Amended Conditions.*

Mines Department,
Wellington, 16th March, 1885.

REWARDS are offered for the discovery of new gold fields, upon the conditions set forth hereunder, payable out of the parliamentary vote of £2,500.

W. J. M. LARNACH,
Minister of Mines.

AMENDED CONDITIONS.

1. The maximum sum offered as a reward for any proved discovery of a new gold field in accordance with these conditions is £500; but, if the total sum claimed as rewards in any one year exceeds the parliamentary vote, the amount available only will be divided equally.

2. The newly-discovered gold field, if in alluvial ground, must be situated not less than ten miles from the nearest alluvial gold workings, or, if in quartz, not less than five miles from the nearest existing quartz mines.

New Zealand Industrial Exhibition, 1885.

PRIZE ESSAYS.

Wellington, 29th December, 1884.

ONE gold medal and twenty guineas, one silver medal and ten guineas, and one bronze medal and five guineas will be awarded for essays on the present condition and future prospects of the industrial resources of New Zealand, and the best means for fostering their development.

In judging of the merits of the essays preference will be given to those which are of a practical character, rather than to mere abstract or theoretical disquisitions. The essays must be sent in to the Secretary of the Exhibition, signed with a motto and accompanied by a sealed envelope containing the author's name and address, on or before the 1st day of December, 1885. This late date is fixed to enable the essayists, if they desire to do so, to utilize the information which the Exhibition itself will supply.

The essays will be submitted to a Board of three persons, to be hereafter appointed, on whose decision respecting the merits of the essays the above prizes will be awarded; provided the essays reach a sufficiently-deserving standard of excellence.

ALTERATION OF POSITION OF BEACONS AT WESTPORT.

Marine Department,
Wellington, N.Z., 25th September, 1885.

THE Westport Harbour Board have given notice that, owing to the front beacon being in an unsafe position, the leading river beacons from the bar inwards on a southerly bearing will, on and after the 1st October, 1885, be moved inland about five chains. The change will scarcely be observed from ships entering the Buller River, except that the beacons may not be seen quite so soon after crossing the bar as at present, but this is not material. The compass bearing is about the same.

The quality of the land in Hunterville is generally very good, and it is the centre of a large and progressive district.

Plans, forms of application, &c., may be seen at post offices and railway stations, and can be obtained at the land offices throughout the colony and at the principal post offices in this district. Any additional particulars can be obtained at this office.
