The date of acceptance of each application is given after the number.

#### Notice of Request to amend Specification.

Patent Office,  
Wellington, 24th July, 1895.

A REQUEST for leave to amend the specification (including drawings) relating to the under-mentioned application for Letters Patent has been received, and is open to public inspection at this office. Any person may, at any time within one month from the date of this Gazette, give me notice in writing of opposition to the amendments. Such notice must set forth the particular grounds of objection, and be in duplicate. A fee of 10s. is payable thereon.

No. 5291.—10th November, 1891.—ALEXANDER HARVEY, of Albert Street, Auckland, New Zealand, Zinc, Tin, and Copper Worker (nominee of William Murchland, of 13, Bank Street, Kilmarnock, Ayr, Great Britain, Plumber). An invention for improvements in apparatus for milking cows.

The nature of the proposed amendments is as follows, viz.:

1. To strike out the words "a special feature of my arrangements is that the milk is not drawn through a pump. According to another," lines 2 and 3, page 2, and to insert in place thereof the words "according to an."

2. To strike out the words "which liquid may in some cases be the cow's milk itself," line 6, page 2.

3. To strike out the words "being in some cases required only when starting the milking operation," lines 8 and 9, page 2.

4. To strike out the words "two sheets," line 20, page 2, and to insert instead the words "one sheet."

5. To strike out the words, &c., "on sheet 1," line 3, page 3.

6. To strike out all the words from and including the word, &c., "Figure 7," to and including the words "teat cup," lines 10-15, page 3.

7. To strike out all the words from and including the words "or the teat cups," lines 19 and 20, page 5, to and including the word "vessel," line 19, page 7.

8. To strike out the claims numbered "2," "5," and "6," lines 9-12, page 10, and 3-8, page 11.

9. To alter the number of claim "3" to "2," and of claim "4" to "3," lines 13 and 19, page 10.

10. To cancel sheet 2 of the drawings, containing figures 7 and 8.

The applicant states, "My reasons for making these amendments are as follows: I am advised that the specification as originally filed claims more than I am entitled to, and I therefore desire to eliminate the portions which appear to be wanting in novelty."
