

SUPPLEMENT

TO THE

NEW ZEALAND GAZETTE

OF
THURSDAY, APRIL 30, 1885.

Published by Authority.

WELLINGTON, FRIDAY, MAY 1, 1885.

Examination of Teachers.

Education Department,
Wellington, 28th April, 1885.

THE following lists contain statements of the principal results of the examination held at the end of January, 1885. It must be understood that the granting of a certificate depends only in part upon the result of an examination, and that candidates who have not had the experience required by the regulations, or who do not receive the necessary marks from a School Inspector, have no claim to a certificate.

The first list contains the names of the successful candidates at the examination for Class D. The second supplies similar information with regard to Class E. The third and fourth lists give the names of candidates who will be allowed to qualify for Classes D and E, respectively, by passing at the next examination in those subjects only in which they have this year been unsuccessful. The fifth is the list of candidates who were partially successful in former years, and have now passed in the additional subjects necessary for a certificate.

Every candidate will receive a private intimation of his success or failure, and those whose names are in the third and fourth lists will be advised as to the subjects in which they will require to be examined again.

An asterisk against a name signifies that the candidate is too young to hold a full certificate.
