By His Excellency's command.

P. A. BUCKLEY.

Downing Street, 10th January, 1887.

SIR,—I have the honour to acquaint you that the Lords Commissioners of the Admiralty have agreed to place annually at the disposal of the Secretary of State, on behalf of the sons of families settled in the principal colonies, three nominations for engineer studentships in Her Majesty's dockyards, under the general regulations at present in force with regard to these appointments; and I transmit for your information the accompanying extract from a letter from the Admiralty on the subject, together with copies of the general regulations referred to, and a form of particulars which should accompany each application for a nomination.

I have to request that applications accompanied by your recommendation may be forwarded so as to reach the Secretary of State before the 31st December in the present and any succeeding year.

I have, &c.,

EDWARD STANHOPE.

The Officer Administering the Government  
of New Zealand.

EXTRACT from a LETTER from the ADMIRALTY to the COLONIAL OFFICE, dated 9th November, 1886.

I AM commanded by my Lords Commissioners of the Admiralty to acquaint you, for the information of the Secretary for the Colonies, that, in view of the fact that there are at present four cadetships given annually to the sons of gentlemen of the colonies, my Lords have decided that in future three engineer studentships shall be offered annually under the same general regulations as are at present in force with regard to other candidates for these appointments.

2. With regard to the educational examination, these candidates will be subject to the provisions contained in

paragraph 11 of the enclosed regulations as to service-nominated candidates at Home. The general regulations in other particulars will be observed.

3. The names of the three candidates for the engineer studentships proposed for nomination by the Secretary of State for the Colonies should reach this office on or before the 1st February in each year.

4. It is proposed that the Civil Service Commissioners shall prepare the questions for the examination, and transmit them to this office in a sealed packet. The same would be forwarded to the Naval Commander-in-Chief or senior officer on the station nearest to where the candidates reside, with directions for the examination to be held on board the flag or senior officer's ship under the supervision of the Naval Instructor of the ship. The examination to take place early in April, the time when the examination of candidates at Home is held.

5. The papers worked by the candidates would be collected by the Naval Instructor, sealed up, and sent Home, in order that the same may be valued by the Civil Service Commissioners.

6. I am further to state that directions will be given to forward with the worked papers the certificates of birth of the candidates, or other satisfactory evidences of age; also satisfactory evidences of character, and reports from the medical officer of the flag-ship that the candidates are physically fit for Her Majesty's service according to the regulations.

7. The indentures and bonds will be sent out with the examination questions, filled in as far as possible. Should the candidate be successful in passing the examination, and the evidences as to age, character, &c., are pronounced to be satisfactory, the appointments will then be made, and directions will at the same time be given for the indentures and bonds to be completed so far as the parents or guardians are concerned, and brought Home by the student for completion at the dockyard.

Rent to be paid half-yearly in advance, the first payment, to be made on day of sale, being for the period from the 25th April, 1887, to the 31st August, 1887.

Such roads and rights-of-way as the Governor or the Land Board may deem necessary may at any time be taken through any run without compensation.

In the case where the run is not again offered for lease, the licensee will be allowed to remove buildings, fencing, enclosures, or other improvements made by him while lessee at any time within three months after the expiration of his license.

Runs may be divided with the sanction of the Land Board, and upon payment of £1 ls. for each subdivision.

General Description of Land: The land now offered for sale and lease is excellent pastoral country. The carrying capacity of the land when cleared and grassed, judging from the results obtained by the settlers on the adjoining bush lands, is three cross-bred sheep to an acre. Particulars relating to soil and timber are printed on the map. The formation is a limestone and marl (papa). The bush is mixed, generally of a light description. The main line of road, now in course of formation from the sea-coast at Wainui, connecting with the Napier-Wellington Railway at Tahorite, runs through the centre of the Tautane Block. The shipping-place for the district, at which the small coastal steamers call, is at Cape Turnagain. Plans, forms, and further particulars can be obtained on application at this office.
