CHAPTER 31.

AN ACT to make Further Provision respecting the Removal of Prisoners and Criminal Lunatics from Her Majesty's Possessions out of the United Kingdom.

[28th July, 1884.

WHEREAS it is expedient to provide for the removal of prisoners undergoing sentence, and of criminal lunatics, from one British Possession to another British Possession, or to the United Kingdom:

Be it therefore enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

*Preliminary.*

*Short Title.*

1. This Act may be cited as "The Colonial Prisoners Removal Act, 1884."

*Prisoners Removal.*

Removal of prisoners from British Possessions in certain cases.

2. Where, as regards a prisoner undergoing sentence of imprisonment in any British Possession for any offence, it appears to the removing authority hereinafter mentioned, either—

- (a) That it is likely that the life of the prisoner will be endangered, or his health permanently injured, by further imprisonment in such British Possession; or
- (b) That the prisoner belonged at the time of committing the said offence to the Royal navy or to Her Majesty's regular military forces; or
- (c) That the offence was committed wholly or partly beyond the limits of the said British Possession; or
- (d) That, by reason of there being no prison in the said British Possession in which the prisoner can properly undergo his sentence or otherwise, the removal of the prisoner is expedient for his safer custody, or for more efficiently carrying his sentence into effect; or
- (e) That the prisoner belongs to a class of persons who, under the law of the said British Possession, are subject to removal under this Act;

in any such case the removing authority may, subject nevertheless to the regulations in force under this Act, order such prisoner to be removed to any British Possession or to the United Kingdom, to undergo his sentence or the residue thereof.

*Return of removed prisoner.*

3. (1.) Where a prisoner has been removed in pursuance of this Act, a Secretary of State or the Government of a British Possession to which the prisoner has been so removed may order the prisoner, for the purpose of undergoing the residue of his sentence, to be returned to the British Possession from which he was removed.

(2.) If a Secretary of State or the Government of a British Possession to which a prisoner is removed under this Act requires the prisoner to be returned for discharge to the British Possession from which he was removed, the prisoner shall, in accordance with the regulations under this Act, be returned to the said British Possession for the purpose of being there discharged at the expiration of his sentence. In any other case a prisoner when discharged at the expiration of his sentence shall be entitled to be sent free of cost to the British Possession from which he was removed:

Provided that, where a prisoner at the date of his sentence belonged to the Royal navy or to Her Majesty's regular military forces, nothing in this section shall require such prisoner to be returned to the British Possession from which he was removed, or entitle him to be sent there free of cost.

*Regulations as to removal.*

4. (1.) It shall be lawful for Her Majesty in Council from time to time to make, and, when made, revoke and vary, regulations as to the removal, return, and discharge of prisoners under this Act.

(2.) The regulations may provide for varying the conditions of a sentence of imprisonment passed in a British Possession where they differ from the conditions of a sentence of imprisonment in the part of Her Majesty's Dominions to which the prisoner is removed, with a view to bringing them into conformity with the latter conditions, but the prisoner shall not by reason of such variation undergo an imprisonment of any longer duration; and, where the latter conditions appear to a Secretary of State to be more severe than the former conditions, the Secretary of State may remit a portion of the imprisonment, so that the punishment undergone by the prisoner shall not, in the opinion of the Secretary of State,

be more severe than the punishment to which the prisoner was originally sentenced; and the sentence of imprisonment shall, so long as the prisoner remains in the part of Her Majesty's Dominions to which he is removed, be carried into effect as if the conditions thereof as so varied were the conditions of the original sentence.

(3.) The regulations may also provide for the forms to be used under this Act, and generally for the execution of this Act.

(4.) All regulations made under this section shall be duly observed by all persons, and shall be laid before both Houses of Parliament as soon as may be after they are made.

#### Removing authority.

5. The removing authority for the purposes of this Act shall be a Secretary of State, acting with the concurrence of the Government of every British Possession concerned.

Evidence of act of Government of British Possession or Secretary of State.

6. (1.) The concurrence of the Government of a British Possession, and any requisition by the Government of a British Possession, may be given or made by the Governor in Council or such other authority as may be from time to time provided by the law of that Possession, but shall be signified by writing under the hand of the Governor, or of the Colonial Secretary, or of any other officer appointed in this behalf by the law of that Possession.

(2.) Any writing purporting to give such concurrence or make such requisition, and to be signed by the Governor, or Colonial Secretary, or other officer for the time being, shall be conclusive evidence that the concurrence of, or requisition by, the Government of the British Possession has been duly given or made according to law; and any writing purporting to be under the hand of a Secretary of State, and to order the removal of a prisoner from a British Possession, shall be conclusive evidence that such order has been duly given by the Secretary of State; and every such writing as above in this section mentioned shall be admissible in evidence in any Court in Her Majesty's Dominions without further proof.

#### Warrant for removal of prisoner.

7. (1.) Where the removal of a prisoner from a British Possession is ordered in pursuance of this Act, a Secretary of State or the Governor of the British Possession may, by warrant under his hand, direct the prisoner to be removed to the part of Her Majesty's Dominions mentioned in the said order, and for that purpose to be delivered into the custody of the persons named or described in the warrant or some one or more of them, and to be held in custody and conveyed by sea or otherwise to the said part of Her Majesty's Dominions, there to undergo his sentence, or the residue thereof, until returned in pursuance of this Act or discharged, and such warrant shall be forthwith executed according to the tenor thereof.

(2.) Where a prisoner is to be returned to a British Possession, a Secretary of State or the Governor of the Possession in which he has been undergoing his sentence shall issue a like warrant, which shall be duly executed according to the tenor thereof.

(3.) Every warrant purporting to be issued in pursuance of this Act, and to be under the hand of a Secretary of State or Governor of a British Possession, shall be received in evidence in every Court of justice in Her Majesty's Dominions without further proof, and shall be evidence of the facts therein stated; and all acts done in pursuance of such warrant shall be deemed to have been authorized by law.

#### Dealing with removed prisoner.

8. (1.) Every prisoner removed in pursuance of this Act shall, until he is returned in pursuance of this Act, be dealt with in the part of Her Majesty's Dominions to which he is removed in like manner as if his sentence (with such variation, if any, of the conditions thereof as may have been duly made in pursuance of regulations under this Act) had been duly awarded in that part, and shall be subject accordingly to all laws and regulations in force in that part, with the following qualifications: that his conviction, judgment, and sentence may be questioned in the part of Her Majesty's Dominions from which he has been removed in the same manner as if he had not been removed, and that his sentence may be remitted and his discharge ordered in the same manner and by the same authority as if he had not been removed.

(2.) The officer in charge of any prison, on request by any person having the custody of a prisoner under a warrant issued in pursuance of this Act, and on payment or tender of a reasonable amount for expenses, shall receive such prisoner and detain him for such reasonable time as may be requested by the said person for the purpose of the proper execution of the warrant.

#### Escape of prisoner from custody.

9. (1.) If a prisoner while in custody in pursuance of this Act, or under a warrant issued in pursuance of this Act, escapes, by breach of prison or otherwise, out of custody, he

may be retaken in the same manner as a person convicted of a crime against the law of the place to which he escapes may be retaken upon an escape.

(2.) A person guilty of the offence of so escaping or of attempting so to escape, or of aiding or attempting to aid any such prisoner so to escape, may be tried in any of the following parts of Her Majesty's Dominions, namely, the part to which and the part from which the prisoner is being removed or returned, and the part in which the prisoner escapes, and the part in which the offender is found; and such offence shall be deemed to be an offence against the law of the part of Her Majesty's Dominions in which he may be so tried; and for all purposes of and incidental to the apprehension, trial, and punishment of the person accused of such offence, and of and incidental to any proceedings and matters preliminary, incidental to, or consequential thereon, and of and incidental to the jurisdiction of any Court, constable, or officer with reference to such offence and to the person accused thereof, such offence shall be deemed to have been committed in the said part, and such person may be punished in accordance with "The Courts (Colonial) Jurisdiction Act, 1874" (37 and 38 Vict., c. 27).

#### Criminal Lunatics.

##### Application of Act to removal of criminal lunatics.

10. (1.) The provisions of this Act shall apply to a person in custody as a criminal lunatic in like manner, so far as consistent with the tenor thereof, as they apply to a prisoner undergoing sentence of imprisonment; and separate regulations may be made by Her Majesty in Council under this Act in relation to criminal lunatics, and (subject to those regulations) all laws and regulations in force in the part of Her Majesty's Dominions in which a criminal lunatic removed or returned is for the time being in custody under a warrant issued in pursuance of this Act shall apply to such criminal lunatic as if he had become a criminal lunatic in that part.

(2.) Where a person, who is a criminal lunatic by reason of being unfit to be tried for an offence, is removed in pursuance of this Act, and a Secretary of State or the Government of the British Possession to or from which such person was removed considers that such person has become sufficiently sane to be tried for the said offence, and requires him to be returned for trial to the British Possession from which he was removed, he shall, in accordance with the regulations under this Act, be returned as a prisoner to the said British Possession, for the purpose of being there tried for the said offence, and shall be removed thither in custody in like manner as if he had been arrested under a warrant on a charge for the said offence.

#### Miscellaneous.

##### Cost of removal.

11. (1.) The cost of the removal of any prisoner or criminal lunatic under this Act, and of his maintenance while in confinement, and of his return, and of his being sent after discharge to any place, shall be paid in such manner as may be arranged between the Governments of the British Possessions concerned and the Secretary of State, subject, as regards any cost to be paid out of moneys provided by Parliament, to the consent of Her Majesty's Commissioners of Her Majesty's Treasury.

(2.) Nothing in this Act shall affect any power to recover the expenses of removing or returning any prisoner or criminal lunatic from the property of such prisoner or criminal lunatic or otherwise.

##### Power of Legislature of British Possession to pass laws for carrying Act into effect.

12. If the Legislature of a British Possession pass any law—

- (a.) For determining the authority by whom, and the manner in which, any jurisdiction, power, or concurrence under this Act is to be exercised or given; or
- (b.) For payment of the costs incurred in the removal, maintenance, return, or sending back after discharge of a prisoner or criminal lunatic; or
- (c.) For dealing in such Possession with prisoners or criminal lunatics removed thereto in pursuance of this Act; or
- (d.) For making any class of prisoners subject to removal under this Act; or
- (e.) Otherwise in any manner for the carrying of this Act or any part thereof into effect as regards the said Possession,

it shall be lawful for Her Majesty in Council to direct that such law or any part thereof shall, with or without modification or alteration, be recognized and given effect to throughout Her Majesty's Dominions and on the high seas as if it were part of this Act.

##### Power as to making and revocation of Orders in Council.

13. (1.) It shall be lawful for Her Majesty in Council from time to time to make orders for the purposes of this Act, and to revoke and vary any order so made, and every order so

made shall, while it is in force, have the same effect as if it were enacted in this Act.

(2.) An Order in Council made for the purposes of this Act shall be laid before Parliament as soon as may be after it is made, if Parliament is then in session; or, if not, as soon as may be after the commencement of the then next session of Parliament.

Application of Act to Channel Islands and Isle of Man.

14. This Act shall extend to the Channel Islands and Isle of Man as if they were part of England and the United Kingdom.

Application of Act to place under foreign jurisdiction Acts.  
See 41 and 42 Vict., c. 67.

15. It shall be lawful for Her Majesty in Council from time to time to direct that this Act shall apply, as if, subject to the conditions, exceptions, and qualifications (if any) contained in the order, any place out of Her Majesty's Dominions in which Her Majesty has jurisdiction, and which is named in the order, were a British Possession and part of Her Majesty's Dominions, and to provide for carrying into effect such application.

Savings. 44 and 45 Vict., c. 58; 32 and 33 Vict., c. 10.

16. (1.) Nothing in this Act shall affect the provisions of "The Army Act, 1881."

(2.) This Act shall not affect any agreement made either before or after the passing of this Act under "The Colonial Prisoners Removal Act, 1869," nor any provisions contained in the Act of the session of the fourteenth and fifteenth years of the reign of Her present Majesty, chapter eighty-one, intitled "An Act to authorize the Removal from India of Insane Persons charged with Offences, and to give Better Effect to Inquisitions of Lunacy taken in India."

Application of Act to existing prisoners and criminal lunatics.

17. This Act shall apply to a prisoner who has been convicted, and to a criminal lunatic who has become a criminal lunatic, before the passing of this Act, in like manner as if he had been convicted and become a criminal lunatic after the commencement of this Act.

Special Rules for the Eureka Extended Quartz-Mining Company (Limited), under "The Regulation of Mines Act, 1874."

Mines Department,  
Wellington, 20th October, 1884.

THE under-mentioned special rules, to be observed at the Eureka Extended Quartz-Mine, Westport District, are published in accordance with the provisions of section 31 of "The Regulation of Mines Act, 1874."

J. BALLANCE,  
(for the Minister of Mines.)

The penalties for the violation of any special rules established under "The Regulation of Mines Act, 1874," and for offences against the Act, are provided for in sections 22 to 28, in Part VI.

## SPECIAL RULES.

1. No officer in a place of trust shall depute another person to do his work without the sanction of his superior; and no person in a place of trust shall absent himself without having previously obtained the permission of his superior officer for his term of absence.

2. Intoxicating drinks shall not be allowed in or about the mine without the consent of the manager, and then only in cases of necessity; and no person in a state of intoxication shall be allowed to be in or about the mine.

## Manager.

3. The mining manager shall take all reasonable means for carrying out the requirements of the Act and special rules, by publishing and, to the best of his power, enforcing them. He shall be responsible for the appointment of a sufficient number of competent persons to carry out the requirements of the Act and the special rules, and also to see that the working of the mine is carried on with all reasonable provisions for the safety of the persons employed.

4. The mining manager shall see that an adequate amount of ventilation is constantly produced in the mine, to dilute and render harmless noxious gases to such an extent that the working-places of the shafts, levels, stopes, stables, and workings of the mine, and the travelling roads to and from such working-places, shall, so far as is reasonably practicable, be in a fit state for working and passing therein.

5. The mining manager shall see that an ample supply of timber, props, and other requisite materials are always on the premises, and the "boss" of shift shall see that the same

are distributed, and also report any deficiency. The underground manager shall see that the roof and the sides in all working-places are properly secured by the persons working in them, and that the roof and sides of every travelling road be made and kept secure.

6. The mining manager or underground manager shall visit, if possible, daily all parts of the mine being worked, and shall weekly record in writing, in a book kept for the purpose, the safety of the works carried on.

7. The mining manager shall see that all the provisions contained in the Act as to the employment of boys and male young persons are strictly enforced.

8. The mining manager shall see that all the provisions contained in the Act, and in these special rules, relating to the use of gunpowder and other explosive substances used in the mine are strictly adhered to and enforced.

9. The mining manager or his deputy shall see that proper man-holes and signals which are made or provided are kept in good order, according to the provisions of the Act.

10. The underground manager or "boss" of shift shall withdraw men from working-places which are in any way unsafe, and shall report the same to the mining manager.

11. The underground manager shall see that sufficient boreholes are kept in advance of and on both sides, to prevent inundation in every working approaching a place likely to contain noxious gases or water.

12. The underground manager, whenever practicable, must personally attend to the matters and duties required by the following rules; and the performance and observance of such matters and duties shall not be intrusted to a deputy, except in cases in which the underground manager cannot reasonably perform them, or during his lawful absence. In these cases he may require his deputy or deputies to act for him, and they shall be bound to do and perform all acts, matters, and duties deputed to him or them by the underground manager according to these rules.

## Miners.

13. Every miner shall, under the direction of the mining manager or his deputy, set a sufficient quantity of props and bars for safely supporting the roof and sides in his working-place. The timber shall be properly set, and be removed and renewed as often as is necessary.

14. No miner shall use, or allow to be used, any gunpowder or other explosives, except in conformity with the general rules for its use.

15. In addition to any examination by the manager or other officer, each miner must examine his working-place before commencing work and from time to time during his shift, and withdraw in case of danger.

16. Any miner or miners, having been told by the "boss" of the shift to work in any ground that he or they consider unsafe, shall report to the mining manager the condition of the ground, and it shall be considered imperatively necessary that such officer shall have such ground properly secured immediately on hearing such report; and, should the manager consider it necessary, such work to take priority in every instance; and no miner shall commence work in any such place until it has been examined and made secure.

17. Any person discovering any stoppage or derangement of the ventilation, injury to doors or air-pipes, or observing any obstruction in an air-course, a weakness in the roof or deficiency of timber, weight on the stopes, or accumulation of gas or water, shall immediately give notice to the men and boys in the mine, and to the mining manager or his deputy; and it shall be the duty of every miner to make a complaint to the mining manager of the violation of any portion of this rule if he finds the same has been or is being violated, and the manager shall enter such complaint, with the name of complainant, in a book to be kept in the company's office on the claim.

18. Any person passing through a door must instantly close it; and no person shall injure a door or leave it open, or do anything to interfere with the proper working of the mine, without an order from the manager or his deputy; and no person shall leave any light in any part of the mine, nor shall he leave any gunpowder or other explosive, except in an authorized place.

19. Shots must be rammed with soft material not likely to strike fire. When a shot has missed fire it shall not be unrammed, but shall be reported to the mining manager or his deputy; and the place shall not be approached without the permission of the mining manager or his deputy within thirty minutes after missing fire.

20. In changing shifts no miner being relieved shall leave his place of work until the next shift takes his place, and every miner on being relieved shall point out to his successor any weak place, or any ground that is dangerous or wants securing; and it shall be the duty of each miner composing the relieving shift to ask of those relieved the state of the ground before commencing his shift.

The following special rules shall be in force at every mine where men are raised or lowered in any shaft:—

*Manager.*

21. The mining manager must see that the signals for moving the cages are painted upon a board, and placed in a conspicuous position.

*Underground Workmen.*

22. During the time of the mine-drawing every person in descending the shaft shall be under the direction of the bracman, who shall, subject to the manager's directions, have full control over all persons employed under him, and in ascending shall be under the directions of the chamberman, who shall, subject to the manager's directions, have full control over all persons under him, and no other person than the bracman and the chamberman shall give any signals during such time. No person shall get on or off the cage after the signal to go on has been given, nor until it has settled on the bearers or reached the bottom. No person shall take with him down or up the shaft tools, rails, props, sprags, or other bulky material, except for repairing the shaft. No person shall get on the cage after the numbers stated on the board at the pit top and bottom are on. Every miner and boy shall leave the cage immediately when ordered to do so by the bracman or chamberman. No person under the age of eighteen years shall have charge over the pit top or bottom.

*Bracman and Chamberman.*

23. The bracman or other appointed person shall be at the mine at the appointed time, and shall provide a sufficient number of lights on the bank; and shall before the engine is started, and from time to time during the day, see that the pulleys, ropes, cages, chains, and landing doors or frames are in safe working condition; and he shall not allow any person to descend the shaft until he has put the loaded tubs into the cage, and the ropes and the loaded cages have been run up and down the shaft, and the ropes, chains, cappings, and cages carefully examined by him. If any weakness or defect is found in anything belonging to the pit-top, or in the engine or machinery, he must not permit any person to descend or ascend until it is made secure. The bracman shall also attend to the proper signals.

24. The bracman in charge of the pit-top shall not let a stranger go down the shaft without the authority of the manager. The bracman, when he is informed of danger in the shaft, shall not allow any person to go down unless for the purpose of repairing the shaft. He shall not allow any intoxicated person to descend, or to come on to the brace. He shall himself give the signals, and let no other than appointed persons land the trucks or tubs, or put them into the cages. He shall listen at the pit-top when any person is in the shaft, and instantly signal the engineman to stop the engine in case of alarm. He shall remain at the pit-top until all the men and boys are drawn out, except in cases where a proper ladder-way or other means of exit is available.

25. The bracman or chamberman shall not let a boy under sixteen years of age go down or up the shaft unless accompanied by a man, and shall not permit more than the number of persons stated on the board at the pit top and bottom to descend or ascend at one time. The bracman or chamberman shall not allow a person to go down or up against a loaded cage in the same shaft unless it is centred, and shall not allow any person to take with him rails, props, sprags, tools, tubs, or other bulky materials, or to get on or off the cage until it has settled upon the bearers or reached the pit-bottom. The bracman shall send all tools down the shaft in a tub or tram, and props, rails, and other bulky materials shall be tied securely to the cage or rope by the bracman or chamberman when being sent down or up the shaft. If a rope is working in the shaft for underground planes, no person shall ride in the cage whilst this is running unless the rope be cased.

26. The bracman shall see that the fencing is placed securely round the top of every shaft under his charge when it is not at work, and shall keep the cages and the pit-top clear.

27. The chamberman shall be in the mine at the appointed time. He shall be at his station to give signals and perform his other duties under these rules; and he shall, when required, remain there to see the men and boys all safely into the cage and up the shaft at the close of the shift.

28. The chamberman shall report to the manager any person that gives a signal or disobeys his directions. He shall remain at the bell-handle and give cautionary signals, if necessary, when any person ascends or descends the shaft. He shall allow appointed persons only to put tubs into or take them out of the cages.

29. The chamberman shall see that the water-sump or well is never uncovered when any person is ascending or descending the shaft.

30. The bracman and chamberman shall alone give the signals for moving the cages, which are as follows:—

*Signals.*

When the cage is to be raised from the pit-bottom the bell is to be struck .. Once.

When men are about to ascend .. Three times.  
Which the bracman shall answer before men get on to the cage .. Once.  
When men are about to descend the bracman shall signal .. Three times.  
Which the chamberman shall answer by signalling .. Once.  
When men are ready, the signal to go on .. Once.  
To stop the cage .. Once.  
To lower down the cage .. Twice.  
To raise up after being stopped .. Four times.  
To call attention of bracman that cage is wanted in any other level .. Five times.  
Which the bracman shall answer by .. One knock.

After five knocks and a pause the number of knocks shall indicate the level where cage is wanted, as follows:—

Cage wanted in No. 1 level .. Once.  
" No. 2 " .. Three.  
" No. 3 " .. Three times.  
" No. 4 " .. Four times.  
" No. 5 " .. Five times.  
" No. 6 " .. Six times.

Adding one knock for each additional level.

31. The bracman and chamberman shall not allow any person to ride on the cage without the cover, unless by special permission.

32. The following special rules shall be in force at any mine where engines worked by steam or other mechanical power are used:—

*Engineer.*

33. The engineer or some competent person shall daily inspect the engines, boilers, steam-gauges, water-gauges, feed-pumps, safety-valves, indicators, brakes, drums, ropes, chains, cages, and all other machinery used for the purpose of raising men or materials from the mine, and shall cause the same to be in a state of efficient repair.

34. The mining manager or some competent person appointed must daily examine the state of the shaft by which persons ascend or descend, and the guides and conductors therein.

35. The mining manager or some competent person appointed shall see that the bells and signals required by this Act are fixed and maintained in working order, and that the engineman understands the code of signals.

36. The mining manager or some competent person shall see that every cage used for the purpose of raising and lowering persons in the shaft shall have a proper covering overhead.

37. The engineer or some competent person shall see that all ropes are carefully attached to the drum, and when the cage is at the pit-bottom there must not be less than two rounds of rope on the drum, and shall report any breakage or derangement of machinery to the manager.

38. The engineer or other competent person appointed shall see that each boiler is laid off and cleaned when required. He shall make a careful examination of the same and all its connections, and not allow it to work unless in good working order.

39. The engineer shall see that every fly-wheel, and all exposed and dangerous parts of the machinery, shall be securely fenced.

40. When a winding-shaft rope requires capping or splicing, it shall be done under the direction of the engineer or a competent person appointed by the manager.

41. Each engineman shall, every morning before commencing work, examine his engine and all the machinery connected therewith, and immediately report any defect to the manager or engineer.

42. The engineman must run the ropes and loaded cages slowly up and down the pit before any person ascends or descends.

43. No one shall interfere with the engine except the engineman. He shall at all times gently lift the cage from the pit-bottom, and carefully drive the engine, and not leave the handle whilst persons are in the shaft, and shall not allow any person to remain in the enginehouse. He shall pay particular attention to the indicators and signals, and shall stop the engine if any defect is perceived.

44. The engineman shall not leave his work whilst any person is underground until he is relieved by the engineman coming on the next shift, except in cases where a proper ladder-way or other means of exit from the mine is available; and, in case of sickness or lawful absence, he must give early and sufficient notice to the manager, so that a substitute may be provided.

45. The engineman shall make himself thoroughly acquainted, and act in accordance, with the signals laid down in these rules.

46. When work is suspended the engineman shall leave the cages in such a position that they do not impede the ventilation, and so as not to leave the pit-top unfenced.

47. Whilst any person is in the shaft the engineman shall drive the engine at a reduced speed.

48. The engineman shall, from time to time during the day, examine the fittings of the boilers, and at once report any defects to the manager or engineer. The engineman shall from time to time examine the floats, safety-valves, and steam-gauges, so as to ascertain the level of the water and pressure of the steam.

The following special rules shall be in force at any mine where any incline or engine-plane is in use:—

49. The brakeman shall, during work, see that the machinery, ropes, signals, &c., are in proper working order, and, if he perceive anything wrong, at once report the same to the manager or his deputy. He must be cautious in conducting the wagons, and see that they are securely coupled. He shall pay attention in giving and receiving the necessary signals. No person shall ride on any incline without the permission of the manager.

50. The manager shall see that proper stops and blocks are fixed at the top of each incline.

*Miscellaneous.*

51. No stranger shall be allowed to enter any mine without the permission of the mining manager.

52. In case of any of the duties defined by these rules being temporarily performed by any person not specially appointed thereto, the said person shall be subject to these rules in like manner as if he were specially appointed.

53. The persons employed in a mine may from time to time appoint two of their number to inspect the mine at their own cost, and the person so appointed shall be allowed, once at least in every month, accompanied, if the manager of the mine thinks fit, by himself or one or more officers of the mine, to go to every part of the mine and to inspect the shafts, levels, planes, working-place, return, air-ways, ventilating apparatus, old workings, and machinery, and shall be afforded by the manager and all persons at the mine every facility for the purpose of such inspection, and shall make a true report of the result of such inspection, and such report shall be recorded in a book to be kept at the mine for the purpose, and shall be signed by the person who made the report.

54. A copy of these rules shall be supplied to every person employed in or about the mine, and it shall be the duty of every such person to peruse and make himself acquainted and act in accordance therewith, and return them to the manager when leaving the mine; and any person wilfully damaging a copy of these rules shall be guilty of an offence against the Act.
