W. R. RUSSELL.

LIST OF AWARDS FOR THE COLONY OF NEW ZEALAND.

JOHN JEROME BREEZE, Jun., of Hokitika, New Zealand, a bootmaker, aged thirty-five years, rescued William Lochore, of the same place, a painter, aged sixteen years, from drowning, at Ocean Beach, on the 10th February, 1889, by plunging into the breakers, and, after great danger and difficulty, discovering the unconscious body and bringing it ashore, when it was restored to life. Awarded a bronze medal.

NORMAN WILLIAM ANDERSON, of Nixon Street, Wanganui, New Zealand, a school-boy, aged fourteen years, rescued Arthur Gray and Edmund Tudor, school-boys, aged thirteen and fourteen years respectively, on the 5th February, 1889, from drowning in the Wanganui River while bathing. Edmund Tudor endeavoured to rescue Arthur Gray, whom he observed to be drowning, but was dragged under by him. Anderson then came, and dived and separated them, Tudor swimming ashore, and Anderson taking Gray ashore, where he soon recovered. Awarded a bronze medal.

ERIC ADOLPHUS MUNRO, of Otematata, Waitaki, New Zealand, aged fifteen years, rescued his brother, Reginald A. Munro, aged sixteen years, from drowning, on the 9th February, 1889, while bathing in the Otematata River, a rapid mountain-stream. They were bathing in a deep water-hole, when Reginald lost his presence of mind and sank the third time before his brother reached him and pushed him into shallow water. Awarded a certificate of merit.

HUBERT JOHN DOLAN, of Westport, New Zealand, a tailor, aged twenty years, rescued Edward Williams, of Reefton, a jockey, aged twenty years, and F. Lunn, of Dunedin, a jockey, aged sixteen years, on the 7th February, 1889. Williams and Lunn were bathing, but neither of them could swim. Williams got out of his depth, and Lunn went to save him. They caught hold of each other and sank. Dolan, who was passing, jumped in with his clothes on, and, after separating them, he succeeded in getting them both ashore. Awarded a bronze medal.

THOMAS CLARKE, of Timaru, New Zealand, a blacksmith, aged twenty-eight years, and CHARLES W. BROWN, of the same place, a fisherman, risked their lives in rescuing Robert Granger Huggins, of the same place, aged six years, on the 19th April, 1889. The boy fell off the steps and sank for the third time, when Brown jumped in and seized him. He was bringing him to the wharf when he got entangled in the kelp, and had to let the child go, when Clarke then jumped in and dived for him, and brought him to shore. Each awarded a bronze medal.

NECLAIS FERNANDOS, of Lambton Quay, Wellington, New Zealand, fishmonger, aged thirty-five years, rescued Michael Treacy, of Willis Street, Wellington, aged six years, from drowning, on the 31st March, 1889, who fell into the sea while fishing. Awarded a certificate of merit.

THOMAS FRANCIS NICHOLS, of Birkenhead, Provincial District of Auckland, New Zealand, a mariner, aged twenty-six years, rescued George Arblaster, aged eight years, who, on the 13th April, 1889, fell off the boat-steps into the sea, and was being carried away by a strong tide when Nichols jumped in and rescued him. Awarded a certificate of merit.

ROBERT MOORE, of Albert Street, Auckland, New Zealand, a wharf-labourer, aged twenty-eight years, rescued Charles Alfred Johnston, of Auckland, wharf-labourer, aged thirty-three years, from drowning in Auckland Harbour, on the 13th December, 1889. A sailing-boat capsized by a squall about a mile from the shore contained five men, two of whom swam ashore, one was drowned, and Moore, after a good deal of struggling at first, supported Johnston for about twenty minutes until picked up by a boat. Awarded a bronze medal.

THOMAS BARRON, of Swanson Street, Auckland, New Zealand, a licensed waterman, aged forty-eight years, rescued Ethel Mary Thomas, of the same place, aged four years, from drowning in the Auckland Harbour, on the 24th November, 1889, she having fallen off the wharf. Awarded a certificate of merit.

"Tramcar" or "tram-carriage," or any similar term, means and includes every kind of car, carriage, or vehicle used for the conveyance of passengers on any tramway in the city, or upon any of the tramways within or partly within the city.

Tramcar to be licensed.

2. No tramcar shall be used on any tramway within the city unless such tramcar shall be at all times duly licensed by the Council as is hereinafter mentioned.

Tramcars in good order.

3. No license shall be issued for any tramcar unless such tramcar is safely constructed, in thorough repair, properly ventilated, and enclosed with doors and glazed to the satisfaction of the Council or of the Inspector duly authorised in that behalf; provided, nevertheless, that the Council may in its discretion license tramcars which are not enclosed or glazed.

Licenses for cars.

4. Tramcar licenses may be granted by the Town Clerk of the city, on behalf of the Council, and shall, subject to the provisions hereinafter contained, contain such particulars as the Council shall direct; but no charge shall be made for any such license.

Contents of license.

5. In every such license there shall be specified the number of the license, the name of the proprietor to whom the license is granted, also the maximum number of persons to be carried at one time in and by the tramcar to which such license shall apply, specifying the number of passengers who may be carried inside, upon platforms, and outside respectively.

Maximum number of passengers.

6. The license shall permit the carrying of one passenger for every 10in. of seating-space inside and outside every tramcar respectively, and such space shall limit the maximum number of passengers to be conveyed by such tramcar inside and outside thereof respectively; and, in addition thereto, there may be carried upon such tramcar a maximum number of passengers who may by the license be permitted to be carried on any of the platforms thereof in cases where the Council shall think fit to license the carrying of passengers on the platform or platforms of any tramcar.

Inspection of tramcars.

7. The Council shall, as often as it may deem necessary, cause the Inspector to measure and examine every tramcar,

and fix and appoint the number of passengers which each such tramcar may carry; and the number so fixed and appointed shall be the maximum which it shall be lawful for such tramcar to receive or convey at any one time.

Inspector may stop tramcars to count passengers.

8. The Inspector, or any police constable, may at any time stop any tramcar for the purpose of counting the number of passengers therein, or otherwise for the purposes of this by-law, or any of such purposes; and no driver or conductor shall refuse or neglect to stop when ordered to do so by such Inspector or constable.

Duration of license.

9. Such licenses shall continue in force for the space of twelve months, and no longer; but on expiration of such term any such license may be renewed from time to time for a similar term if the respective tramcars for which renewed licenses are required shall, in the opinion of the Inspector, to be certified in writing under his hand, be then in a fit and proper condition within the meaning of this by-law; provided always that it shall be lawful for the Council at any time to revoke and make void any such license or licenses, in case it shall be satisfied, and shall by resolution declare, that the tramcar or tramcars in respect of which such license or licenses shall have been issued is or are not in such fit and proper condition as aforesaid. And in case the proprietor shall continue to use on any tramway any tramcar the license for which shall have been so revoked as aforesaid, after he shall have received written notice of such revocation under the hand of the Town Clerk, he shall be guilty of an offence under this by-law; provided always that such notice may be served on the proprietor personally, or left at his usual or last-known residence, office, or place of business, or sent to him through the post-office.

Notice inside tramcar.

10. In every tramcar the proprietor thereof shall at all times cause to be kept fixed in a conspicuous position, to be approved by the Inspector, a notice in letters and figures at least 1in. in length, at each end of the tramcar, showing the number of the tramcar specified in the license for the same, and the number of passengers which such tramcar is licensed to carry both inside and outside and on the platform or respective platforms.

Carrying excessive number of passengers on tramcar.

11. No proprietor or conductor of any tramcar shall allow, cause, or suffer to enter or remain in or upon, or be conveyed or carried by, any tramcar at any one time a greater number of passengers than is authorised by the license in respect thereof.

Excessive number on any part of car.

12. No proprietor or conductor of any tramcar shall allow, cause, or suffer to enter or remain in or upon, or be conveyed or carried, inside or outside, or on any platform of such tramcar respectively, at any one time, a greater number of passengers than is authorised in the license in respect of such tramcar to be carried inside or outside, or upon any platform thereof respectively.

Passengers to be carried only as provided by license.

13. No proprietor or conductor of a tramcar shall allow or suffer any passenger to be conveyed or carried or at any time to remain upon any other part of a tramcar save the inside or outside, or platform thereof, and no passenger shall travel or remain upon any part of the tramcar save the inside or outside, or platform thereof, as provided for by the license.

Dangerous or cumbersome goods not to be carried.

14. No proprietor, driver, or conductor shall permit any person to enter or be in or upon any tramcar who shall have with him any goods or articles of a dangerous, dirty, or cumbersome nature, or goods or articles likely to cause any inconvenience to passengers.

Proprietor not to act in violation of license.

15. No proprietor, conductor, or driver shall in any manner act in violation or disregard of the license issued in respect of any tramcar.

17. No tramcar shall be allowed to go round the corner of any street at other than a pace equivalent to an ordinary walking-pace.

Tramcars not to remain standing on lines.

18. No tramcar shall be allowed by the proprietor, driver, or conductor thereof to remain stationary upon any tramway, save for the time necessary to take up or put down any passenger, except at some duly-authorized terminus or stand, and there not for a longer period than fifteen minutes, and in no case shall more than two cars be allowed to remain at one time at any terminus or stand.

Tramcars not to be left uncontrolled.

19. No dummy or tramcar used upon any cable or wire-rope line of tramway shall be left for one moment while such cable or wire-rope shall be in motion, without being under the effective care and control of a properly-qualified conductor or driver.

Tramcars to be attached to wire cables when in motion.
