M. LE MINISTRE,— Sofia, 29th December, 1894.

I have the honour to acknowledge receipt of the note which your Excellency was good enough to address to me on November 26th December 8th, proposing a commercial convention for a period of two years, with Customs duties of 10½ per cent. *ad valorem* on British imports into Bulgaria.

I am instructed to inform your Excellency that Her Majesty's Government are prepared to accept the above-mentioned proposal on the following conditions:—

This section is situated adjacent to and north-east of Burke's Pass, being a subdivision of part of the original Three Springs Station, and comprises generally mountainous and hilly open tussock country of good quality, rocky and shingly on the main tops and spurs, with patches of undulating land and small flats. The section is fairly well watered by springs and streams. The elevation of the country ranges from 1,700ft. to about 3,500ft. above sea-level, and it is subject to heavy falls of snow, which lie on the higher lands during the winter. The access is by the main road connecting Burke's Pass with Fairlie, the distances from these places to the nearest points on the section being respectively about two and ten miles. The section, except for the drawback of being subject to falls of snow, is by quality of soil and situation well adapted for pastoral pursuits. The section is weighted with £75 9s., being the value of fencing, which sum must be paid at the time of application, or immediately the result of the ballot is declared.

CONDITIONS OF LEASE.

1. The term of lease is twenty-one years, with the option of renewal for a further period of twenty-one years at a rent to be fixed by valuation, and improvements being secured to lessee as provided by "The Land Act, 1892," section 182. Each lessee is required to make the declaration as per form printed below.

2. No person can lease more than one run.
3. Residence on the run is compulsory, and commences within three years in bush or swamp land, and within one year in open or partly open land, unless the lessee obtain the consent of the Land Board to reside on other land in his occupation.

4. Permanent improvements must be effected equal to one year's rental by the end of the first year, two years' rental by the end of the second year, and four years' rental at the end of the sixth year; and on bush land, in addition thereto, improvements must be made to the value of 10s. an acre of first-class land, or of 5s. an acre if second-class land.

5. One half-year's rent and £1 1s. for the lease must be paid immediately the application is declared successful; the rent to be paid half-yearly in advance during the term of the lease. The next payment of rent will become due on the 1st March, 1896.

6. The lessee has no right to purchase any part of the land; but he can select 150 acres around the homestead through which no road can be taken or other public privilege exercised without compensation.

NOTE.—One-fourth of the rent paid during the first fifteen years is returned to the local body, to be spent in improving the access to the land.

Dated at Auckland, this 25th day of March, 1895.
