SCHEDULE.

REGULATIONS.

1. IN these regulations, when not inconsistent with the context,—

"The said Act" means "The Coal-mines Act, 1891":

"Mining association" means any mining association which is registered under "The Friendly Societies Act, 1882."

2. No withdrawal of money from the account mentioned in the said Act as "the Sick and Accident Fund," at any Post-Office Savings-bank, shall be permitted until the mining association of the district shall have nominated at least two persons as trustees of the said fund, and shall have given to the Chief Postmaster of the district and to the Minister of Mines written notice of such nomination, and of the acceptance of such trusteeship by the persons so nominated.

3. When any change takes place in the office of trustee, either by death, resignation, removal, or otherwise, similar notices shall at once be given by the association.

4. Whenever any sum of money is withdrawn by the trustees from the Sick and Accident Fund (hereinafter referred to as "the said account"), the trustees shall give to the Inspector of Mines residing nearest to the Post-Office Savings-bank where the said account is kept full particulars of the sum or sums so withdrawn.

5. All moneys withdrawn from the said account shall be paid and applied to one or other of the objects hereinafter set forth, namely:—

(a.) When any workman has been off work through an accident for one week or more, he shall receive the sum of 12s. 6d. per week, or at the rate of 2s. 1d. for every working-day from the date of the accident; such payments to be made on the certificate of a medical officer, and shall continue so long as such medical officer and the trustees shall certify that such workman is unable to work, or, in case any workman is permanently disabled, he may be granted a fixed sum, not exceeding £50, in satisfaction of all claims: Provided that no workman shall be entitled to any payment unless he shall have been so disabled by accident as to prevent him working for a period of not less than one week or more.

(b.) If any workman meets with an accident which proves fatal, the nearest relative of such workman may be granted a sum not exceeding £10 towards defraying the funeral expenses of the deceased workman; and an additional sum, not exceeding £15, may be granted to the widow or other near relative of such deceased workman in full satisfaction of all claims.

(c.) Any workman who meets with an accident which disables him from work shall send, or cause to be sent, within seven days of such accident occurring, a notice in writing to the Inspector of Mines; and all applications for relief must be made within fourteen days from the date of the accident, or the claim cannot be entertained.

(d.) No workman shall be entitled to relief from the Sick and Accident Fund for any accident caused by drinking intoxicating liquors, fighting, or any kind of athletic sports or game of amusement, or for any accident caused by the misconduct of such workman.

6. The sums mentioned in the preceding clause shall only be paid on condition that an equal amount is contributed by the miners' association from their private fund. In case, however, a fixed amount is granted under clause 5 of these regulations to any workman who is permanently disabled, in full satisfaction of all claims, a sum not exceeding £50 may be paid out of the Sick and Accident Fund without the mining association being liable to contribute a moiety.

7. For each quarterly period ending 31st March, 30th June, 30th September, and 31st December in each year, returns shall be furnished by the trustees to the Minister of Mines, showing the several amounts paid into the said account, and the particulars of all withdrawals and disbursements therefrom during such quarter.

8. The trustees shall keep proper books of account showing the various items of receipts and expenditure in relation to the said account, and such books shall at all reasonable times be open to the inspection of any Inspector of Mines, who may take such extracts therefrom as he may require.

9. No sum exceeding £20 in amount shall be withdrawn from the said account without the written authority of an Inspector of Mines.

10. If in any case the trustees or either of them shall wilfully commit a breach of any of these regulations, or shall mispend or misappropriate any of the moneys standing to the credit of, or withdrawn from, the said account, then it shall be lawful for the Minister of Mines, on proof of the fact, by notice to the Chief Postmaster of the district, to prohibit any further dealing with such account by the said trustees, or either of them, and to remove the offending trustee or trustees from office; and any moneys so misappropriated may be recovered in the name of the Minister of Mines as a debt due to Her Majesty the Queen.

In case of removal of the trustees or either of them from office as last aforesaid, the Minister shall, by writing, forthwith request the miners' association of the district to appoint other persons or person to fill the vacancy, and, if such association shall neglect so to do for the space of fourteen days after service of such written request, then the Minister of Mines may appoint a trustee or trustees to fill such vacancy; and such trustee or trustees, when so appointed, shall have and may exercise all the powers of the original trustee or trustees with respect to the said account.

11. In any district where there is no mining association the Minister of Mines and the Public Trustee shall apply the moneys deposited to the credit of the Coal-mines Relief Fund, on receipt of a certificate from a duly-qualified medical officer, and also on the certificate from an Inspector of Mines, for any of the objects hereinafter set forth, namely:—

- (c.) Any workman who meets with an accident which disables him from work shall send, or cause to be sent, within seven days of such accident occurring, a notice in writing to the Inspector of Mines; and all applications for relief must be made within fourteen days from the date of the accident, or the claim cannot be entertained.
- (d.) No workman shall be entitled to relief from the Coal-miners' Relief Fund for any accident caused by drinking intoxicating liquors, fighting, or any kind of athletic sports or game of amusement, or for any accident caused by the misconduct of such workman.

Mangaweka, formerly known as Three-log Whare, is situated on the Main North Island Inland Road and railway-line, the latter being opened as far as Mangaonoho, distant about twelve miles.

The township itself is situated at the junction of the road now under construction to Pemberton and the special settlements to the eastward, and will eventually be the main outlet to a very large area on the eastern side of the Rangitikei River.

The land is level (with the exception of that near the railway-line), of good quality, and the whole has originally been heavily timbered. Clearings, buildings, and other improvements have, however, been made in both the town and suburbs, and the sections affected are weighted with the values of these. That portion of the township which yet remains to be felled is now being done at the expense of the Government.

The sections being offered form a part only of the township, which it is intended to offer later on. It is situated on the main inland road from Hunterville, near the Hautapu River crossing, in the Awarua Block, and will probably form an important centre when the large areas of Crown and Native lands in the Awarua Block become settled upon. The proposed North Island Railway has been surveyed through the township.

TERMS OF SALE.

One-fifth of the purchase-money, together with the amount with which the section is weighted for improvements (if any), to be paid at the close of the auction, and the balance, together with £1 Crown-grant fee, within thirty days, or the deposit will be forfeited. There are no restrictions or limitations imposed upon purchasers of these sections.
