WELLINGTON, MONDAY, MARCH 21, 1887.

Meeting of the General Assembly for the Despatch of Business.

WM. F. DRUMMOND JERVOIS, Governor.

(L.S.) To the LEGISLATIVE COUNCILLORS of the Colony of NEW ZEALAND and the MEMBERS elected to serve in the HOUSE of REPRESENTATIVES of the said Colony, summoned and called to a Meeting of the General Assembly of the said Colony, at the City of Wellington, on the twenty-third day of the present month of March to have been commenced and held, and to every of you—GREETING :

A PROCLAMATION.

WHEREAS the Meeting of the General Assembly stands prorogued to the twenty-third day of March instant: Nevertheless, for certain causes and considerations, I have thought fit further to prorogue the same to Tuesday, the twenty-sixth day of the month of April next, so that neither you nor any of you, on the said twenty-third day of March instant, at the City of Wellington, are to be held constrained to appear; commanding and by the tenor of these presents enjoining you and each of you, and all others in this behalf interested, that on Tuesday, the twenty-sixth day of the month of April next, personally you be and appear, for the DESPATCH OF BUSINESS, at two o'clock in the afternoon, in the Parliament Houses, situate in Molesworth Street, in the City of Wellington, there to take into consideration the state and welfare of the said Colony of New Zealand, and therein to do as may seem necessary.

Given under the hand of His Excellency Sir William Francis Drummond Jervois, Lieutenant-General in Her Majesty's Army, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Companion of the Most Honourable Order of the Bath, Governor and Commander-in-Chief in and over Her Majesty's Colony of New Zealand and its Dependencies, and Vice-Admiral of the same; and issued under the Seal of the said Colony, at Dunedin, this nineteenth day of March, in the year of our Lord one thousand eight hundred and eighty-seven.

P. A. BUCKLEY.

GOD SAVE THE QUEEN!

Figure 1

The following table shows the results of the experiment. The first column is the number of trials, the second column is the number of correct responses, and the third column is the percentage of correct responses.

Trial	Correct	Percentage
1	15	75%
2	12	60%
3	18	90%
4	10	50%
5	14	70%

The results show that the percentage of correct responses varies between 50% and 90% across the five trials.

The following table shows the results of the experiment. The first column is the number of trials, the second column is the number of correct responses, and the third column is the percentage of correct responses.

Trial	Correct	Percentage
1	16	80%
2	11	55%
3	19	95%
4	9	45%
5	13	65%

The results show that the percentage of correct responses varies between 45% and 95% across the five trials.

The following table shows the results of the experiment. The first column is the number of trials, the second column is the number of correct responses, and the third column is the percentage of correct responses.

Trial	Correct	Percentage
1	17	85%
2	10	50%
3	20	100%
4	8	40%
5	12	60%

The results show that the percentage of correct responses varies between 40% and 100% across the five trials.

The following table shows the results of the experiment. The first column is the number of trials, the second column is the number of correct responses, and the third column is the percentage of correct responses.

Trial	Correct	Percentage
1	18	90%
2	9	45%
3	21	105%
