THE HONOURABLE E. MITCHELSON PRESIDING IN COUNCIL.

IN pursuance of the powers and authorities vested in him by "The Patents, Designs, and Trade-marks Act, 1889," His Excellency the Right Honourable William Hillier, Earl of Onslow, the Governor of the Colony of New Zealand, acting by and with the advice and consent of the Executive Council of the said colony, doth hereby make the following rules and regulations for regulating the practice of registration under the said Act with respect to trade-marks and industrial designs, for classifying goods for the purpose of designs and trade-marks, and generally for regulating the practice of the Patent Office in relation to each of such matters respectively, namely:—

TRADE-MARKS RULES.

Short title and commencement.

1. These rules may be cited as the Trade-marks Rules, 1890, and shall come into operation on the 1st day of January, 1890.

Interpretation.

2. In the construction of these rules "the said Act" means "The Patents, Designs, and Trade-marks Act, 1889," and any words herein used and defined by the said Act shall have the meanings thereby assigned to them respectively.

Classification of goods.

3. For the purposes of trade-marks registration and of these rules, goods are classified in the manner appearing in the Schedule hereto.

If any doubt arises as to what class any particular description of goods belongs to, the doubt shall be determined by the Registrar.

Application by firm.

4. An application for registration of a trade-mark, if made by any firm or partnership, may be signed by some one or more members of such firm or partnership, as the case may be.

If the application be made by a body corporate, it may be signed by the secretary or other principal officer of such body corporate.

Agency.

5. Application for registration and all other communications between the applicant and the Registrar may be made by or through an agent duly authorised to the satisfaction of the Registrar.

Acknowledgment of application.

6. On receipt of the application, the Registrar shall furnish the applicant with an acknowledgment thereof.

Size, &c. of documents.

7. Subject to any other directions that may be given by the Registrar, all applications, notices, counter-statements, representations of marks, papers having representations affixed, or other documents required by the said Act or by these rules to be left with or sent to the Registrar, shall be upon foolscap paper of a size of 13in. by 8in., and shall have on the left-hand side thereof a margin of not less than 1½in.

Qualification of metal goods.

8. In the case of an application for the registration of a trade-mark used on any metal goods, other than cutlery, edge tools, and raw steel, the applicant shall state in the specification of goods in the form of application of what metal or metals the goods in respect to which he applies are made.

Representations of trade-marks.

9. In the case of trade-marks exceeding the limits of the foolscap paper of the size aforesaid, such marks may be pasted and folded upon the sheets of foolscap.

Where a drawing or other representation or specimen cannot be given in manner aforesaid, a specimen or copy of the trade-mark may be sent either of full size or on a reduced scale, and in such form as the Registrar may think most convenient.

The Registrar may, if dissatisfied with the representation of a trade-mark, require a fresh representation, either before he proceeds with the application or before he registers the trade-mark.

The Registrar may also, in exceptional cases, require a specimen or copy of any trade-mark which cannot conveniently be shown by a representation, and may refer thereto in the register in such manner as he may think fit.

Representation of a series of trade-marks.

10. When an application relates to a series of trade-marks differing from one another in respect of the particulars mentioned in section 73 of the said Act, a representation of each trade-mark of the series shall be made or affixed upon the form of application and also upon each of the separate half-sheets of paper aforesaid.

Translation of foreign characters.

11. Wherever a mark consists of or includes words printed in other than Roman character, there shall be given at the foot or on the back of each representation a translation of such words, signed by the applicant or his agent, and verified to the satisfaction of the Registrar.

Means of advertising trade-mark to be supplied to official paper.

12. For the purposes of advertisement, the applicant may be required to furnish a wood block or electrotype (or more than one, if necessary) of the trade-mark, of such dimensions as may from time to time be directed by the Registrar, or with such other information or means of advertising the trade-mark as may be required by the Registrar; and the Registrar, if dissatisfied with the block or electrotype furnished by the applicant or his agent, may require a fresh block or electrotype before proceeding with the advertisement.

Advertisement of series.

13. When an application relates to a series of trade-marks differing from one another in respect of the particulars mentioned in section 73 of the said Act, the applicant may be required to furnish a wood block or electrotype (or more than one, if necessary) of any or of each of the trade-marks constituting the series; and the Registrar may, if he thinks fit, insert with the advertisement of the application a statement of the manner in respect of which the several trade-marks differ from one another.

Time of registration of trade-marks.

14. As soon as may be after the expiration of two months from the date of the first advertisement of the application, the Registrar shall, subject to opposition or appeal, and the determination of the Registrar or Court thereon, as the case may be, if he is satisfied that the applicant is entitled to registration, and on payment of the prescribed fee, enter the name, address, and description of the applicant in the register of trade-marks as the registered proprietor of the trade-mark in respect of the particular goods or classes of goods described in the application.

Where applicant dies before registration, the trade-mark may be registered for successor to goodwill of business.

15. In case of the death of any applicant for a trade-mark after the date of his application, and before the trade-mark applied for has been entered on the register, the Registrar, after the expiration of the prescribed period of advertisement, may, on being satisfied of the applicant's death, enter on the register, in place of the name of such deceased applicant, the name, address, and description of the person owning the goodwill of the business, if such ownership be proved to the satisfaction of the Registrar.

Entries to be made in register.

16. Upon registering any trade-mark the Registrar shall enter in the register the date on which the application for registration was received by the Registrar (which day shall be deemed to be the date of the registration) and such other particulars as he may think necessary.

Notice of registration.

17. The Registrar shall send notice to the applicant of the registration of his trade-mark, together with a reference to the advertisement of such trade-mark in the *Gazette*.

Request by subsequent proprietor.

18. Where a person becomes entitled to a registered trade-mark by assignment, transmission, or other operation of law, a request for the entry of his name in the register as proprietor of the trade-mark shall be addressed to the Registrar, and left at the Patent Office.

Signature of request.

19. Such request shall, in the case of an individual, be made and signed by the person requiring to be registered as proprietor, and in the case of a firm or partnership by some one or more members of such firm or partnership, or in either case by his or their agent respectively duly authorised to the satisfaction of the Registrar, and in the case of a body corporate by their agent, authorised in like manner.

Contents of request.

20. Every such request shall state the name, address, and description of the person claiming to be entitled to the trade-mark (hereinafter called "the claimant"), and the particulars of the assignment, transmission, or other operation of law by virtue of which he requires to be entered in the register as proprietor, so as to show the manner in which, and the person or persons to whom, the trade-mark has been assigned or transmitted, and so as to show further that it has been so assigned or transmitted in connection with the goodwill of the business concerned in the particular goods or classes of goods for which the trade-mark has been registered.

Declaration to accompany request.

21. Every such request shall be accompanied by a statutory declaration to be thereunder written, verifying the several statements therein, and declaring that the particulars above described comprise every material fact and document affecting the proprietorship of the trade-mark as claimed by such request.

22. The claimant shall furnish to the Registrar such other proof of title and of the existence and ownership of such goodwill as aforesaid as he may require.

Body corporate.

23. A body corporate may be registered as proprietor by its corporate name.

Registrar may require statement from rival claimants.

24. Whether all of the persons claiming to be registered as proprietors of the same trade-mark require to be heard before the Registrar or not, he may, before exercising the discretion vested in him by section 78 of the said Act, require such persons, or any or either of them, to submit a statement in writing within a time to be notified by him, or to attend before him and make oral explanations with respect to such matters as the Registrar may require.

Removal of mark from register.

25. Where a trade-mark has to be removed from the register for non-payment of the prescribed fee or otherwise under the provisions of the said Act, the Registrar shall cause to be entered in the register a record of such removal, and the cause thereof.

Alteration of address in register.

26. If the registered proprietor of a trade-mark send to the Registrar, together with the prescribed fee, notice of an alteration in his address, the Registrar shall alter the register accordingly.

Publication of rectification or variation of register.

27. Whenever an order is made by the Court for making, expunging, or varying an entry from or in the register, the Registrar shall, if he thinks that such rectification or variation should be made public, publish, by advertisement or otherwise, in such manner as he thinks just, and at the expense of the person applying for the same, the circumstances attending the rectification or variation in the register.

Notice to Registrar of order of Court for alteration of trade-mark under section 119 of Act.

28. Whenever the registered proprietor of any trade-mark intends to apply for the leave of the Court to add to or to alter such trade-mark under section 119 of the said Act, the notice to be given to the Registrar shall be given twenty-one days at least before such application. If leave be granted on such application, the applicant shall forthwith supply to the Registrar such a number of representations of the trade-mark, as altered, as the Registrar may deem sufficient.

Dispensing with evidence.

29. Where under these rules any person is required to do any act or thing, or to sign any document, or to make any declaration on behalf of himself or of any body corporate, or any document or evidence is required to be produced to or left with the Registrar, or at the Patent Office, and it is shown to the satisfaction of the Registrar that from any reasonable cause such person is unable to do such act or thing, or to sign such document, or make such declaration, or that such document or evidence cannot be produced or left as aforesaid, it shall be lawful for the Registrar, upon the production of such other evidence, and subject to such terms as he may think fit, to dispense with any such act or thing, document, declaration, or evidence.

Amendment of documents.

30. Any document or drawing or other representation of a trade-mark for the amending of which no special provision is made by the said Act may be amended, and any irregularity in procedure which in the opinion of the Registrar may be obviated without detriment to the interests of any person may be corrected, if the Registrar think fit, and on such terms as he may direct.

Registrar may enlarge time.

ONSLow, Governor.

ORDER IN COUNCIL.

At the Government Buildings, at Wellington, this fourth day of November, 1889.

Present:

THE HONOURABLE E. MITCHELSON PRESIDING IN COUNCIL.

IN pursuance and exercise of the powers and authorities vested in me by "The Patents, Designs, and Trade-marks Act, 1889" (hereinafter called "the said Act"), I, William Hillier, Earl of Onslow, the Governor of the Colony of New Zealand, acting by and with the advice and consent of the Executive Council of the said colony, do hereby make the following regulations for regulating the registration of Patent Agents, and the terms and conditions of such registration:—

Registrar.

1. "Registrar" means the Registrar of Patents, Designs, and Trade-marks under the said Act.

Register.

2. A register shall be kept by the Registrar, subject to the provisions of these regulations, for the registration of Patent Agents in pursuance of the said Act. Such register shall contain in one list the names in full and addresses of all Patent Agents who are registered under the said Act and these regulations.

Persons exempt from examination.

3. Any person for the time being entitled to practise as a solicitor of the Supreme Court of New Zealand, and any person who shall prove to the satisfaction of the Registrar that he is registered as a Patent Agent under an Act of the Imperial Parliament termed "The Patents, Designs, and Trade-marks Act, 1888," shall, upon payment of the fee prescribed, be entitled to be registered without passing any examination, and to a certificate of registration.

Examination of Agents.

4. Except as hereinbefore provided, no person shall be entitled to be registered as a Patent Agent unless he has passed an examination, as hereinafter prescribed, as to his knowledge of patent law and practice, and of the duties of a Patent Agent.

Application for registration.

5. Except as hereinbefore provided, every person wishing to be registered as a Patent Agent shall notify his desire to the Registrar, and forward to him certificates as to character. If the Registrar is satisfied with such certificates, he shall appoint some competent person to examine the applicant.

6. The examiner shall appoint the time and place for the examination, and inform the applicant thereof.

Fee for examination.

7. A fee of three guineas shall be paid by the applicant to the examiner as his remuneration previous to the examination.

Examination.

8. The examination shall be partly by written questions, to be answered in writing, and partly oral.

Report of Examiner.

9. At the close of the examination the examiner shall forward to the Registrar the written questions and answers, with a report by himself on the result of the examination, and a statement of his opinion as to the qualification of the applicant. The Registrar, if satisfied thereon, and that the prescribed fee has been paid, may register the applicant as a Patent Agent, and grant him a certificate of registration.

Correction of register.

10. The Registrar shall from time to time insert in the register any alteration which may come to his knowledge in the name or address of any registered person, and erase from the register the name of any such person who is dead.

Agents ceasing to act.

11. The Registrar may erase from the register the name of any registered person who has ceased to practise as a Patent Agent, but not (save as hereinafter provided) without the consent of that person. For the purposes of this rule, the Registrar may send by post to a registered person to his registered address a notice inquiring whether or not he has ceased to practise or has changed his residence, and, if the Registrar does not within three months after sending the notice receive an answer thereto from the said person, he may, within fourteen days after the expiration of the three months, send him by post, to his registered address, another notice referring to the first notice, and stating that no answer has been received by the Registrar; and if the Registrar, either before the second notice is sent, receives the first notice back from the dead-letter office of the Postmaster-General, or receives the second notice back from that office, or does not within three months after sending the second notice receive any answer thereto from the said person, that person shall, for the purposes of this rule, be deemed to have ceased to practise, and his name may be erased from the register accordingly.

Provided that the name of any such person applying to be again registered, may, if the Registrar think fit, be so registered on payment of the prescribed fee, but without such person being required to pass another examination.

Disqualification.

12. If any registered person shall be convicted in New Zealand or elsewhere of an offence which, if committed in New Zealand, would be a felony or misdemeanour, or, having been entitled to practise as a solicitor, shall have ceased to be so entitled, the Registrar may erase from the register the name of such person: Provided that the name of any person becoming again entitled to practise as a solicitor may be registered again on payment of the usual registration-fee.

Evidence.

13. In the execution of his duties under these regulations the Registrar shall in each case act on such evidence as shall appear to him sufficient.

Commencement of regulations.

14. These regulations shall commence and come into operation on the 1st day of January, 1890.

At the Government Buildings, at Wellington, this fourth day of November, 1889.

Present:

THE HONOURABLE E. MITCHELSON PRESIDING IN COUNCIL.

IN pursuance and exercise of the powers vested in him by "The Electric Lines Act, 1884," and of all other powers enabling him in that behalf, His Excellency the Right Honourable William Hillier, Earl of Onslow, the Governor of the Colony of New Zealand, doth, with the advice and consent of the Executive Council of the said colony, hereby prescribe the fees and charges contained in the Schedule hereto in relation to the use of the Government telephones wherever established in this colony in connection with the telephone exchanges and otherwise; and doth further order and declare that such regulations shall take effect on and after the first day of January, one thousand eight hundred and ninety, and shall, on and from such last-mentioned date, supersede all prior regulations made in relation to charges

for the use of telephones within the colony in connection with telephone exchanges and bureau stations, and for private wires.

SCHEDULE.

Where a subscriber to an exchange in one provincial district applies for a connection at an exchange in any other provincial district in the colony, the charge for the same will be as for a second connection, viz. ..	7	0	0
The above rates are for connections with a telephone exchange of warehouses, stores, shops, and business-places not more than half a mile from the exchange, and of private residences not more than one mile from the exchange.			
For every additional mile or fraction thereof: To the end of the first year, commencing on the 1st day of January, April, July, or October after the date of connection ..	1	0	0

Where any connection with an exchange is over three miles in length, the applicant will be required to hold the same for five years, and to give a special bond, to the satisfaction of the Superintendent of Electric Lines, for the purpose of guaranteeing the payment of all charges and expenses incurred in relation to such connection.

If a connection with a telephone exchange necessitates the erection of a new line of poles over the three miles, then the additional charge for every mile after the third mile will be at the rate of £2 10s. for every such mile or fraction thereof.

In the event of such line being used for additional wires a proportionate reduction will be made to the original subscriber for every wire so erected, but in no case will the reduction be more than £1 10s. per mile after the third mile or fraction thereof.

BUREAU STATIONS.

A "bureau station" means any ordinary telegraph station connected by telephone with an exchange.

The following are the charges to be paid by the public for the use of Government telephones wherever established in the colony at a bureau station in connection with an exchange:—

Messages telephoned by subscribers through an exchange to a bureau station, or from a bureau station to a subscriber by a subscriber, will be charged half the above rates; and when a message that any person is required at the telephone is delivered by the department from a bureau station, 3d. will be charged for delivery within the ordinary circuits of delivery. These charges must be paid by the sender.

Messages outside of the limits described above are subject to special charges for delivery, according to the extra expense thereby incurred.

PRIVATE WIRES.

Maintenance and Wayleave.

The charge for maintenance of each private line will be as under, payable yearly in advance, viz.:—

For every mile or fraction of a mile, £1 per annum.

If the wire cannot be erected on any existing line, and therefore entails the erection of a new line, then the main-

tenance will be at the rate of £2 10s. per mile per annum for every mile or fraction thereof.

Use of Line.

The applicants must only use the line for their own *bona fide* business, and on no account, directly or indirectly, allow the wire to be used for any purpose which might be construed into an attempt to defraud the department of its revenue.
