WM. F. DRUMMOND JERVOIS,

ORDER IN COUNCIL.

At the Government House, at Wellington, this first day of September, 1886.

Present:

HIS EXCELLENCY THE GOVERNOR IN COUNCIL

WHEREAS by "The Harbours Act Amendment Act, 1883" (hereinafter called "the said Act"), it is, among other things, enacted that, where the foreshore has been

legally vested in any Harbour Board or other local governing body, it may from time to time, subject to the provisions of the one hundred and fifty-sixth section of "The Harbours Act, 1878," license and permit any part of the foreshore to be used or occupied, *inter alia*, for the erection and use of any landing-place or wharf: And whereas by the said Act it is also provided that every licensee shall, subject to the provisions of the said Act, have power to make and construct any necessary reclamation for the purpose of erecting on the foreshore comprised in his license, or upon any land below low-water mark immediately contiguous to such foreshore which shall be specified in such license, any building, structure, erection, or other works to enable him to obtain the full benefit of such license: And whereas by the said Act it is further provided that every such license shall be in writing under the seal of the Board or body granting the same, and may be for any period not exceeding fourteen years from the date thereof, and may prescribe a sum of money to be payable either at stated periods or on or before the granting thereof for the use of the foreshore so granted, and may prescribe any other terms or conditions, general or particular, to be observed or performed by the person to whom the same is granted: And whereas by the said Act it is also enacted that, in any case where there is no Harbour Board, or no Harbour Board empowered to grant any such license as aforesaid, the Governor in Council may in his discretion grant and issue a license for all or any of the purposes hereinbefore mentioned, and all the provisions of the said Act in respect of such licenses shall, *mutatis mutandis*, apply accordingly: And whereas Alfred Buckland, of Auckland, has applied for a license under the said Act to occupy a part of the foreshore and the land below low-water mark on the Kaipara River, Kaipara Harbour, in order to erect and maintain thereon a wharf; and, in accordance with the one hundred and fifty-sixth section of "The Harbours Act, 1878," has deposited plans in the office of the Marine Department, at Wellington (marked M.D. 1236, 1237, and 1238), showing the manner in which it is proposed to construct such wharf, the place in the said river where it is intended to erect the same, and the area of foreshore or land below low-water mark intended to be occupied for such purpose: And whereas it has been made to appear to the Governor in Council that the proposed work will not be or tend to the injury of navigation; and the said plans have, prior to the making of this Order in Council, been approved by the Governor in Council: And whereas there is no Harbour Board having jurisdiction in the said harbour, and it is expedient that a license should be granted and issued to the said Alfred Buckland under the said Act, for the purpose aforesaid on the terms and conditions hereinafter expressed:

Now, therefore, the Governor of the Colony of New Zealand, in pursuance and exercise of the power and authority vested in him by the said Act, and with the advice and consent of the Executive Council of the said colony, doth hereby approve of the purpose or object for which the said license is required by the said Alfred Buckland as aforesaid; and in further pursuance and exercise of the said power and authority, and with the like advice and consent as aforesaid, doth hereby license and permit the said Alfred Buckland to use and occupy that part of the foreshore and of the land below low-water mark which is particularly shown and delineated on the plans so deposited as aforesaid, for the purpose of constructing or erecting thereon a wharf, such license to be held and enjoyed by him upon and subject to the following terms and conditions, that is to say,—

1. The concessions and privileges conferred by this Order in Council shall extend and apply only to the parts of the foreshore and of the land below low-water mark necessary for the erection of such wharf, which are shown on the said plans marked M.D. 1236, 1237, and 1238.

2. In consideration of the concessions and privileges granted by this Order in Council, the said Alfred Buckland shall, on being supplied with a copy thereof, pay to the Minister the sum of five pounds, and thereafter an annual sum of one pound, dating from the thirty-first day of December, one thousand eight hundred and eighty-six, the first of such yearly payments to be made on a copy of this Order in Council being supplied to the said Alfred Buckland, and thereafter such annual payments to be made on the thirty-first day of December.

3. The said Alfred Buckland shall maintain the above-mentioned wharf in good order and repair; and shall at all times exhibit therefrom, and maintain at his own cost, suitable and necessary lights for the guidance of vessels: Provided that no light shall be exhibited until after it has been approved of by the Minister.

4. Any person authorized by the Minister may, at all reasonable times, enter upon the said wharf and view the state of repairs thereof; and upon such Minister leaving at or posting to the last known address of the said Alfred Buckland a notice in writing of any defect or want of repair in such wharf, requiring him, within a reasonable time to be

therein prescribed, to repair the same, he shall with all convenient speed cause such defect to be removed or such repairs to be made.

5. That nothing herein contained shall authorize the said Alfred Buckland to do or cause to be done anything repugnant to or inconsistent with any law relating to the Customs, or any regulation of the Commissioner of Trade and Customs, or with any provisions of "The Harbours Act, 1878," or its amendments, or any regulations made thereunder, and that are now or may hereafter be in force.

6. That the ballast of all vessels loading at the said wharf shall be taken away by the said Alfred Buckland and deposited above high-water mark, or at such place as may be approved of by the Minister or by the Harbourmaster at Kaipara.

7. That the rights, powers, and privileges conferred by this Order in Council shall continue in force for fourteen years, computed from the date of this Order in Council, unless in the meantime such rights, powers, and privileges shall be altered, modified, or revoked by competent authority; and the said Alfred Buckland shall not assign, charge, or part with any such right, power, or privilege without the previous written consent of the Minister first obtained.

8. That the said rights, powers, and privileges may be at any time resumed by the Governor, without payment of any compensation whatever, on giving to the said Alfred Buckland six calendar months' previous notice in writing. Any such notice shall be sufficient if given by the Minister, and delivered at or posted to the last known address of the said Alfred Buckland.

9. The said Alfred Buckland shall be liable for any injury which the said wharf may cause any vessel or boat to sustain through any default or neglect on his part.

10. In case the said Alfred Buckland shall—

- (1.) Commit or suffer a breach of the conditions hereinbefore set forth, or any of them;
- (2.) Cease to use or occupy the said wharf;
- (3.) Fail to pay the sums specified in clause two of these conditions; or
- (4.) Become bankrupt or be in any manner brought under the operation of any Act for the time being in force relating to bankruptcy,

then and in either of the said cases this Order in Council, and every right, power, or privilege, may be revoked and determined by the Governor in Council without any notice to the said Alfred Buckland or other proceeding whatsoever, and publication in the *New Zealand Gazette* of an Order in Council containing such revocation shall be sufficient notice to the said Alfred Buckland, and to all persons concerned or interested, that this Order in Council, and the rights and privileges thereby conferred, have been revoked and determined.

Present:

HIS EXCELLENCY THE GOVERNOR IN COUNCIL.

IN exercise and pursuance of the powers and authorities conferred by "The New Zealand State Forests Act, 1885," His Excellency Sir William Francis Drummond Jervois, the Governor of the Colony of New Zealand, by and with the advice and consent of the Executive Council of the said colony, doth hereby make the regulations contained in the First and Second Schedules hereto; and, with the like advice and consent, I do further declare that these regulations shall come into force and take effect on and after the first day of October, one thousand eight hundred and eighty-six.

FIRST SCHEDULE.

GENERAL REGULATIONS.

1. EVERY State forest shall be surveyed, and the boundaries thereof duly marked upon the ground before any unalienated Crown lands adjoining thereto shall be sold or otherwise disposed of.

2. Where it shall be necessary to grant to any licensee or other person authorized to cut and remove timber, bark, or wood for fuel from any State forest any right or rights of way

through any part of the same, the Chief Conservator shall report to the Commissioner of Crown Lands the extent of such right or rights, and the mode in which the same is or are to be used; and the Commissioner shall set forth in the license granted to every such person the exact extent and nature of the right or rights so to be granted, and any conditions which may be considered necessary to secure the due enjoyment and observance of such right or rights.

3. All timber and other produce within any State forest may be disposed of, either by auction, appraisal, or license to fell, upon such terms as the Commissioner of State Forests shall prescribe, and all moneys which shall be payable for such timber or other produce shall be paid in such manner as the Commissioner shall direct.

4. When required by the Chief Conservator, any person holding a license to fell timber shall use a brand, and shall register the same in the office of the Conservator, and no two persons shall use the same brand.

5. Any person marking any timber with any brand not belonging to him, or branding any timber belonging to any other person with any brand other than the brand of the owner thereof, shall be guilty of an offence, and shall be liable to a penalty not exceeding £5 for every such offence; but the payment of such penalty shall not debar the person aggrieved from recovering the amount of any damage he may have sustained by the action of the delinquent.

6. Any person lighting any fire within a State forest, and intentionally or negligently allowing the same to spread, shall be guilty of an offence, and shall be liable to a penalty not exceeding £20; but the payment of such penalty shall not prevent the recovery from the wrongdoer of the value of any damage which may be done by such fire.

7. Any person who shall permit any fire lighted by him outside the boundaries of any State forest to spread into or cause injuries to such State forest shall be guilty of an offence, and shall be liable to a penalty not exceeding £20; but the payment of such penalty shall not prevent the recovery from the wrongdoer of the value of any damage which may be done by such fire.

8. In case any fire shall occur in any State forest so as to threaten injury to the same, every person in the vicinity may be called upon to assist in extinguishing the same, and any person refusing, without lawful excuse, to give such assistance shall be guilty of an offence, and shall be liable to a penalty not exceeding £5.

9. Any person who shall unlawfully injure or destroy any timber or other tree or shrub within the limits of any State forest shall be guilty of an offence, and shall be liable to a penalty not exceeding £5 for every timber-tree so injured or destroyed, and of £1 for every other tree or shrub so injured or destroyed.

10. Any unlicensed person who may be found digging for kauri-resin, or other products, within the boundaries of any State forest, shall be liable to a penalty of not exceeding £20, in addition to payment of the amount of any injury which he may have caused.

11. Any person who shall suffer any cattle or animal of any kind to wander in any reserve, or to browse upon or otherwise destroy any timber or other trees or shrubs, shall be guilty of an offence, and shall be liable to a penalty not exceeding £5, and the payment of such penalty shall not prevent the recovery from the wrongdoer of the value of any damage which may be done by any such cattle or animal; but nothing in this or any other regulations contained shall apply to cattle being driven on any public road through any State forest, or temporarily wandering without neglect of the person in charge of the same.

12. Any ranger or other person may drive any cattle or other animal as aforesaid to the nearest public pound, and the same shall not be released therefrom except upon payment of the sum of 5s. per head to the Chief Conservator of State Forests, in addition to all other poundage charges.

13. Any person found within the limits of any State forest, and suspected of being there for an illegal purpose, may be arrested by any officer of the Forests Department, and shall, unless such Magistrate shall be of opinion that his being on such State forest was not for any unlawful purpose, be guilty of an offence, and be liable to a penalty not exceeding £2.

14. Any person who shall hinder or obstruct any officer concerned in the management of any State forest in the execution of his duty, or in doing any act authorized by the foregoing Act or in these regulations, shall be guilty of an offence, and be liable to a penalty not exceeding £5.

CLASSIFICATION OF STATE FORESTS.

15. State forests shall be divided into three classes, as under:—

I. Mountain reserves, comprising forests reserved for the protection of springs, streams, and rivers, or for other climatic reasons, irrespective of altitude. In forests of this class timber shall be felled by special selection only, and not more than one-sixth of the area of a reserve shall be felled in any one season.

II. Forest reserves, including plantations. Felling shall

be by periodic selection, or by rotation of area, at the discretion of the Chief Conservator.

III. Timber reserves, made for preserving the timber until it can be profitably converted. When cleared, they shall be considered waste lands of the Crown, unless specially proclaimed under Class II.

TIMBER REGULATIONS.

16. Applications for licenses to cut timber in any State forest shall be made at the office of the Crown Lands Commissioner of the district in which the forest is situate.

17. Each application shall be made in the form prescribed for that purpose, and shall be accompanied by a sketch-plan showing the position and extent of the area selected; and the applicant shall deposit the amount of survey fees, which shall be forfeited if the application is abandoned.

18. As far as possible the area applied for shall be in a rectangular form, the proportion of length to breadth being, as near as may be, 3 to 1, except in cases where the area is defined by the divisional boundaries of a forest-section.

19. Upon the application being granted by the Commissioner of Crown Lands, the applicant shall pay the prescribed fees or deposit to the Receiver of Land Revenue, and shall obtain his license.

20. No trees shall be felled until they have been branded by an officer of the Forests Department, except in timber reserves and in forest reserves undergoing replacement, when the Chief Conservator shall have power to suspend the operation of this regulation at his discretion.

21. The official brand shall consist of the letters S.F., branded on a space exposed by the removal of a chip near the base of the tree.

22. All trees shall be felled above the official brand.

23. As soon as practicable after payment as provided by Regulation 19, the Commissioner of Crown Lands shall cause the necessary survey and valuation to be made, and the boundary-lines cut. The survey to be conducted in accordance with such survey regulations as the Surveyor-General may prescribe.

24. In the event of any dispute respecting the correctness of the valuation, the decision of the Chief Conservator, or of some officer specially appointed by him, shall be final.

25. Any licensee cutting timber outside his boundary-line shall pay the value of the timber, and shall be liable to a penalty not exceeding £5 for each tree, at the discretion of the Justice or Justices before whom the case may be brought; but the payment of such penalty shall not prevent the recovery of the amount of any damage which may be done by his act.

26. Every licensee shall point out the extent of his cutting when required so to do by any officer appointed under the authority of the State Forests Act.

27. The Chief Conservator of State Forests shall have power to reserve trees required for special purposes on any area for which a license may be granted; such trees to be branded with the letters S.F.R.

28. All trees shall be felled and removed from the forest in such a way as to cause the least possible amount of injury to the young growth. Should needless damage be caused, it shall be valued by the Conservator of State Forests, or by some officer to be appointed by him, and the amount paid by the licensee, together with any special costs that may be incurred. All trees shall be felled inwards.

29. All lop, top, and bark shall be the property of the licensee, and shall be removed by him within sixty days after felling; but he shall be entitled to claim the use of a site for the manufacture of charcoal, potash, tar, pitch, wood vinegar, or other secondary products, subject only to such restrictions as the Forester may deem necessary in order to prevent injury from fire. The Chief Conservator shall have power to suspend the first part of this regulation in Timber reserves and in Forest reserves undergoing replacement; but no licensee shall be entitled to plead such suspension until it shall have been notified to him by the Chief Conservator in writing.

SAW-MILL LICENSES.

30. The area of a saw-mill license shall not exceed 200 acres, but the holder may claim to have three additional areas adjoining the first reserved for his exclusive use for a period not exceeding two years for each 100 acres from the date of appropriation: Provided that he shall not be allowed to fell timber on any portion until he has complied with the terms of payment.

31. 32. A saw-mill license may be transferred on payment of a fee of £1 1s. to the Receiver of Land Revenue, but the Commissioner of Crown Lands shall have power to refuse to transfer any license if the licensee has committed a breach of the regulations.

33. The licensee shall have the right to erect a saw-mill and other necessary buildings, on a site to be approved by the Chief Conservator, but shall carry out such measures as may be deemed necessary to prevent injury from fire. No saw-mill shall be erected in any plantation nor in any forest under renewal.

Hand-sawyers and splitters shall have the right to construct saw-pits and huts on sites approved by the Chief Conservator.

37. Special licenses for single trees or clumps of trees may be granted at the discretion of the Chief Conservator, on payment of double rates, according to the classified scale.

38. Special licenses may be granted on payment of the ordinary fees prescribed in the Second Schedule to cut wood, to burn for charcoal, or the extraction of potash, tar, pitch, or other secondary products, on sites to be pointed out by the Forester; but the licensee shall observe such precautions as may be deemed necessary by the Forester to prevent injury from fire.

39. Special licenses may be granted to extract resin under terms and conditions to be defined by the Chief Conservator, but only in such forests as may be approved by him.

40. Licenses may be granted to dig for kauri gum in such places only and under such terms and conditions as the Chief Conservator shall see fit.

41. Special licenses to peel bark may be granted at the discretion of the Chief Conservator, but only under such terms and conditions as he may deem proper.

42. Special licenses to quarry gravel, shingle, or road metal in any State forest reserve may be granted by the Chief Conservator in special cases, but only under such terms and conditions as he may deem necessary.

43. Unless otherwise specified, a penalty of not exceeding £50 shall be inflicted for every single breach of these regulations, in addition to the amount of any damage which may have been caused by such breach.

HIS EXCELLENCY THE GOVERNOR IN COUNCIL.

WHEREAS by the one hundred and sixty-third section of "The Land Act, 1885," it is enacted that the Governor in Council may from time to time make, alter, and repeal regulations for fixing the terms and conditions upon which the lands in any special settlement shall be disposed of, and the mode of payment for the same:

And whereas it is deemed expedient to revoke the Order in Council which was issued on the second day of June last past, and to make other regulations for the disposal of land in village homestead special settlements on perpetual lease:

2. The rental shall be based on the capital value of the land, which shall in no case be less than £1 an acre.

3. No charge will be made for the lease, which shall be in the form in the Schedule hereto, beyond the sum of 10s. for registering the same in the Land Transfer Department.

4. No lease shall be issued, or any transfer of the interest of a settler allowed, except with the consent of the Commissioner of Crown Lands to be first obtained, until after the payment of the first half-year's rent.

- (a.) Each settler must begin bush-felling immediately; but in any case where this is not done the Steward should report the circumstance to the Commissioner of Crown Lands for the district.
- (b.) Those settlers who may desire advances of money in terms of these regulations will obtain payment monthly from the Steward, on his valuation of work done.
- (c.) Advances will be made for the combined operations of under-scrubbing and bush-felling at the rate of £1 5s. an acre, and for burning, grassing, fencing, and other improvements, £1 5s. an acre—in all, £2 10s. an acre—up to the limit of 20 acres.
