alters any meter, or does or suffers any act whereby his supply of water is improperly increased;
 - (4.) Not having agreed to be supplied with water from the waterworks, takes any such water from the supply furnished to another person;
 - (5.) Being supplied with water from the waterworks, supplies another person who has not agreed to be so supplied with, or permits him to take any such water;
 - (6.) Bathes or washes linen or other thing in any water of the waterworks;
 - (7.) Throws any animal, or dirt, or rubbish of any kind into the race; throws or puts, or suffers to be thrown or put, any timber or firewood into any part of the race or waterworks, or trespasses on the trestle-work, pathway, or on the race reserve-line, or on any part of the waterworks;
 - (8.) Allows any foul gas or liquid matter of any kind to flow or escape from any part of his premises, or from any pipe or drain connected therewith, into any such water;
 - (9.) Obstructs the Engineer, or any person acting under the authority of the Council, in doing anything which the Engineer or Council is hereby empowered or otherwise entitled to do;
 - (10.) Opens the ground so as to uncover any pipe belonging to the waterworks, or connects any pipe with such pipe, without giving the Council seven days' notice in writing of his intention so to do;
 - (11.) Connects any pipe with a pipe belonging to the waterworks without giving the Council two days' notice in writing of the day and hour he purposes to do so;
 - (12.) Connects any pipe with a pipe of the waterworks except in the presence of, or contrary to the directions of, the Engineer or person appointed by the Council to superintend the same, unless such Engineer or person fails to attend at the time named in the notice;
 - (13.) Connects with a pipe of the waterworks any pipe of a strength or material not approved by the Engineer,—
- he shall be liable to a penalty not exceeding five pounds sterling (£5) for each such offence, and to a further sum equal to the cost incurred by the Council in repairing the injury done to any part of the waterworks by any such act.

Any person who shall be guilty of a breach of any of these by-laws, either by way of commission or omission, for which a penalty is not hereinbefore provided, shall be liable to a penalty of not more than five pounds sterling (£5) for each such breach.
