IRISH CHANNEL.

Cablegram from Lighthouse Department, Dublin.

TUSKAR LIGHT, Irish Channel, will be extinguished from the 1st June to the 31st August, 1885, and in lieu of same a lightship will be moored one mile north 55 degrees west therefrom, showing a light of the same character, until the Tuskar Light is relighted.

ADDITIONAL LIGHTS, KEPPEL BAY.

NOTICE is hereby given that, on and after this date, the following additional lights will be exhibited in Keppel Bay:—

Two white lights on Balaklava Island, which, when in line on a S. by W. $\frac{1}{2}$ W. bearing, will lead just to the westward of the Timandra Bank buoy. These lights are catoptric, are 1,769 yards apart, and stand at an elevation of 87 and 30 feet respectively.

Two catoptric lights, 54 and 25 feet high respectively, and 860 yards apart—the more northern being red—will be exhibited from the western shore of Port Alma, south of Eupatoria Point, and when in line on a S.W. $\frac{1}{4}$ W. bearing will lead through Sea Reach (with not less than 19 feet at low

water) and Port Alma, the line passing close to the position of the lightship, and cutting the line of lights on Balaklava Island in 7 fathoms of water.

A third pair of lights will be exhibited from Cardigan Point. These lights are similar to those at Port Alma, being 52 and 25 feet high respectively, and 850 yards apart, and will lead on a west southerly bearing to the northward of the lightship and into Rocky Point Reach abreast Flat Island.

Directions by Night.—After rounding the Timandra Buoy, open the two lights on Balaklava Island slightly to the westward, and keep them in that position until the obscured sector of the light on Little Sea Hill is passed, then open the lights slightly to the eastward and keep them in that position until the lights on Eupatoria Point are nearly in line, then steer for them and bring them into line, which direction will lead to a point just below the new Government wharf at Port Alma.

If going up the Fitz Roy River, after getting the Eupatoria Point Lights in line, keep them in that position until the red and white lights on Cardigan Point are getting into line, when haul up and steer with them in that position until the steep bank of the channel in Rocky Point Reach is neared, when that shore is to be kept on board and the channel followed as formerly.

The lightship at the Elbow will be shortly removed, the elbow of the bank being then marked by a red buoy carrying a cage.

Report of Court of Inquiry into Stranding of s.s. "Grafton" confirmed.

Marine Department,
Wellington, 14th March, 1885.

HIS Excellency the Governor has been pleased to confirm the following report of the Court of Inquiry into the stranding of the steamer "Grafton" on a rock off Kiourangi Head, on the 17th February, 1885, by which the New Zealand Certificate of Competency as First Mate, No. 399, held by Alfred Stoddart, the chief officer of the vessel, is suspended for one month.

W. J. M. LARNACH.

THAT the chief officer, Alfred Stoddart, judged the distance from the land incorrectly: he fancied he was further off than was really the case, and thereby ran the steamer upon the rocks or reef at Kiourangi Head. He was therefore culpably negligent, and for his negligence I order the cancellation of his certificate for one month, subject to His Excellency's approval, and order him to pay the costs of the inquiry, amounting to four guineas.

Given under my hand, this nineteenth day of February, one thousand eight hundred and eighty-five, at Wellington, New Zealand.
