Wellington, N.Z., 6th October, 1885.

THE following Notice to Mariners, received from the Harbourmaster, Manukau, is published for general information.

W. J. M. LARNACH.

NOTICE is hereby given that soundings have recently been taken about the bar, at the southern entrance of the Manukau Harbour. The deepest water found on the bar was 2½ fathoms, low tide, deepening quickly to 3 and 4 fathoms on each side of the bar, with the following magnetic bearings: Ninepin Rock N.W. by W., South Head Light-house N.E. by N. ½ N.; and the South Head beacons in line now lead clear of the south part of the Tranmere Shoal and the north-west end of the Treachery Shoal, and a full cable clear of the Heron Spit, at which place there were 5 fathoms water, deepening on the same line of bearings, N.E. by N. ½ N., to 6 and 7 fathoms clear of the outer break on the Middle Bank.

NOTE.—The south part of the Emma Shoal has grown southward, forming a narrow spit across the original Fanny Channel. The deepest water found there was only 9 feet, low tide. Yet there is less sea there in rough weather than in the South Channel, and can be crossed when the tide is well in. As regards the lead of the North Shore beacons, they still lead a fairway to and from the South Channel. With the above notes it must be borne in mind that all the shoals in the vicinity of Manukau Heads are subject to various changes, which will be made public when noticed.

W. J. M. LARNACH,
Minister of Mines.

AMENDED CONDITIONS.

New Zealand Industrial Exhibition, 1885.

PRIZE ESSAYS.

Wellington, 29th December, 1884.

ONE gold medal and twenty guineas, one silver medal and ten guineas, and one bronze medal and five guineas will be awarded for essays on the present condition and future prospects of the industrial resources of New Zealand, and the best means for fostering their development.

In judging of the merits of the essays preference will be given to those which are of a practical character, rather than to mere abstract or theoretical disquisitions. The essays must be sent in to the Secretary of the Exhibition, signed with a motto and accompanied by a sealed envelope containing the author's name and address, on or before the 1st day of December, 1885. This late date is fixed to enable the essayists, if they desire to do so, to utilize the information which the Exhibition itself will supply.

The essays will be submitted to a Board of three persons, to be hereafter appointed, on whose decision respecting the merits of the essays the above prizes will be awarded; provided the essays reach a sufficiently-deserving standard of excellence.
