IN pursuance of the powers and authorities in me vested by the fourth section of "The Land Act, 1885," I, William Francis Drummond Jervois, the Governor of the Colony of New Zealand, do hereby make the following regulations for the Land District of Nelson, to come into operation on the first day of November, one thousand eight hundred and eighty-five.

## LEASES UNDER "THE LAND ACT, 1885."

1. ALL persons desiring leases of unoccupied portions of Crown lands (not exceeding 320 acres) shall lodge with the Commissioner of Crown Lands an application and description thereof in the form or to the effect of the First Schedule hereto, and shall at the time of lodging such application pay to the Receiver of Land Revenue a deposit of 1s. 9d. per acre towards the expense of the survey for every acre of the land so applied for. No deposit in any case shall be less than £5.

2. The deposit so paid shall be placed to the credit of the applicant, and applied, first, towards the expenses of such survey and the publication of the notice hereafter mentioned; and if there shall be any surplus the same shall be applied towards the payment of any rent payable in respect of the land applied for.

3. If the application is refused by the Board, the amount of deposit paid in respect of such application shall be repaid to the applicant.

4. Before any application for a lease shall be granted by the Board, the Commissioner shall publish in some newspaper circulating in the district, once in each week for two consecutive weeks, a notice setting forth particulars of the application in such form as the Commissioner shall consider best.

5. All sections of land to be leased shall, as far as the features of the country will admit, and, except in the case of natural boundaries, be of a rectangular form; and no section shall be laid off in such manner as, in the opinion of the Board, to render less available for sale or lease, or injuriously to affect in value, any other Crown lands.

6. As soon as conveniently may be after the survey and determination of the rent, a lease executed by the Commissioner may be issued by the Board to the applicant, but no lease shall be executed by the Commissioner until the Board has approved thereof. The lessee shall then execute a counterpart thereof, and pay for such lease the sum of £1 1s. Every lease shall be in the form or to the effect in the Second Schedule hereto, and contain the covenants and provisions therein set forth.

7. If any applicant shall withdraw his application, or shall fail to sign and execute the counterpart of his lease for the space of three calendar months after notice shall have been given that the same is ready for signature, he shall forfeit his right to such lease, as well as any deposit he shall have paid at the time of making his application. Any such notice may be delivered personally, or sent by post, addressed to the last known place of abode or business of the applicant, or published in some newspaper circulating in the district.

8. It shall be lawful for the Board, at any time before the execution of any such lease, to exclude from the land proposed to be comprised therein any land which to them may appear suitable for any of the purposes, whether temporary or permanent, for which Crown lands may from time to time be reserved according to any law for the time being in force.

9. Particulars of every assignment whereby the land demised by any lease or any part thereof, or the estate or interest of the lessee therein, is transferred, shall be recorded in such manner as the Commissioner thinks best, and the instrument of transfer shall be produced to the Commissioner for that purpose within one month from the date thereof. Upon recording any assignment the Commissioner shall indorse on the instrument of transfer a certificate or memorandum that the same has been recorded, and there shall be paid in respect of any such certificate or memorandum a fee of £1 1s.: Provided that no assignment or transfer of a part of a leasehold shall be made, and no assignment or transfer of the entirety of a leasehold shall take effect, without the consent of the Crown Lands Commissioner.

10. All rents or moneys payable under or in respect of any lease shall be due and paid annually in advance on the 1st day of January in each year of the term of lease: Provided always that one full year's rent shall be paid at the time of issue on all leases issued prior to the 30th day of June in any year, and one-half year's rent shall be paid on leases issued subsequent to the 30th day of June in any year.

UPON the Council of any county, or, where the Counties Act is not in force, upon any Road Board, adopting the following regulations for prospecting for diamonds, gold, silver, or tin, the Government shall, subject to the following conditions, subsidize by pound for pound the amounts expended by each County Council or Road Board, as the case may be:—

2. Previous to the Government binding itself to subsidize any local body as aforesaid, each local body shall submit its proposals to the Minister of Mines for approval.

3. On the application and proposals having been approved of, each payment shall be made on the certificate of the County Chairman in the case of a County Council, and in the case of a Road Board on the certificate of the Chairman of the said Board, or such other person as may be appointed by the Minister.

4. The amounts payable by way of subsidy to any County Council in any one year shall not exceed £500.

5. The amounts payable to any Road Board in any one year shall not exceed £200.

6. The Government shall subsidize by pound for pound any amounts expended by County Councils or Road Boards in the purchase of boring appliances to be used for prospecting purposes.

CLASS I.—One party of two or three men in each riding of any county will be subsidized at the rate of 15s. per week per man for prospecting new and unprospected country three miles from any main or district road and from any known workings.

CLASS II.—One party of two or three men in each riding of any county will be subsidized as under while prospecting partially-worked and prospected country within tolerably easy access of road communication:—

*Sinking.*—Dry Ground: 1s. per foot from surface to 15 feet, 2s. per foot from 15 to 60 feet, 3s. per foot from 60 feet to any greater depth. Wet Ground, requiring slabbing: Double the above rates.

*Tunnelling and Driving.*—Through Drift or Blue Reef: 1s. 6d. per foot for the first 500 feet, 3s. 6d. per foot for next 500 feet, 4s. 6d. per foot for next 500 (or any portion of 500) feet. Through Hard Rock or Cement requiring blasting, or through Pug: 5s. per foot. All tunnels and drives to be at least 4 feet by 3 feet 6 inches.

Prospectors under both Class I. and Class II. are required before commencing operations to send in their names to the County Council or Road Board, who must approve of same.

The locality of prospecting operations must also be stated, for the approval of the Council or Road Board.

Each prospecting party must send in a report, once in every month, to the Council or Road Board, setting forth the nature, extent, and result of operations during the previous month.

All measurement of work done under Class II. shall be made by the County Engineer, Road Overseer of the district, or other person appointed by the local body, who will be required to certify to the voucher for payment.

The subsidy under Class I. and Class II. may be discontinued, if the Council or Road Board think necessary, on one

month's notice of discontinuance being given to the party or parties.

Payments will be made monthly.

Applications (giving the full names and residences of each man of the proposed party or parties, and specifying the locality in which it is proposed to prospect) must be sent to the Council Chambers or Road Board offices, and the application must be indorsed on the envelope, "Application for Prospecting, Class I." (or "Class II.," as the case may be).

## REGULATIONS AS TO REWARDS FOR THE DISCOVERY OF NEW GOLDFIELDS.

1. Upon the Council of any county, or, where the Counties Act is not in force, upon any Road Board, adopting the following regulations, the Government shall subsidize by pound for pound the amounts paid by way of reward under the same:—

3. For the recovery of a lead in proximity to the place where a lead has been lost, and has not been worked for a period of six months, a reward equal to one-half of the above rates:

And for the discovery of a new lead one mile from any lost lead, a reward equal to two-thirds of the above rates.

4. "Workings" shall be construed to mean an area of ground upon which alluvial- or quartz-mining operations are being carried on.

5. Distance shall be computed from any given point, measured in a direct line, from where gold-mining is being carried on to the site of the discovery.

6. Every application made by a County Council or Road Board within a mining district or gold-mining district shall be accompanied by a certificate from the Warden of the district in which the discovery has been made; or, if the discovery be outside any mining district or gold-mining district, then the certificate shall be signed by the Chairman of the Land Board of the land district in which the discovery has been made. Such certificate shall state the amounts paid by the local body, and that such payment has been made in accordance with these regulations.

7. In the event of any person discovering a payable goldfield beyond the jurisdiction of any County Council or Road Board, the Government shall recognize the application, and deal therewith in the same manner as if it had been made by a County Council or Road Board.

8. For the discovery of a payable diamond-field, lode of silver, or lode of tin, for every one hundred miners profitably employed thereon at the expiration of six months from date of discovery, there shall be paid a reward of £100 up to £500 for five hundred or more miners so employed.
