Declaring a certain Road in the County of Waipa to be a County Road.

WM. F. DRUMMOND JERVOIS,
Governor.

ORDER IN COUNCIL.

At the Government House, at Wellington, this twenty-eighth day of October, 1884.

Present:

HIS EXCELLENCY THE GOVERNOR IN COUNCIL.

IN pursuance and in exercise of the powers vested in him by "The Public Works Act, 1882," and of all other powers in anywise enabling him in this behalf, His Excellency Sir William Francis Drummond Jervois, the Governor of the Colony of New Zealand, by and with the advice and consent of the Executive Council of the said colony, doth hereby order that the road in the County of Waipa, described in the Schedule below, shall, on and after the date above mentioned, become a county road.

SCHEDULE.

FORSTER GORING,
Clerk of the Executive Council.

Notice of Supplementary Contract having been entered into by Her Majesty the Queen and the Waicola, Linton, and Waiau Valley Railway Company (Limited).

HIS Excellency the Governor in Council hereby directs it to be notified that, under the powers conferred upon the Governor in Council by "The Railways Construction and Land Act, 1881," a supplementary contract was, on the 11th day of June, 1884, made between Her Majesty the Queen and the Waicola, Linton, and Waiau Valley

Railway Company (Limited), of which the following is the general purport, namely:

The first six clauses of the contract made on the 9th day of August, 1883, are cancelled, and instead thereof it is agreed that the said railway shall be treated as one section instead of two sections as in the first contract, that is to say,—

1. The company shall, at its own expense, within five years, construct, and thereafter maintain and work, a line of railway from a point in the Government railway between Otautau and Wairio, situated on Section 23, Aparima Hundred, to a point in the Waiau Township Reserve.

2. The specifications and drawings to be from time to time approved by an Engineer appointed for that purpose by the Governor, and are to accord as nearly as may be with the standard specifications and drawings in use on the New Zealand Government railways.

3. All rolling-stock and plant to be of like character and strength as in use on the said Government railways.

4. The company to expend within twelve months from the date of contract not less than £25,000; and the company thereafter to proceed with the construction of the residue of the said railway, so as to complete the same within the time mentioned in clause 1 of the contract.

5. The power of inspection by the Governor, provided for by section 48 of "The Railways Construction and Land Act, 1881," shall include the direction of additions to, and alterations or repairs of, the class and character of the rolling-stock, plant, and material; and the company shall cause such additions, alterations, or repairs to be made or supplied within a specified time.

6. The company shall not assign, charge, or dispose of any part of their contract without the consent of the Governor; but this provision shall not be deemed to prevent the company from raising money by debentures without the necessity for such consent.

7. The company to be put in possession of such parts of any Crown lands through which the railway will pass, and of any Crown lands adjacent thereto, which may be required for the construction of the railway; the lands being subject to any conditions of contract or agreement entered into by the Queen or the Minister for Public Works. Upon completion of the railway, the land actually used and any land adjacent thereto which may be requisite for the purposes of the said railway will be granted to the company.

Land set apart for selection under section 101 of "The Railways Construction and Land Act, 1881," to be appropriated to the railway in the proportions, so far as the areas coloured pink on the plan attached to contract will permit, of £1,350 worth of such land, according to the value thereof (to be ascertained under section 102 of "The Railways Construction and Land Act, 1881"), for every mile of railway completed and open for traffic, with the requisite rolling-stock and appliances.

8. The lands mentioned in Schedule A to the contract, and coloured pink on the plan, shall be withdrawn from sale and set apart for the purpose of being selected by, and granted to, the company. The selection of such land after the construction of the said railway, or of any completed section thereof, to be as follows:—

- For the purposes of such selection the estimated cost of constructing the line of railway, including all rolling-stock and appliances necessary for working the same, shall be £4,500 per mile, and the whole length fifteen miles.
- The value of the lands shall be ascertained in the manner prescribed by section 102 of "The Railways Construction and Land Act, 1881."
- When the Minister for Public Works shall be satisfied that each section of the railway has been completed and is fit for traffic, and is supplied with all necessary rolling-stock and appliances, the company may select and shall receive a grant or grants for so much of the lands (the value whereof shall have been computed in the manner and after the rate aforesaid) as they may be entitled to select in respect of the number of miles of railway when completed. In any dispute as to the area the company is entitled to select, the decision of the Governor to be binding and conclusive on the company, and every such selection to be subject to the approval of the Governor.

9. Every grant of land to be subject to the provisions of "The Railways Construction and Land Act, 1881."

Clauses 10, 11, 12, 13, 14, and 15 of the original contract, and Schedules B and C of the original contract, to stand and be binding on the original contract and on this contract.

The said supplementary contract is signed "Wm. F. Drummond Jervois, Governor," with the advice of the Executive Council, and "John C. Ellis and Thos. C. Ellis, Directors," and sealed with the Seal of the Colony, and the Seal of the Waicola, Linton, and Waiau Valley Railway Company (Limited).

Crown Lands to be leased, Forty-Mile Bush District, Wairarapa.

It is hereby notified that the under-mentioned sections are open for lease for a term of thirty years, with perpetual right of renewal.

Written tenders (in sealed covers) are invited, in accordance with "The Land Act 1877 Amendment Act, 1882."

The price tendered must be stated in writing as well as in figures, accompanied by a statutory declaration, together with six months' rent at the rate tendered, and a fee of £1 10s. for lease and registration, to be lodged with the Commissioner of Crown Lands, at the Crown Lands Office, Wellington, not later than 4 o'clock p.m. on Wednesday, the 10th December, 1884.

The tenders will be opened at the meeting of the Land Board on Thursday, the 11th December (the following day), at 10 o'clock a.m., when the highest tenderer, if the tender shall equal or exceed the upset annual rental per acre fixed by the Board, will be declared the lessee. The tenderers must appear at the Land Board, either in person or by an agent authorized in writing, on the day on which the tenders are opened.

Plans and schedules of the sections, and copies of the regulations under which leases will be sold and issued, also forms of tender and declaration respectively, can be obtained at the District Land Office, Wellington; at any of the other Land Offices in the colony; and may also be seen at the Railway Stations and Post Offices in the Wellington Provincial District.

The numbers of the section and block, with the name of district, must be written on the covers. The letter being on "Public Service only," and addressed to the Commissioner of Crown Lands, need not be stamped, being free of postage; neither does the declaration require to be stamped.

Any person of eighteen years of age and upwards may become a lessee under this system. In the event of any person tendering for two or more leases the deposit of a sum equal to one half-year's rent of the tender largest in amount shall be sufficient, together with the sum of £1 10s. to pay for the lease and registration thereof, paid either in cash,

marked cheque, or bank draft, made payable to the Receiver of Land Revenue, Wellington: Provided that in the case of a person tendering for two or more leases, such as he may in the aggregate become the lessee of under the Act, namely, in the case where the lands comprised in the several leases adjoin each other, in such case the deposit shall be a half-year's rent at the rate tendered for each such lease, and also the sum of £1 10s. in respect of each such lease, the fee for preparation and registration of same.

Any lessee who has fulfilled all conditions of improvements within six years can acquire the freehold of his lease on payment of the price fixed at the time the lease was granted, provided the payment is made within eleven years of the commencement of the lease.

NOTE.—Limits of area for each lessee: No lease shall be made to any person owning, nor shall any person be capable of becoming the lessee under a lease, or a sublessee, who owns any freehold land, or land held under lease or license under the Crown whereby such person shall become either the owner, tenant, or occupier in the whole, either by himself or jointly with any other person or persons, including the lands comprised in the lease, of a greater area than 640 acres anywhere in the colony.

The sections comprised in the Schedule are situated at Pahiatua, in the Mangaone Block, in the Kopuaranga District, about Dreyer's Rock, near Dreyerton, and front upon or are adjacent to the main road connecting Masterton and Woodville. Branch roads have been formed through the sections at Dreyer's Rock, Central Mangaone, Hawera, and Pahiatua, at distances respectively from Masterton of about fourteen miles, thirty-one miles, thirty-five miles, and forty miles. The Mangahao sections are within fourteen miles of the Town of Woodville.

The Main Trunk Railway from Wellington to Napier is now being constructed to a point about seventeen miles north of Masterton. Sites for railway stations have been selected at several points.

The whole of the sections are covered with forest, the principal trees being tawa, rimu, hinau, rata, kahikatea, with totara in places; the undergrowth is, as a rule, heavy; the general character of the soil is good, and in some places is of first-class quality, the formation being limestone, clay marl, sandstone, &c.

The country is generally hilly and undulating, but there are large flats as well as broken ground within the area; it is well watered, and, as the climate is also very favourable the land should, when cleared and brought into cultivation, prove well adapted for pastoral and, to some extent, agricultural purposes.
