The Gilchrist Scholarship.

Education Department,
Wellington, 18th December, 1883.

A SCHOLARSHIP of the value of £100 per annum, and tenable for three years, is biennially awarded to the highest among those candidates at the London University June Matriculation Examination held in New Zealand, who pass either in the Honours or in the First Division, are not less than sixteen nor more than twenty-two years of age, and are desirous of prosecuting their studies either at the University of Edinburgh, or at the University College, London, with a view to graduation in one of the Faculties of the University of London.

If any candidates offer themselves, the June examination for New Zealand will be held some time in the month of June, 1884, or as soon after as the examination papers arrive in the colony, and at such place or places as may be hereafter fixed, having regard to the candidates' places of abode.

Candidates will not be approved by the Examiners unless they have shown a competent knowledge in each of the following subjects, according to the details specified under the several heads:—

1. Latin:
2. Any two of the following languages: (a) Greek, (b) French, and (c) German:
3. The English language, English history, and modern geography:
4. Mathematics:
5. Natural philosophy:
6. Chemistry.

Particulars of the foregoing subjects of examination will be found in the Calendar of the University of London, under the head of "Regulations—Matriculation." The special Latin and Greek subjects for June, 1884, are *Cicero*, *De Amicitia*, with Oration I. against *Catiline*; and *Xenophon*, *Cyropædia*, Book V.

The scholarship will be considered as commencing from the 1st July, 1885, but the first quarterly instalment will be paid to the successful candidate in the first week of October, 1885, at which time he will be expected to present himself to the Secretary of the Gilchrist Trust in London. Subsequent payments will depend on attendance at three courses of lectures in every session, and on good conduct; and the scholar must present himself for the first examination in one of the Faculties of the University of London before the end of the second year of the currency of his scholarship.

Every candidate will be required to give satisfactory evidence that he is between the ages of sixteen and twenty-two years, and either that he is a native of New Zealand, or that he has resided in New Zealand for the last five years.

Notice of entry, with satisfactory testimonials as to personal character, and the London matriculation fee of £2, must be sent to the Secretary for Education, Wellington, so as to reach his office not later than the 1st June, 1884.

By order.

The above land, designated the Stony River Block, is situated mostly on both sides of the mail coach road, about fifteen miles south-west of New Plymouth, and between Stony (Hungatahau) and Waiweranui Rivers. It is well opened up with roads, and consists of open as well as fairly level bush-country; soil good and well watered.

CONDITIONS AS TO OCCUPATION AND IMPROVEMENTS.

The maximum quantity any lessee can hold is 640 acres of rural land.

Each lessee shall within two years from the date of his lease bring into cultivation not less than one-tenth of the land leased by him, and within four years of the said date not less than one-fifth of the said land, and within six years from the date of his lease, in addition to the cultivation of one-fifth of the land, shall place on such land substantial improvements of a permanent character to the value of £1 for every acre of such land.

Improvements to be suitable to and consistent with the extent and character of the holdings, and none shall be allowed for in any valuation in excess of £5 for every acre of rural land.

The lease will contain an arbitration clause to enable, at the end of the term, the value of improvements to be determined for which an outgoing lessee should be paid by an incoming lessee. It will also provide that, in the event of there being no accepted tenderer for the new lease, the old lessee shall have the option of accepting a fresh lease for the same period and on the same conditions as his first lease, at a rental to be fixed by arbitration, minus the value of the improvements, which is also to be fixed by arbitration.

CONDITIONS AS TO TENDERS.

Tenderers may offer for any number of sections, but no tender will be accepted for more than 640 acres in the aggregate. Such sections must, however, be contiguous.

After the declaration of tenders any sections not tendered for will be open for application at the upset rent. The first applicant to be declared the lessee, but if there should be two or more applicants at the same time for any lease the right to the lease shall be decided by lot.

A deposit of one half-year's rent must be made at the time of tendering, the amount to be calculated on the highest amount offered by any tenderer for an aggregate area of 640 acres or any less quantity; but no deposit will be required for any quantity of land tendered for beyond the 640 acres.

Coloured lithographic plans of the above sections are on view at the several Land Offices throughout the colony.

THOMAS MACKAY,
Reserves Trustee.
