E. J. VON DADELSZEN,
Registrar-General.

* It is not unlikely that in some instances the places given under the heading "Residence" are not the present places of abode of the respective persons. They have been copied, however, as they stand in the General Register; and if they are inaccurate in any case it is because the changes of residence have not been officially notified to the Registrar-General, as it is obviously desirable that all such changes should be.—E. * The departures for Australia are given subject to revision, as the Customs emigration returns do not include all passengers who go on board without booking. The numbers may eventually be somewhat increased after receipt of returns from the shipping companies.

† It is important to mention that, in the returns from which this table is made up, immigrants to the colony are all counted at the first port of arrival, and emigrants at the final port of departure.
