GLASGOW, Governor.

WHEREAS by "The Native Land Court Act, 1886," as amended by "The Native Land Court Act 1886 Amendment Act, 1888," and "The Native Land Court Acts Amendment Act, 1889," it is enacted that it shall be lawful for the Chief Judge of the Native Land Court, subject to the approval of the Governor in Council, from time to time to make rules for regulating the sittings, practice, forms, and procedure of the Court, and for the government of all persons acting under the said first-mentioned Act, and for fixing the fees to be paid under the said first-mentioned Act, the time and mode of payment, and for enforcing the payment thereof, and such rules from time to time by other rules to alter or revoke:

And whereas by "The Native Land (Validation of Titles) Act, 1892," it is enacted that the said last-mentioned Act shall be read together with "The Native Land Court Act, 1886," and the several Acts amending the same; and it is

Now, therefore, I, Hugh Garden Seth-Smith, the Chief Judge of the said Court, do hereby, in exercise of the power and authority vested in me by the said Acts, make the rules following, which shall be read together with the rules of the Native Land Court dated the fourteenth day of March, one thousand eight hundred and ninety, and the sixth day of November, one thousand eight hundred and ninety:—

110. It shall be the duty of the Registrar of the Court in the District of Wellington forthwith to cause such application to be printed in the *New Zealand Gazette* in the English language, and in the *Kahiti* in the Maori language; and, if the land mentioned in the said application is situate in the district of the Registrar of the Native Land Court of Auckland or Gisborne, the said Registrar of the District of Wellington shall forward one of the duplicate applications, together with copies for distribution of the *Gazette* or *Kahiti*, or of an extract therefrom, containing the application so printed as aforesaid, to the Registrar of the district in which such land is situate. 112. Subject to any special directions that may be given in any case, every notice of a sitting of the Court to hold an inquiry under the said Act (1892) shall be inserted in the *Gazette* in the English language, and in the *Kahiti* in the Maori language, not less than six clear weeks before the day appointed for the sitting of the Court as aforesaid, and copies of such *Gazette* or *Kahiti*, or extract therefrom, containing such notice, shall be forwarded to the same persons in the same manner as prescribed by Rule 111 for the forwarding of copies of applications.

115. All notices or documents required by Rules 111 and 112 to be forwarded by post shall be forwarded by registered letter, and addressed to the person for whom the same is intended at his last known place of abode, unless a Judge of the Court shall, for good cause shown, direct that a notice be given in some other way.

116. A record shall be kept of the names of the persons to whom registered letters are forwarded in accordance with the provisions of these rules, together with the dates on which such letters are posted.

These sections are subdivisions of the original Run No. 101 and adjacent Crown lands, situated at Alford Forest, about six miles from Springburn Railway-station, and about ten miles from Methven, and consist of mountainous and high hilly country. The spurs are in places narrow, rocky, and broken, and the gullies deep, with steep faces; in others the ridges and spurs are broad, with easy well-grassed faces. Runs Nos. 36413 and 36414 comprise open grass land, and about 300 acres each of mixed bush of birch, broadleaf, and scrub; the soil is principally of a clayey nature, but there are patches of black soil of a superior quality, carrying grass freely. The two smaller Runs Nos. 36415 and 36416 consist mainly of steep faces covered with birch and scrub. The area in these runs is well watered, and the general elevation varies from 1,500ft. to 3,800ft. on Mount Alford. The upper parts are subject to heavy falls of snow in winter-seasons. By position and character these runs are well adapted for pastoral purposes.

The run is accessible from Mount Somers by a good road to a point across the river, and is well adapted, by quality, situation, and climate, for pastoral purposes.
