ONSLOW, Governor.

ORDER IN COUNCIL.

At the Government Buildings, at Wellington, this second day of October, 1889.

Present:

THE HONOURABLE THE PREMIER PRESIDING IN COUNCIL.

WHEREAS by "The Harbours Act Amendment Act, 1883" (hereinafter called "the said Act"), it is, among other things, enacted that, where the foreshore has been legally vested in any Harbour Board or other local governing body, it may from time to time, subject to the provisions of the one hundred and fifty-sixth section of "The Harbours Act, 1878," license and permit any part of the foreshore to be used or occupied, *inter alia*, for the erection and use of any landing-place or wharf: And whereas by the said Act it is also provided that every licensee shall, subject to the provisions of the said Act, have power to make and construct any necessary reclamation for the purpose of erecting on the foreshore comprised in his license, or upon any land below low-water mark immediately contiguous to such foreshore which shall be specified in such license, any building, structure, erection, or other works to enable him to obtain the full benefit of such license: And whereas by the said Act it is further provided that every such license shall be in writing under the seal of the Board or body granting the same, and may be for any period not exceeding fourteen years from the date thereof, and may prescribe a sum of money to be payable either at stated periods or on or before the granting thereof for the use of the foreshore so granted, and may prescribe any other terms or conditions, general or particular, to be observed or performed by the person to whom the same is granted: And whereas by the said Act it is also enacted that, in any case where there is no Harbour Board, or no Harbour Board empowered to grant any such license as aforesaid, the Governor in Council may in his discretion grant and issue a license for all or any of the purposes hereinbefore mentioned, and all the provisions

of the said Act in respect of such licenses shall, *mutatis mutandis*, apply accordingly: And whereas there being no Harbour Board empowered to grant the license hereinafter mentioned, the New Brighton Pier Company (Limited), of Christchurch (hereinafter called "the company"), has applied to the Governor in Council for a license under the said Act to occupy a part of the foreshore and the land below low-water mark immediately contiguous to such foreshore at New Brighton, in the Provincial District of Canterbury, in order to erect and maintain thereon a wharf; and, in accordance with the one hundred and fifty-sixth section of "The Harbours Act, 1878," has deposited plans in the office of the Marine Department, at Wellington (marked M.D. 1538, five sheets), showing the manner in which it is proposed to construct such wharf, the place where it is intended to erect the same, and the area of foreshore or land below low-water mark intended to be occupied for such purpose: And whereas it has been made to appear to the Governor in Council that the proposed work will not be or tend to the injury of navigation; and the said plans have, prior to the making of this Order in Council, been approved by the Governor in Council, without modification or addition: And whereas it is expedient that a license should be granted and issued to the company under the said Act, for the purpose aforesaid, on the terms and conditions hereinafter expressed:

Now, therefore, His Excellency the Governor of the Colony of New Zealand, in pursuance and exercise of the power and authority vested in him by the said Act, and of all other powers and authorities enabling him in that behalf, and by and with the advice and consent of the Executive Council of the said colony, doth hereby approve of the purpose or object for which the said license is required by the company as aforesaid; and in further pursuance and exercise of the said power and authority, and with the like advice and consent as aforesaid, doth hereby license and permit the company to use and occupy that part of the foreshore and of the land below low-water mark immediately contiguous thereto which is particularly shown and delineated on the plans so deposited as aforesaid, for the purpose of constructing or erecting thereon a wharf, such license to be held and enjoyed by the company upon and subject to the following terms and conditions, that is to say,—

1. The concessions and privileges conferred by this Order in Council shall extend and apply only to the parts of the foreshore and of the land below low-water mark necessary for the erection of such wharf, as shown on the plan marked M.D. 1538 (sheet No. 15), and deposited in the office of the Marine Department as aforesaid.

2. In consideration of the concessions and privileges granted by this Order in Council the company shall, on being supplied with a copy hereof, pay to the Minister the sum of five pounds, and thereafter an annual sum of five pounds payable on the first day of October, dating from the first day of October, one thousand eight hundred and eighty-nine.

3. All Her Majesty's subjects shall at all reasonable times, upon payment of the proper dues, have free and full liberty to use the wharf, and all rights of ingress and egress thereon and therefrom.

4. That Her Majesty, or the Governor, and all officers in the Government service acting in the execution of their duty, shall at all times have free ingress, passage, and egress into, through, and out of the wharf without payment.

5. The company shall complete the erection of the wharf, in accordance with the approved plans marked M.D. 1538 (five sheets), within eighteen calendar months from the date of this Order in Council.

6. The company shall maintain the above-mentioned wharf in good order and repair; and shall at all times exhibit therefrom, and maintain at its own cost, suitable and necessary lights for the guidance of vessels: Provided that no light shall be exhibited until after it has been approved of by the Minister.

7. Any person authorised by the Minister may, at all reasonable times, enter upon the said wharf and view the state of repairs thereof; and that upon such Minister leaving at or posting to the last known address of the company a notice in writing of any defect or want of repair in such wharf, requiring the company within a reasonable time, to be therein prescribed, to repair the same, it shall with all convenient speed cause such defect to be removed or such repairs to be made.

8. Nothing herein contained shall authorise the company to do or cause to be done anything repugnant to or inconsistent with any law relating to the Customs, or any regulation of the Commissioner of Trade and Customs, or with any provisions of "The Harbours Act, 1878," or its amendments, or any regulations made thereunder, and that are now or may hereafter be in force.

9. The rights, powers, and privileges conferred by or under this Order in Council shall continue in force for fourteen years, unless in the meantime such rights, powers, and privileges shall be altered, modified, or revoked by competent authority; and the company shall not assign, charge, or part

with any such right, power, or privilege without the previous written consent of the Minister first obtained.

10. The said rights, powers, and privileges may be at any time resumed by the Governor, without payment of any compensation whatever, on giving to the company six calendar months' previous notice in writing. Any such notice shall be sufficient if given by the Minister and delivered at or posted to the last known address of the company.

11. The company shall be liable for any injury which the said wharf may cause any vessel or boat to sustain through any default or neglect on its part.

12. In case the company shall—

- (1.) Commit or suffer a breach of the conditions hereinbefore set forth, or any of them;
- (2.) Cease to use or occupy the said wharf;
- (3.) Be in any manner wound up or dissolved; or,
- (4.) Fail to pay the sums specified in clause two of these conditions;

then and in any of the said cases this Order in Council and every license, right, power, or privilege may be revoked and determined by the Governor in Council without any notice to the company or other proceeding whatsoever; and publication in the *New Zealand Gazette* of an Order in Council containing such revocation shall be sufficient notice to the company, and to all persons concerned or interested, that this Order in Council and the license, rights, and privileges thereby granted and conferred have been revoked and determined.

13. In these conditions the term "Minister" means the Minister having charge of the Marine Department, as defined by "The Shipping and Seamen's Act, 1887," and includes any officer, person, or authority acting by or under the direction of such Minister.

This land is all light, sandy soil, principally adapted for grazing purposes only, though probably some of the better land is suitable for root-crops. The greater part of the flat is covered with self-sown rye-grass, and is well known for its grazing capabilities. Artesian water can, it is believed, be obtained in any part of the flat. An artesian well was sunk many years ago on Section 34, Block II., near the sandhill, in the middle of the flat, and is still flowing. Sections 36 to 40, Block II., adjoining the Little River Railway-line, are covered with splendid rye-grass. Sections 27 to 32, Block II., and Sections 1, 2, and 3, Block IV., on the main road, include part of the same rye-grass flat, and have all some ground suitable for building on. Sections 4 to 9, and 13, 14, 15, Block IV., are covered with the lake-weed, growing on a sandy bottom, but are considered capable of improvement if the lake-water is kept off them. The rest of the sections, both in Blocks II., III., and IV., especially those fronting the long straight road, on the ridge known as the base-line ridge, are all more or less covered with rye-grass, affording good pasturage, and carry a large amount of stock. Sections 2 to 8, Block II., are wetter than the rest of the flat, but are all capable of being drained; they do not at present, however, afford such good pasturage as some of the other sections.

The whole of the land is within three and a half miles of either the Greenpark or the Rabbit Island Railway-stations, on the Little River Railway, but a bridge will have to be built across the new cut made for the River Halswell before the latter station can be used. The Ellesmere Flat is situated about eighteen miles from Christchurch, and is eminently fitted for grazing and dairy purposes, being within easy distance of the Taitapu Dairy Factory.
