55	Rewa and Kaiwhata	1,700	0 1½	10 12 6
56	Rewa and Kaiwhata	1,320	0 1½	8 5 0

The block comprising Runs 48, 49, and 50 is situated on the west side of the Kaiwhata Stream, on the East Coast, Wairarapa District; and is bounded towards the north by Mr. G. C. Williams's property; towards the south by the property of Mr. Adams and by a public road; towards the west and north-west generally by a public road, the holdings of Mr. J. Ray and Messrs. Williams and Beetham's Brancepeth Run. The country comprises generally hilly land, intersected by deep gullies, with small flats along the Kaiwhata and Bismarck Creeks. There are suitable sites for homesteads where the track from Wharau crosses the Kaiwhata Stream. In the northern part of the block, above the confluence of Bismarck Creek with Kaiwhata Creek, the ridges are flatter, and the soil of a better quality than that in the southern part, the latter being of a generally inferior quality, varying from fair to good in the gullies. The block is fairly well watered, most of the gullies having water in them in the summer. Dams could be constructed and water stored. The forest comprises tawai and tawhero on the ridges, but on the slopes and in the gullies there are in addition rimu, matai, kahikatea, hinau, maire, and occasional totara trees; the undergrowth consists of rangiora, makomako, mahoe, &c. Timber for building and fencing purposes is generally available. The formation is sandstone, with slate and shale showing in some of the gullies. The altitude of the country ranges from 500ft. to 1,300ft. above sea-level. The

access is *via* Gladstone, there being a dray-road to Cooper's, about eleven and a half miles from Gladstone, and a horse-road for a further distance of ten miles to Nitz's, in the Kaiwhata, which is only two miles from the south boundary of the block. If access can be secured to the landing-places on the sea-coast, the cost of carriage to and from Wellington will be very moderate.

The block comprising Runs 51, 52, 53, 54, 55, and 56 is situated at the head of the Kaiwhata, Mangapiu, Motuwai-rika, and Waihora Streams, on the East Coast, Wairarapa District; being bounded towards the north by a forest reserve; towards the east generally by Beaumaris Run, Beaumont Run, Eparaima Run, and Fernglen Run; towards the south by Te Maipi Native Reserve; towards the west by Piripi Native Reserve, Harawera Native Reserve, and Messrs. Chalmers and Dudding's runs. The country consists of broken and undulating hills of altitudes varying from 600ft. to 1,900ft. above sea-level, intersected by deep gullies, with occasional flats along the banks of streams, by which it is fairly well watered. The soil is very variable. In most of the gullies it is fair to good, but generally on the ridges poor and inclined to be clayey. The formation is generally sandstone. There is forest comprising tawhero and tawai on ridges, with mixed bush in the gullies, including rimu, miro, matai, maire, hinau, rewarawa, and a few totaras. The undergrowth, generally thick in the gullies, consists of kohe, mahoe, mako, supplejacks, &c. On the western side of the block the Brancepeth Road is formed to within two and a quarter miles of the block, and on the south-eastern side the Masterton-Uriti Road is formed to within two and a quarter miles.

Conditions of sale are—

1. The term of lease is twenty-one years, with option of renewal for a further period of twenty-one years, at a rental fixed by valuation, improvements being secured to lessee as provided by "The Land Act, 1885," section 209.

2. The upset rental is 2½ per centum on the price fixed for the land.

3. No person can lease more than one run.

4. Residence on the run is compulsory for six years, commencing within twelve months from commencement of lease, unless the lessee obtain the consent of the Land Board to reside on land in his occupation within ten miles of the run.

5. Permanent improvements must be effected equal to one year's rental by the end of the first year, two years' rental by the end of the second year, and four years' rental at the end of the sixth year.

6. One half-year's rent to be paid on the fall of the hammer.

The lessee has no right to purchase any part of the land, but he can select 150 acres around the homestead, through which no road can be taken or other public privilege exercised without compensation.

One-fourth of the rent paid during the first fifteen years is returned to the local body, to be spent in improving the access to the land.

* The departures for Australia are given subject to revision, as the Customs emigration returns do not include all passengers who go on board without booking. The numbers may eventually be increased somewhat after receipt of returns from the shipping companies.

† It is important to mention that, in the returns from which this table is made up, immigrants to the colony are all counted at the first port of arrival, and emigrants at the final port of departure.
