BY-LAW No. 8.

A by-law of the Bruce County Council, made in pursuance of the powers and provisions contained in "The Counties Act, 1886," and of all other the powers contained in any other Act or ordinance enabling the said Council in that behalf, being a by-law to regulate the weight of any traction-engine and of any vehicle of any kind which, with its load, shall be permitted to cross any bridge or culvert in the Bruce County, and for regulating the conditions on which traction-engines and vehicles shall be allowed to pass along the roads within the county:—

1. The term "engine" or "traction-engine" where used in the following by-law means a locomotive propelled by steam. The word "road" means a road within the Bruce County as defined in "The Public Works Act, 1894," and includes county roads and district roads, and any road actually in use by the public; and the word "bridge" includes culvert or similar construction, and means any public bridge connected with any road as hereinbefore defined. "County" means the Bruce County.

2. The driver or other person in charge of any traction-engine or vehicle within the county shall be responsible for the management thereof, and be liable for every breach of this by-law.

3. The speed of engines shall not exceed four miles an hour along any road and one mile an hour while crossing any bridge or culvert on any road.

4. No engine shall be permitted to stop on any bridge or culvert for any purpose whatever.

5. Before any engine is taken across any bridge or culvert the driver of such engine or some other person accompanying such engine shall first cross such bridge or culvert on foot and remove from the surface of such bridge or culvert all pieces of road-metal, stones, or other substance which would or might injure the planks or surface of such bridge if passed over by the wheels of such engine.

6. No engine shall be taken across any bridge which shall have studs or rings of iron or other metal affixed to or raised upon the level of the tires of the wheels of such engine, that shall have or be likely to have the effect of sinking into, breaking, or splitting the surface of such bridge or any of the planks thereof.

7. Before any engine shall be taken across any bridge the length of which shall be less than 33ft. the driver or other person in charge of such engine shall first lay down on such bridge planks or ways of sufficient length and width and not less than 3in. in thickness, for the purpose of distributing as equally as possible the weight of such engine over the whole surface of such bridge, and no engine shall be taken upon or across such bridge save on such planks or ways.

8. When any damage or injury is done by an engine to any road, fence, bridge, culvert, drain, or side ditch, or to any other thing appertaining thereto, the driver of such engine shall at once give notice in writing to the County Road Inspector or to the Clerk of the County Council of the nature of such damage or injury, and of the place or locality where, and the time when, the same happened; and if such damage or injury has rendered the road or its appurtenances dangerous for ordinary traffic or to public safety the owner or driver of such engine shall, in addition to giving such notice as aforesaid, at once place and maintain at or near the place where such damage or injury has happened such signals as shall be sufficient to give warning to all persons using such road by day or night of the existence of such damage or injury.

9. No engine which, together with the maximum weight of coals and water (whether such maximum weight of coals and water is then on such engine or not), weighs more than the amount mentioned and limited in the notice next hereinafter referred to, and no vehicle, whether drawn by such engine or not, which, together with its load, weighs more than the amount mentioned and limited in such notice, shall go upon or across any bridge at or near the approaches to which the notice in the following clause referred to shall be posted.

10. The Council may fix, specify, and notify the maximum weight of any engine or vehicle which may be suffered to go across or upon any bridge by a notice in the terms set forth at the foot hereof or in some similar terms, and when such notice has been placed in a conspicuous position upon any bridge or at or near the approaches thereto the same shall have the like effect as if any excess of the amount thereby limited had been expressly prohibited by the last foregoing clause. Such notice may, in cases where the Council deems it necessary, notify that no engine shall be suffered to go upon or over such bridge.

NOTICE.—No engine which, together with the maximum weight of coals and water which such engine is constructed to carry for its propulsion (whether such maximum weight of coals and water be then on such engine or not), weighs more than 6 tons, and no vehicle which, together with the load thereon, weighs more than 8 tons, is permitted to cross this bridge (or culvert).—By order of the Council of the Bruce County.—ALEX. NELSON, County Clerk.

11. No traction-engine shall pass along any road unless the name and address of the owner of such engine shall be painted in plain and legible letters upon some conspicuous part of the off-side thereof, and the exact and true weight of every engine, including in such weight the true maximum weight of coals and water which such engine is constructed to carry for its propulsion, be painted in plain legible figures or letters upon some conspicuous part of such engine.

12. Nothing herein contained shall be held to relieve owners, employers, or drivers of engines or vehicles from any liability to the county in respect of injury done to or damage sustained by any road, bridge, or culvert, which arises from a breach by them of this by-law, or from the excessive weight of any traction-engine or vehicle belonging to or used or driven by such owner, employer, or driver respectively.

13. Any person who shall commit a breach of or fail to comply with any of the provisions or requirements of this by-law shall for every such offence be liable to a penalty of not exceeding five pounds.

I hereby certify that the foregoing is a true copy of By-law No. 8 of the Bruce County Council.
