

SUPPLEMENT

TO THE

NEW ZEALAND GAZETTE

OF

THURSDAY, FEBRUARY 21, 1889.

Published by Authority.

WELLINGTON, SATURDAY, FEBRUARY 23, 1889.

Examination of Teachers.

Education Department,
Wellington, 21st February, 1889.

THE following lists contain statements of the principal results of the examination held last month. It must be understood that the granting of a certificate depends only in part upon the result of an examination, and that candidates who have not had the experience required by the regulations, or who do not receive the necessary marks from a School Inspector, have no claim to a certificate.

The first list contains the names of the successful candidates at the examination for Classes C, D, and E. The names of candidates who were partially successful in former years, and have now passed in the additional subjects necessary for a certificate, are included in this list. The second list gives the names of candidates who will be allowed to qualify for Classes D and E respectively, by passing at the next examination in those subjects only in which they have this year been unsuccessful. In the case of the candidates who relied partly upon work done at the matriculation examination, the results of that examination have been taken into consideration in preparing these lists. The third list gives the names of the candidates to whom prizes for drawing have been awarded, and the fourth the names of those who have gained prizes for elementary experimental science. In a fourth list are given the names of the candidates whose work has been deemed worthy of special mention by the examiners.

Every candidate will receive a private intimation of his success or failure, and those whose names are in the second list will be advised as to the subjects in which they will have to be examined again.

Teachers who have gained promotion at this examination may send in their certificates for indorsement, but notice is hereby given that, except in cases of great urgency, the indorsement of old certificates and the issue of new ones will be delayed till April.

The next examination will take place in January, 1890, beginning about the eighth of the month. Notices must be given so as to be in the office of the Department by the thirty-first of October.
